August 19, 1913. Mr. Abbot's work on "Panama and the Canal" is the most interesting and valuable publication relative to the Isthmian Canal that has ever come to my notice. Its careful preparation is especially evidenced by its completeness of detail, involving infinite pains in research. The story is an inspiring one, and the narrative is related in a most pleasing style. Both as a literary and historical production of great value, and as a model of typographic art, its place in any library ought to be assured.

FROM AN ILLINOIS CONGRESSMAN.

Yours truly

My Dear Mr. Abbot-I am delighted with your book, "Panama and the Canal in Picture and Prose." It is the most valuable publication on Panama yet issued. You have thoroughly popularized the entire matter. I think I have read everything published on the subject of Panama and the Canal, and in my study of the subjects connected with the Canal I have spent many days on the Isthmus of Panama. Your book appears at a most opportune time. I know of no information of real value on the subject which is not contained in your book. You have rendered a great public service. The book is written in a charming manner, and you present the intensely interesting romantic history connected with that part of the world as no one else has yet been able to do. I know of no other book of travel appearing in recent years so interesting and valuable as this. Very truly yours,

HENRY T. RAINEY.

My Dear Mr. Abbot—I shall read "Panama and the Canal in Picture and Prose" with a great deal of pleasure, but the pleasure will be largely enhanced by the fact that as a member of the Committee on Inter-Oceanic Canals I visited the Canal in October 1911, and the half-tone cuts in the volume recall more vividly than anything else the scenes I visited.

FROM AN INDIANA CONGRESSMAN

August 21, 1913. My Dear Willis-With a great deal of pleasure I have read your new book on Panama. Its artistic finish and fascinating literary style combine to make this story of Panama the most attractive and comprehensive. I heartily congratulate you on this picture and prose history of the Isthmus, for the eyes of the world are now centered on this our greatest national endeavor, and as everybody interested wants comprehensive information of this world-famous enterprise, you have surely given to students and the reading public generally a new beacon light of history with a fascinating descriptive thrill in every page. Your friend, HENRY A. BARNHART.

C. S. PAGE.

FROM A NEW YORK CONGRESSMAN. August 20, 1913. My Dear Mr. Abbot-I desire to congratulate you most heartily on your latest book, "Panama and the Canal in

Picture and Prose.' A book of this kind is usually regarded as a picture book, and surely this one is most beautifully illustrated. But your book could be regarded as a picture book if one were to regard it from its letter press alone. I found it packed with information about the world's most wonderful canal, about the people there and the tropical conditions and about the ruins and the history that tell of Aztec and Toltec days and the later amazing adventures of Balboa, Cortez and their handful of Spanish companions, who mixed their private business of buccaneering with an authorized business of exploring. I think the style in which you have written is most clear and flowing, and altogether this book is by far the best presentment of this much-talked-of subject that it has been my good fortune HENRY GEORGE, JR. to find. Sincerely yours,

FROM A LOUISIANA SENATOR.

August 25, 1913. Dear Mr. Abbot-"Panama and the Canal in Picture and Prose" is one of the most thorough works of its kind that has come before me, and on its face it shows the result of untiring efforts on your part. It appears to be remarkably well arranged and I am sure it contains an exhaustive fund of information. Very sincerely, JOS. E. RANSDELL.

August 22, 1913. My Dear Mr. Abbot-My wife and I spent a most delightful Sunday in going over your mag-nificent book on Panama. We had visited the Isthmus last Christmas and were familiar with the different places, which lent an additional charm to the work. It is about the most "readable" book I have had hold of for a long while. Sincerely yours, WM. S. KENYON.
