BIG CROWD AT ALBANY

SATURDAY GAME WILL SEE REC-ORD ATTENDANCE

(By Thomas Burke)

Comparatively speaking there will be a "world series" attendance at Albany Saturday when the state football championship game will be staged by the two rival colleges, O. A. C., and the University of Oregon. Dispatches from Albany say that almost an even dozen excursion trains will pull into the hub city between the hours of 10 a. m. and 2:30 p. m., when the bat-tle will begin. In all probability the crowd will be the largest ever assembled at any gridiron contest in the heavier team. Hughes and Haleston state. The Oregon City delegation will made touchdowns for the wint arrive about 12:30 on the S. P. train to mention two touch backs. which passes through here at 9:22.

Word emanates from the O. A. C. camp that several of the Corvallis stars are on the hospital list with minor bruises and may not be able to put their full strength into the fray The Oregon men are all in fair shape according to a card re-ceived yesterday in Oregon City from Wallace Caufield, the center of university team. Caufield, who is one of the northwest's star players, predicts the hardest game of the season for his team, and is non-committal as to the final score.

Intense interest is prevailing every where in the game. Though it may seem strange, the defeat of the University of Oregon at Salem last Saturday by Willamette university, has stimulated considerable more interest in the coming game. It is believed that for the reason the attendance will be greatly increased. As a rule such an unexpected defeat would not obtain such a result. However, the intense interest rests in the fact that people who thought that Oregon would run all over the "Aggies," after the latter were meted out the crushing defeat at the hand of the University of Washington, are now of the opinion that the university aggregation will have to go some to win from the Corvallis boys.

Nevertheless, it is realized that Ore-gon's defeat was due largely to overconfidence and the use of string men. It all serves to show that a great game will be in progress after the referee's whistle is blown at 3 o'clock.

EARL MAKES CHANGE

PORTLAND, Ore., Nov. 6.—Football Coach Virgil Earl, of the Washington High school, has made three changes in his team's lineup for the football game with the Lewis and Clark High school on Multnomah field, Saturday afternoon, Before meeting the Lewis and Clark team last season, Earl shifted several of his players and it seemed to make a faster and better scoring team than he had before. It is likely that the changes will have the same effect this season

The most important change made this season is the shifting of Captain Morrow to the quarterback position. Morrow, who has been playing end all season, was quarterback on the Stephens grammar school eleven. The quarterback position has been the weak spot but Coach Earl now believes that he has made a change, which will strengthen the offensive work of his

COLTS PLAN TRIP

If present plans are carried out, the Portland Northwestern team, no matter where located next year, will take one of the longest spring trips of any minor league club in the country.

The ideas is to spend one week or 10 days in California, then leave Sacramento for Salt Lake, playing several days there with the Union association club, battle with the Ogden club and then journey on to Missoula, Boise and then drop over to Western best trainers of thoroughbred horses Tri-state territory before the North- in this country, is announced in spewestern season begins.

PANAMA AND CANAL IN PICTURE EDUCATES WELL AS ENTERTAINS

Willis J. Abbott, the author of this book, takes you in at the front door of Panama, tells you the time when Columbus searched for a natural waterway to the Pacific Ocean, brings you up through the centuries of revolution and warfare, and on through to the realization of the greatest achievement of this day and age. He tells you of the people and the country, of the past as well as the present, and even dips into the promises for the future. The great story is inspiring—filled to the full with local color and human interest—a story that will live as long as the great canal itself.
