

SPORT DOPE

LOCAL TEAM PREPARES

O. C. H. S. WILL HAVE HARDEST GAME NOVEMBER 22

Monday was the first day of two weeks of concentrated practice for the Oregon City high school football team. There will be no game Saturday of this week but on November 22, the boys will meet the best Estacada team on the grounds of the latter eleven.

The local team is confident that, with plenty of hard work, it can hand it to the eastern Clackamas county boys, but, if they do, it will be only with much practice and persistent effort.

The dope seems to favor Estacada. Oregon City has met Gresham, and won to the tune of a decisive score, although both sides had touchdowns to their credit. Estacada also has fought it out with Gresham and came off with the largest score of the season, 93 to 0.

Every night for the next two weeks will see the local boys out on the field, trying new formations and working new trick plays; every night will see Coach Wagner out on the lot back of the school or in the dressing rooms teaching the boys the latest stunts in modern football, for it is only with such work that Oregon City can come out victor over Estacada.

WILLAMETTE OPPOSES NEW CIRCUIT

WILLAMETTE UNIVERSITY, Salem, Or., Nov. 10.—Little, if any, enthusiasm was aroused here by the report that John B. Bender, secretary of the Pacific Northwest Intercollegiate conference, has started a movement for the purpose of organizing a college conference among the smaller institutions of the northwest. While Willamette has not as yet been approached in the matter, it is certain that the plan of the Pullman athletic director will be considered here as not practical.

GAME WILL DECIDE NORTHWEST TITLE

HOQUIAM, Wash., Nov. 10.—The game between the Aberdeen High school and the Hoquiam High eleven, to be played at Electric park Thanksgiving, will decide not only the state championship, but also the northwestern title. The Aberdeen team claims the title by reason of its victory over Tacoma a week ago, and the 6 to 0 tie played yesterday between Tacoma and Everett.

TRECKMANN.

Fullback of the 1913 Princeton Football Team.

BARCLAY DEFEATS EASTHAM

In the mud on Canemah field, the Barclay football team defeated the Eastham eleven to the score of 18 to 0 Monday afternoon. The principle trouble with the defeated squad was lack of practice, according to those who saw the game. The Eastham is the heavier team but the Barclay ball tossers have had much more work in actual games. Buckles Mass and Haleston made the scores for the winners.

RACE NARROWS IN ROCKIES

DENVER, No. 9.—Saturday's football game of the Rocky Mountain intercollegiate conference narrowed the championship contest down to two undefeated teams, the University of Colorado and the Colorado School of Mines, each of which defeated yesterday the only remaining contenders. Colorado eliminated Utah by a large score, and the Miners fought a vicious

Automobile Runs.

The hardest thing for an inexperienced automobile driver to learn is why people can't keep out of the way. —Duluth News Tribune.

With modern improvements new tricks must be learned. We have seen men start a balky horse by building a fire under him, but that method isn't adaptable to automobiles. —Toledo Blade.

After the killing of 110 persons in Chicago this year by automobiles, the authorities of that city have taken measures resulting in a great decrease of casualties. It can be done. —Baltimore American.

The Cookbook.

When frying mush it improves the crispness if the mush is dipped in white of an egg before frying.

Put the grated rind of an orange and a tablespoonful or two of the juice into the sponge cake. It adds to the flavor.

Soup can be quickly cleared by pouring it when hot through a muslin cloth wrung out in ice water. Then heat again and serve.

If potatoes which are to be baked are first placed in a pan of boiling water for a few minutes they will cook more evenly, and the jackets will not become dry and hard.

Recent Inventions.

Bolts and nuts in which steel balls are introduced between the threads to make them turn easier are a French invention.

An ingenious implement has been

patented by a Rhode Island inventor to enable a man to tie a knot in cord around a parcel and cut the superfluous cord with one hand.

High speed telegraph apparatus invented by a Hungarian utilizes a keyboard like a typewriter for sending and reproduces the messages in letters like ordinary handwriting.

Electric Sparks.

The annual electric dry battery production of the United States has passed the \$10,000,000 mark.

Two of the largest drouses carry their own electric plants, illuminating everything, from their largest to their smallest tents.

Because the microphone of a telephone transmitter becomes more sensitive in rarefied air German electricians are trying to make a practical application of the phenomenon.

"Either we are immortal beings or we are not," says Sir Oliver Lodge. And who can dispute that?

Prince of Monaco while in New York took no chances in Wall street, and you can use the argument either way.

The Washington woman whose arm was dislocated by a sneeze must have been laughing in her sleeve at the time.

Surprising as it may seem, a lot of people in the temperate zone, with four seasons a year, have chronic spring fever.

The diplomatic service is not usually regarded as requiring untiring industry, but in the case of Japan it is different.

