The brilliant musical comedy success, "The Girl from Mumms," will be the attraction at the Heilig Theatre, 11th and Morrison street, for three nights beginning Sunday, November 3.

SPORT DOPE

LOCAL MEN IN GAME

OREGON CITY BOYS ARE IN THE O. U.-O. A. C. GAME

(By Thomas Burke)

That game of all football games "Oregon vs. O. A. C.," scheduled to be played at Albany next Saturday will attract a large crowd of Oregon City people, if indications count for anything. Not alone because the event is the annual struggle between the two institutions for the championship of Oregon, but also because there are at least two Oregon City boys who will participate in the game. These are Wallace Caulfield, the sturdy center on the Oregon team, and son of Mr. and Mrs. C. H. Caulfield of this place, and Alie Grout, who formerly lived in Oregon City, but is now a resident of Tillamook; alumni and friends of both colleges are extremely interested in the battle this year, and probably fifty people will go from this place.

Caulfield, who is playing his fourth season in the pivot position on the university team, bids fair to take all-northwest honors this year. He is recognized among the conference colleges as one of the headiest players and one of the most reliable passers among the northwest centers. Grout is playing his second year as a regular on the U. team, and holds down one of the tackle niches.

Football rivalry between the two old time opponents is at a white heat this year. The O. A. C. eleven, stung by a humiliating defeat at the hand of

the University of Washington, is out after the Oregon scalp in earnest, and stands a fair show of beating the Eugene men. Up until Saturday the "dope" was all in Oregon's favor, but the surprising defeat administered by Willamette University, a non-conference college, which won from the collegians by a 63 score, has lowered the Oregon's hopes of turning out a championship team and boosted O. A. C. stock as to the result of Saturday's game.

There will probably be about 12,000 people in Albany for the event, which is played on neutral grounds each year, that each team may have an equal advantage.

BUD COMES HOME
On account of objections interposed by Frankie Burns, Bud Anderson will not meet him in the near future. After granting weight concessions asked by the Oakland fighter, the latter backed out and Anderson boarded a steamer for Portland. He arrived in Portland this afternoon.

Manager Dick Donald remained in San Francisco to look up another match for the Vancouver lightweight and Bud will be ready to go south again whenever he secures a bout.

FIRST WORLD'S GAME IN 1865.

The interleague struggle for supreme baseball honors, the world's series as it is known today, began in 1884, but the first series for the country's baseball championship dates back to 1865, and James Conaty, now a cobbler in Kansas City, was the hero of the occasion, pitching and winning seven straight games in one week. Conaty, now old and bent with his weight of 77 years, told in

LOCAL TEAMS TO MEET

O. C. H. S. AND ALL-STARS ARE TO PLAY ON CANEMAH FIELD

Oregon City high school and the Oregon City All-Stars will meet on the Canemah field this afternoon in one of the warmest football games of the season.

The All-Stars team has been organized largely for this game but contains several good players so the high school team will have to work if they take the contest.

The line-up is as follows:
O. C. H. S. Position O. C. A. S.
Eleston.....C..... Halleston
Miller.....R. G. L..... Bentley
Luttmeler.....R. T. L..... Miliken
Mast.....R. E. L..... Cross
Green.....L. G. R..... Quinn
J. Beattie.....L. T. R..... Stromeyer
Armstrong.....L. E. R..... Miller
C. Beattie.....Q..... Bob Beattie
Kellogg.....R. H. H..... Finucane
Myers.....L. H. H..... Moody
Dunsey.....R. B. B..... Verhuis

his little shop the other day the story of his great record which, however, failed to win the pennant for Detroit. Hamilton, Ont., took the pennant and the world's championship.

S. A. C. CONSIDERS INDIANS

SEATTLE, Wn., Nov. 3.—The directors of the Seattle Athletic club, which has organized a football team, will at their weekly meeting tonight, decide whether it will be advisable for the Seattle club to have the Carlisle Indians play in Seattle on the proposed western trip of the Indians.

DOBIE WILL STAY WITH WASHINGTON

SEATTLE, Wn., No. 3.—President George E. Vincent, of the University of Minnesota, who was in Seattle last night, said there was no chance of Gilmore Dobie, football coach at the University of Washington, being called to Minnesota to take the place of Dr. H. Williams.

SPORTING BRIEVITIES

Harvard is suffering from a slight attack of "quarterbackitis," with bad complications of fumbling setting in. Cornell's play this season has been marked by inconsistency, but the Ithaca clan promises to be a factor to reckon with.

Physical directors of the Young Men's Christian association from all parts of the Pacific northwest opened a conference at 9 o'clock this morning that will continue throughout the week in Portland.

The Chattanooga club, of the Southern league, has placed a draft in for Outfielder Wilhoit, but it is doubtful if it will be allowed. Venice purchased the player previous to the drafting season.

