**JOY IS UNCONFINED AT UNIVERSITY OF OREGON**

EUGENE, Ore., Nov. 5.—Professors and classes were ignored on the university campus today, as the result of a spontaneous student rally that formed shortly after 8 o'clock this morning to celebrate yesterday's victory over the referendum. Seven hundred students, both men and women, formed the largest student parade ever held in Eugene, and in a pouring rain marched and danced through the streets, led by a student band. No football enthusiasm has ever run so high. Never before, until today, have the college women here participated in a serpentine parade. Many of the co-eds marched bareheaded in the rain.

Unightly, matted, scraggy hair is a sign of neglect—of dandruff, the hair destroyer. Surely use Parisian Sage. It is a scientific preparation, based on a thorough knowledge of what is needed to cleanse the scalp and hair, keeping them perfectly healthy, stop scalp itch and falling hair, and make hair grow. Get a 50 cent bottle from Huntley Bros. Co. today—pour a little on a sponge of cloth and rub lightly over the hair, taking a small strand at a time—rub it into the scalp. Presto! the dandruff surely disappears! the hair is free from dust and excessive oil and is doubly beautiful. Try it now—it will not only save your hair and make it soft, fluffy and abundant, but give it that incomparable gloss and beauty you desire.

**DRUGS EXCITE YOUR KIDNEYS, USE SALTS**

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

This is to certify that I have been a great sufferer from Rheumatism since 1894. Contracted the disease while working with a snow plow on the railroad. For several years I have been obliged to use crutches a great part of the time. Having used three boxes of the Meritol Rheumatism powders, I have thrown away the crutches and am now almost fully recovered. It certainly has done wonders for me and I heartily recommend it.
