Conductor—You'll have to pay for that child, mum. Fare—Indeed, I won't, young man! I never 'ave yet, and I ain't a-goin' to begin now.—Punch.

It was only after a diligent investigation that it was discovered that the clapper was removed and hid in a far corner of the attic. It is thought that a couple of the boys of the school sneaked in through the window and then up in the belfry where they had access to the bell.

JURY FAILS TO AGREE IN CIRCUIT COURT

The jury in the circuit court disagreed Monday night in the case of the state against G. W. Taylor, of Canby, charged with a statutory offense. The crime is said to have been committed upon the person of the adopted daughter and the girl was placed upon the stand during the trial to testify to the charges that were made by the prosecution. The case occupied the attention of the circuit court through the day. After it had gone to the jury several hours of deliberation failed to produce a verdict and the disagreement was reported at a late hour. The jury was: E. J. Danlson, S. P. Davis, E. F. Vetto, A. McConnell, M. M. Crissell, John Stone, N. A. Rodlin, H. M. Robbins, Fred Matthis, Gust Engbrecht, Fred Linns, and Gilbert Jonsrud. Before the trial, Judge Campbell set the case of the state against Grady, state against Steel, state against Johnson, and Kirk against Kirk for December. The grand jury is as follows while the rest of the jury list will be on the trial jury: F. E. Davison, foreman, E. S. Womer, W. F. Young, Gram Barker, H. S. Salisbury, W. F. Harris and Frank Talbert. The case of state against M. J. Brown, editor of the Courier, on a charge of libel is set for November 11, while that of J. W. Smit and others on the charge of selling liquor on Sunday is set for November 10.

STOP CATARRH!

Unless Properly Treated With Hyomei This Disease May Become Serious If you have catarrh, indicated by sniffing, stopped up head, droppings in the throat and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs. Do not allow these dangerous germs to begin the destruction of your health. The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomei. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized. Money refunded by Huntley Bros. Co. to anyone whom Hyomei fails to benefit. A complete outfit costs but \$1.00.

THEY COOK ANOTHER PLAN FOR OUR CAR

Another plan is being formed in Portland for the re-routing of the Oregon City cars. By this scheme, a loop would be made down Union avenue, over the Burnside bridge and thence to Hawthorne avenue. It has secured the endorsement of nine-tenths of the property owners on Union avenue and several of the improvement clubs. It is argued that with such a track would prove useful in case that the Hawthorne bridge should be thrown out of order. It is thought by the property owners that such a change would greatly increase the value of the land.

FIRE DRILLS PLANNED FOR HIGH SCHOOL

Fire drills are to become regular and systematic in the Oregon City High school, if the plans of Principal Pfingston are carried out. At a meeting of all the teachers and scholars of the school Monday, Professor Pfingston announced his plan and a trial drill was held at which very good time was made. The drills will be held regularly in the future as the faculty believes that they are necessary to the protection of the students, although the building is well provided with exits and the halls are wide.

POTATO TRADE IS ALMOST DEADLOCKED

The potato trade is almost deadlocked. Efforts of California interests to purchase supplies at a price they can afford to take hold here, have generally proven unsuccessful. Growers are firmer than ever in their views and it is like pulling teeth to get any of them to offer their stocks at any price just now. There is quite a fair demand for fancy potatoes from California but ordinary stock is not wanted there because the south has plenty of its own growth that would answer this description. The fact that California has scarcely been able to move a carload of potatoes to Arizona and Texas during the last three months owing to the unloading by Idaho at extremely low figures, has left greater stocks in the southern market than usual considering the size of the yield. FINDS COAT LINCOLN HAD WHEN HE WAS SHOT WASHINGTON, Nov. 3.—The overcoat that Abraham Lincoln wore the night he was fatally shot in Ford's Theater here, 50 years ago, has come to light and is said to be in the possession of John M. Kirby, this city. He has also obtained possession of a suit of clothes that was worn by the martyred president. The clothing is in a good state of preservation. One shoulder of the overcoat, however had been torn evidently by a souvenir hunter some years ago. The clothing shows the huge size of Lincoln as an ordinary sized man would be lost in the garments. Enterprise classified ads pay.

He Has Two Signatures. There is one New York business man who is reasonably proof against the forger, as he has two signatures, and the forger must first get hold of one of his bank checks to get any action. Seeing the signature on a letter or hotel register would do the forger no good. The bank would not recognize it. "I don't particularly fear the forger," the business man admitted, "but my two signatures make me feel safer than the same. I am surprised that everybody doesn't hit on the same plan. It's very easy after you get the knack of signing your name two separate and distinct ways."—New York Globe.

TRY IT! SAYS SAGE TEA DARKENS AND BEAUTIFIES FADED, GRAY HAIR Mixed With Sulphur Makes Hair Soft and Luxuriant and Removes Dandruff The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is coming in vogue again, says a well-known downtown druggist. It was our grandmother's treatment, and hundreds of women, and men, too, are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage. Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is the most popular because nobody can discover it has been applied. Simply dampen a soft brush or sponge with "Wyeth's Sage and Sulphur" and draw this through your hair, taking one small strand at a time. Do this tonight, and by morning the gray hair disappears, and after another application it is restored to its natural color. What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it produces that soft luster and appearance of abundance which is so attractive; besides prevents dandruff, itching scalp and falling hair. Here, you gray-haired folks, get busy; look years younger. For Sale By Huntley Bros. Co.