McKenzie, Princeton's star miler, is forced to take things very easy this fall because of a sprained ankle. He is one of the best men at Princeton in the cross-country runs, too.

Detroit holds the booby prize in attendance figures for a world's series names. Johnny Coulon, bantamweight champion of the world, states that he expects to be ready to box by the middle of next month. Johnny will probably meet either Kid Williams or Frankie Burns at Milwaukee when he makes his first fight.

LIGHT TEAM WINS

Despite the fact that it was outweighed ten pounds to the men, the West Linn school football team defeated the Willamette eleven to the tune of 20 to 8 on the grounds of the latter Sunday afternoon. Warack, Winkle and Montgomery starred for the winners.

FORUM OF THE PEOPLE

WILL OREGON CITY GO DRY?

MOUNT PLEASANT, Ore., Nov. 3.—(Editor of The Enterprise)—Please allow me as an old taxpayer of Oregon City of little over 30 years a small space for few lines, as I am anxious to say few words to the mothers and wives of our good little town before they will cast their votes on the fourth. I hope you all consider it well before you will cast your votes. Remember when you will try to vote the town dry, you will also at the same time cast your vote to drive your boys and husbands to Portland to get what they call good time. We cannot keep them home if we try to use the club. I am proud to say that I have no use for the saloons; but I don't see any use for us to vote the town "dry" when Portland is right at

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your Bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

our doors where our dear ones can go and will go. It would be just the same to try to stop the rivers to go to the seas, as to try to stop any of our boys from getting all they want as long as they will continue to make it. I am with you any time to cost my vote to endorse a national prohibition that would be the starting point. And I cannot see why some of our leading business men is doing their best to get the town dry if they will get their wish they will also loose lots of trade. Our taxes are bound to go to the limit and then we will be far from getting the \$10,000.

I hope we all think of all this and it will be far better to keep our boys at home, when they go to Portland we don't know what will come of them. In 1888 I did my best to get a little town dry and we got our wish, but I am sorry to say that a good many wives and children could see the beer and whiskey every day at their homes and got to like it as well as the father. Kindness and a happy home is the best remedy to keep folks at home. With the good council and officers they got our little town one of the best on the coast. \$10,000 is a great help until we stop them from making it.

T. C. THOMAS.

THE MATTER OF ARRESTS IN DRY CITIES

OREGON CITY, Ore., Nov. 3.—(Editor of The Enterprise)—The following statistics of arrests in each instance mean for intoxication:

In Washington—Bellingham, wet in 1910, 918 arrests; dry in 1912, 169 arrests. Everett, wet in 1909, 782 arrests; dry in 1911, 306 arrests.

In Georgia—Atlanta, last wet year, 6,508 arrests; doped to 2,636 when the city went dry.

Illinois—Galesburg, wet in 1907, 1,113 arrests; when the city went dry arrests fell to 247.

Eight dry cities in Nebraska including Beatrice, York, Wayne, etc., had an average last year of 21 arrests each. At the same time in the eight wet cities nearest them in population, such as Nebraska City, Kearney, etc., the number was an average of 528 each.

Men point to the number of arrests for drunkenness in Eugene and Albany. But they do not tell how many less this was per population than before those towns went dry, nor do they say much about the number of arrests for intoxication in Oregon City nor about the drunks who retain enough sense to escape arrest.

In Indiana the wets got the local option law replaced by a home rule bill just as they have here. In consequence they threw several dry towns into the wet column again. What was the result? Wabash, dry, in May, 1910 had 13 arrests; in May, 1911, (wet) it had 44; Elkhart, dry, had 84 and, wet, 161 in the year; Muncie, dry,

AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Dull Headache.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet,

fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

For Sale by HUNTLEY BROS. CO. (Adv.)

had 53, wet, had 85 in a month. Yet they say, "See the number of drunks in a dry town!"

In West Virginia, dry counties there are an average of 3.3 criminals per 1000 population. In wet counties the average is 10 per 1000.

In Virginia 66 dry counties and 8 dry cities average 1 criminal in 491 population.

32 partly wet and partly dry counties average 1 in 264.

2 wet counties and 11 wet cities average 1 criminal in 21 inhabitants.

Boulder, Colorado, had 22 arrests in its last wet year. Under the dry regime they had decreased to 6 in 1909 and none in 1911.

Under the date of August 25, 1911, the Daily News of Grand Junction, Colorado, contains the following editorial:

"The Daily News has had a number of inquiries lately as to the number of arrests in the last two and a half years under the 'dry' regime as compared to the number of arrests during the last 'wet' year. The figures are as follows:

"In 1908 under a 'wet' regime the year's arrests totaled 428.

"In 1909 with seven months 'dry' and the balance 'wet' the number of arrests was 226.