GETTING GRAY? USE SAGE TEA TO RESTORE NATURAL COLOR OF HAIR

Says Sage and Sulphur Darkens Hair Beautifully and Ends Dandruff.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair, says a well-known local pharmacist. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and even today this simple preparation has no equal. Millions of women and men, too, who value that even color, that beautiful dark shade of hair which is so attractive, use only Sage Tea and Sulphur.

Nowadays we are not bothered with the task of gathering the sage leaves and the musk mixing at home. Simply ask at any drug store for a 50-cent bottle of

the ready to use preparation, called "Wyeth's Sage and Sulphur Hair Remedy." Customers like this best because it darkens so naturally; so evenly, that nobody can possibly tell it has been applied. Besides, it contains ingredients which take off dandruff, stop scalp itching and falling hair. No, it isn't a dye or even like it. You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it brings back the glow and luster and gives it an appearance of abundance. (Adv.) For Sale by Huntley Bros. Co.

PAPER WEIGHTS HAVE BANQUET

DELIGHTFUL DINNER GIVEN BY NEW CLUB—MUSICAL PROGRAM AND DANCE

EASTERN STARS ARE COMING HERE

Portland Chapter to be Visitor of Local Lodge Tuesday Evening —Reception is Planned —Other Parties

(By Meta Finley Thayer)

The Willamette Paper Weights gave a highly successful dinner last evening in the Masonic banquet hall. The club is made up of the "office family" of the Willamette Pulp & Paper company, and this dinner is the first of a series of good times planned for the winter.

The place cards were particularly appropriate, and the clever verses hitting off the foibles of the different guests caused much amusement. The following impromptu program was given:

Solo, Miss Morleta Hickman Highland Fling, Hugh Kennedy Whistling solo, H. A. Swafford Imitations, Ch. Crusius Recitation, B. T. McBain Piano solo, Mrs. Vance P. Edwards An old-fashioned Virginia reel, games and cards furnished amusements for the guests until a late hour. The paper weights and their guests were:

Mr. and Mrs. B. T. McBain, Mr. and Mrs. E. Kenneth Stanton, Mr. and Mrs. W. S. Hodges, Mr. and Mrs. J. B. Lewthwaite, Mr. and Mrs. E. G. Roberts, Mr. and Mrs. Hugh Kennedy, Mr. and Mrs. Vance P. Edwards, Mr. and Mrs. S. B. Shadle, Miss Marian Lewthwaite, R. A. Ameli, Miss Pearl Harrington, Miss Hilda Forsberg, James Dammann, Miss Hester Dammann, H. A. Swafford, Miss Wynne Haney, Pearl Manning, Miss Ream, Percy Wilson, Miss Gertrude Goble, J. A. Ream, Miss Martha Leishman, Chr. Crusius, Wallace McBain, M. W. Hedden, Mrs. Thayer, F. G. Taylor, Hugh Burden, Miss Morleta Hickman, N. Michels, Leo Burdon, Mrs. Gertrude Capen, Mrs. Gertrude Lewthwaite, Arden Hickman.

The W. C. T. U. will entertain the teachers of the grammar and high schools on Thursday, November 12th, at the Presbyterian church. An invitation is extended to all parents and teachers. A program will be given, followed by refreshments.

An unusually pretty double wedding took place Saturday evening at the home of Mr. and Mrs. Ferdinand Hopp when their daughter, Miss Louise Hopp, became the bride of Mr. Henry Spall, and Miss Johanna Hopp was married to Ewald Quade. The home at Green Point was elaborately decorated, and a large number of relatives and intimate friends witnessed the ceremony, which was performed by Rev. W. R. Kraberger, of the Zion Lutheran church. The sisters were charming in white lingerie gowns and wore veils. Mrs. Spall and Mrs. Quade came to Oregon City two years ago from Germany, and are popular members of the choir of the Zion Lutheran church.

The eleventh birthday of Miss Violet Beaulieu was appropriately celebrated Saturday afternoon at the home of her parents, Mr. and Mrs. A. C. Beaulieu, Sixth and Center streets. The rooms were prettily decorated for the occasion, and games and music caused the afternoon to pass happily.

Those present were: Mr. and Mrs. A. C. Beaulieu, Roberta Barrett, Leathel Cross, Velma Randall, Agnes Padzel, Louise Nobel, Edna Rockwell, Ruby Long, Pauline Pace, Elva Erection, Marie Anderson, Helen Anderson, Wadnah Heckman, Clara Nobel, Myrtle Peterson, Sinna Lennon, Bessie Forbes, Margaret Simmons, Hilda Meyer, Elizabeth Howland, Barbara and Judith Hedges, Ruth Schubel, Margaret Lansborough, Marie Walker, Margaret Williams, Helene Leeley, Mildred Hall and Alice Davis, Mrs. Millington, Mrs. Randall, Mrs. Rucknick.