"In 1910 an entirely dry year the number of arrests was 163.

"The mayor's report for the first six months of 1911 shows a total number of 61.

"In 1908 (wet) arrests for drunkenness and disturbing the peace ran about 80 percent of the total. In 1911 they ran about 45 per cent."

Does prohibition increase crime? M. YODER.

"THE GIRL FROM MUMMS"

Sheehan & Beck's Parisian music-cocktail, "The Girl From Mumms," book by J. A. Lacy, score by Fred A. Bohnhorst, will be served in three courses at the Heilig theatre, 11th and Morrison streets, for three nights beginning Sunday, November 2nd, by an excellent cast headed by Miss Olive Vail, America's leading comedienne, who has scored in more musical comedy successes than any comedienne of the day.

In "The Girl From Mumms" Miss Vail has found a comedienne role that will give her an excellent opportunity of displaying her ability and peculiar style of work. Other members of the company are J. L. Oliver, Jackson Barry, John E. Frank, Frank Bertrand, Miss Nellie Waiters, Miss Laura Crews, Miss Marjorie Dow and Miss Hazel Regan.

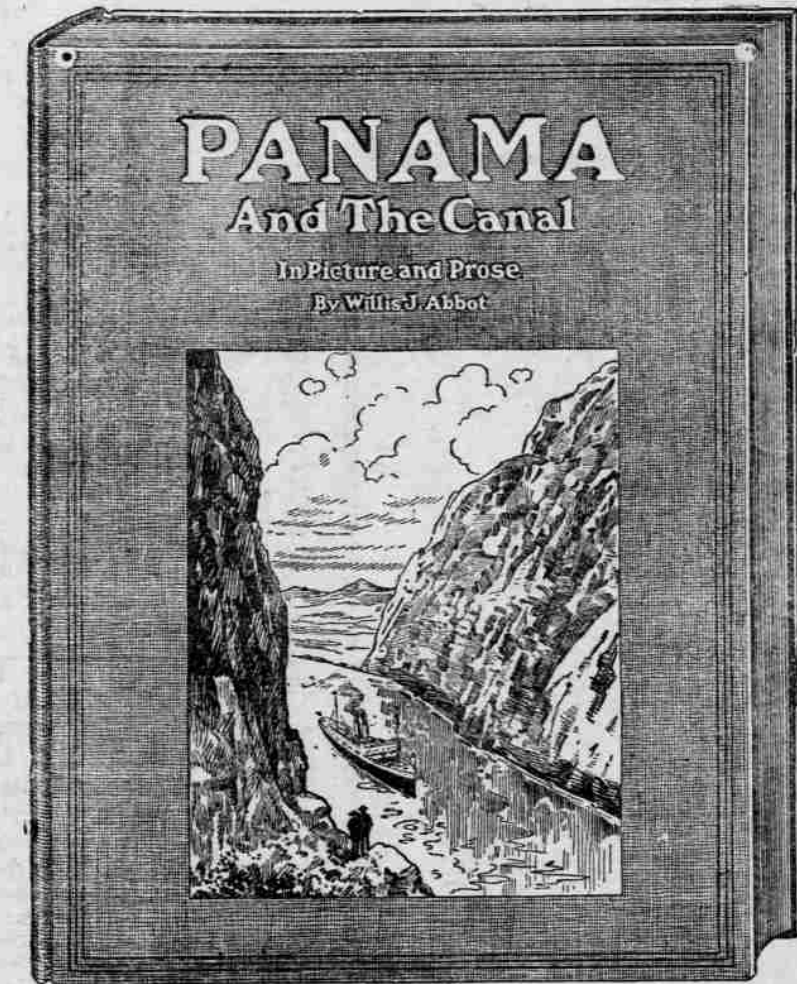

The production is beautifully mounted, while the costuming is the most gorgeous seen on tour in recent years, and many of the foremost designers of the country say that the creations produced by Madame McGregor-Hull for "The Girl From Mumms" are far in advance of those seen in the fashion center of New York.

Greatly Reduced Illustration of the \$4 Vol. (size 9x12 in.)

IN THIS VOLUME THERE ARE EXACTLY 644 MAGNIFICENT ILLUSTRATIONS

including many full page plates from original water color studies in all their natural colorings.

PANAMA AND THE CANAL IN PICTURE AND PROSE EDUCATES AS WELL AS ENTERTAINS

Willis J. Abbott, the author of this book, takes you in at the front door of Panama, tells you the time when Columbus searched for a natural waterway to the Pacific Ocean, brings you up through the centuries of revolution and warfare, and on through to the realization of the greatest achievement of this day and age. He tells you of the people and the country, of the past as well as the present, and even dips into the promises for the future. The great story is inspiring—filled to the full with local color and human interest—a story that will live as long as the great canal itself.