Alfred Sieford was pleasantly surprised at the home of his parents on the Abernathy Saturday evening by the ideal club, of which he is a member, the occasion being his first birthday. Music and games entertained the guests until a late hour, when refreshments were served. Mrs. Sieford was assisted by Mrs. Oglesby. The party was made up of the following:

Misses Eschol Armstrong, Isabel Van Brakle, Daisy Coulsen, Bertrice Buckles, Aletha Oglesby, Naomi Armstrong and Violet Uptogrove, Mrs. Charles Oglesby, George Bridge, Alven Wiewiesick, Orval Oglesby, Edward Schlies, Charles Oglesby and Wesley Milliken.

One hundred fifty members of Martha Washington Chapter No. 14, Order of the Eastern Star, of Portland, will be the guests of Pioneer Chapter No. 28, of Oregon City, Tuesday evening, November 11. The visitors will leave Portland by special train and will proceed to the Masonic temple, where they will be met by the reception committee of which Mrs. John P. Clark is chairman. The visitors will be received and welcomed by the Worthy Matron, Mrs. Maggie Gardner, and the Associate Matron, Mrs. Elizabeth Matheson. The impressive ritualistic degree work of the order will be conferred upon five candidates by the Worthy patron, Clarence L. Eaton. Afterwards the guests and members will retire to the banquet room, where a banquet will be served under the supervision of Mrs. Maude Longley. It is the wish of the worthy matron that all members attend and give the guests a hearty welcome.

COMPENSATION.

The whole story of earthly existence is one of compensations. Many a gift we craved and were denied held in its train ills we are glad to have been spared. Many a sorrow that has darkened our way, though its memory may still remain bitter, has wrought some change of character or conditions that we would be unwilling to give up.

Apparently all that the ordinary citizen has to do in order to get the correct time by government wireless is to carry with him a 100 foot tower and a receiving instrument attuned to 2,500 meter waves. It's going to be a great help.

Now it is proposed to make the lifeboats on the Atlantic liners of much greater size, each capable of carrying 250 persons, being partially decked over and driven by gasoline. Sacrifice of romance for safety in this manner will be generally approved.

Americans are about to build a hotel in Tokyo which will be a reproduction of the best New York has to offer. This is rather a cruel way of getting even with the Japs for all the annoyance they have been causing about California, Magdalena bay, etc.

The purchase of a \$2,000,000 art collection at Frankfurt-on-the-Main by "an unknown American" constitutes another raid of the American dollar on the art treasures of Europe. Will Europe yet class millionaire American collectors as undesirable immigrants?

Meat and eggs that have been in a Philadelphia cold storage house since 1908 have been condemned, and thus another job is given to some shrewd dealers, who thought that they would help to boost the high cost of living by holding indefinitely for the top of the market.

"My cup of joy is very full," sings a poet. Well, let it be, gentle one. Don't try to change places with the cup.

When a man says he is a bachelor from choice you can just wager it's from some woman's choice, not his own.

Mexico should cheer up. At least, she hasn't any militant suffragettes.

Our language grows apace. "Soused" with the jag significance, is now in the dictionary.

There's a Chinese crisis every other day and a Latin-American revolution all the time.

An odorless union might taste as good as the old brand, but it would never seem natural.

Until there is criminal responsibility for preventable "accidents" they will continue to happen.

Taxicab fares are so high in New York that most people find it cheaper to ride in their own automobiles.

Presumably it is woman's innate love of a bargain that gets her into trouble with the customs officials.

London has a breach of promise case with a love letter 140 pages long in it. Probably no love could survive that.

"CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Cease, Dull Headache Goes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stepped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

EVERY DAY THEY GO

Every day will be PANAMA DAY from now until further notice. Clip the Panama Certificate printed elsewhere in the columns and present it TODAY.

PANAMA AND THE CANAL IN PICTURE AND PROSE EDUCATES AS ENTERTAINS

Willis J. Abbott, the author of this book, takes you in at the front door of Panama, tells you the time when Columbus searched for a natural waterway to the Pacific Ocean, brings you up through the centuries of revolution and warfare, and on through to the realization of the greatest achievement of this day and age. He tells you of the people and the country, of the past as well as the present, and even dips into the promises for the future. The great story is inspiring—filled to the full with local color and human interest—a story that will live as long as the great canal itself.

More Than 400 Large Pages Special paper; clear new type

More Than 600 Illustration Beautifully printed; black and white

And 16 Water Colors Reproduced from original sketches.

How It Impressed Her. A young woman from the interior saw the Atlantic for the first time recently at Cape May. As she stood on the windy bench, gazing dreamily out over the vast blue expanse of tumbling water, her escort said to her: "So this is the first time you've ever seen the sea, eh?" "Yes, the very first time," she answered. "And what do you think of it?" he asked. "Ah," she said, with an ecstatic smile, "it smells just like oysters!" Exchange.
