erly winds.  
Oregon—Fair south, rain in  
northwest and rain or snow in  
northeast portion; southerly  
winds.  
Washington—Rain or snow.

A word to the wife is sufficient  
to start something.

VOL. VI.—NO. 122.

OREGON CITY, OREGON, SATURDAY, NOVEMBER 22, 1913.

PER WEEK, TEN CENTS.

## DRAINAGE SYSTEM IS UNDER WAY

NEW LINE CATCHES SURFACE WATER DOWN STREETS ON HILL IN FLOOD TIME

## TRUNK LINES ARE NOW PLANNED

New Pipes to Form Part of Scheme to Care for Surplus in the Rainy Season—Catch Basins to be Installed

Buried in the earth 10 ft., a new 18-inch sewer to handle the surface water of the streets is under construction and will be finished within a few weeks. The cost of the work will be \$7,000 and the line will be part of the trunk system that Charles S. Noble, city engineer, believes can be extended over the whole city at a saving of \$40,000 on the original costs.

The water running from J. Q. Adams street to Center street will pour through this sewer and will be dumped into the larger pipe at the foot of Seventh street where it empties into the river. The original estimates for the construction of the complete system totaled \$150,000. The engineer believes that he can drain the Mola's side of the city in this sewer and handle the Kansas City side through another that empties into the canyon and through to the river.

Until this time, the water has rushed down these streets in a flood and the city has had no catch basins to empty it into a sewer.

## EDITORS GO TO MEETING

E. E. Brodie, editor of the Morning Enterprise, and M. J. Brown, editor of The Courier, will leave Saturday for Albany to attend the meeting of the Willamette Valley Editorial association. Editors from all over the valley are planning to attend the meeting where matters of importance will be discussed.

## MRS. W. F. R. HITT.

Former Miss Katherine Elkins, Who Wed Suddenly.

## SHOOT DETECTIVE MINER IS ARRESTED

TRINIDAD, Colo., Nov. 21.—Following the assassination of Chief George Belcher of the Baldwin-Feltz Detective forces in the southern Colorado fields, Trinidad was under martial law for six hours early today.

Belcher was shot and instantly killed last night as he stepped from a drugstore in the center of the business district and paused to light a cigar. The shot was fired by one of a group of men ten feet from the drugstore entrance.

Police were on the scene before this group had time to scatter, and Louis Zancanelli, an Austrian miner, was arrested. The police asserted that Zancanelli tossed away a revolver as Belcher fell. Zancanelli denied it.

## WANTED!

Women and Girls Over 18 Years Old To operate sewing machines in garment factory  
**Oregon City Woolen Mills**

Again hundreds were turned away  
Only four more performances

Special Matinee today  
Everybody Welcome

PEARL TANGLEY at the BELL

## TRAINING FOR OLD AND YOUNG

There are but few people who realize the amount of knowledge one gains by reading the news of the day, not necessarily for the purpose of gaining education, but with a desire to keep up with current events.

In April 1912, the greatest steamship ever built struck an iceberg some four hundred miles off the coast of Newfoundland and sank a few hours after the collision. The newspapers were filled with detailed accounts of the greatest disaster, with also minute descriptions of the great ocean liner. People read all that was printed about the awful calamity, and after the excitement abated, they found that they had absorbed a great amount of educational information. They had learned of the relative sizes of steamships and the rules governing their course and speed; they became familiar with many of the details of construction; they learned of icebergs and ocean currents; in fact much of the information thus gained would not have been learned by study and was simply absorbed by casual reading.

At the present time everybody is interested in the great Panama Canal. A book has been published on the subject called "Panama and the Canal in Picture and Prose." This volume is not sold at stores, but is being distributed by daily newspapers throughout the country for the benefit of their readers. It contains the complete story of the greatest undertaking known to history, but is told in a "newsy" style that makes it easy to read. Both old and young will find a vast amount of valuable information between its covers and a thorough education on the subject will be gained by every reader.

The Enterprise is now offering this beautiful volume on the popular plan explained in the Panama certificate printed daily in these columns. Clip the certificate today and learn how you may get this useful book.

## Steals Pool Balls; Gets a Sentence of 90 Days in Jail

Charged and convicted of stealing three pool balls from Knightly's saloon, E. Daniels was sentenced to serve 90 days in the city jail by Judge John Selvers Friday.

The balls were taken from the saloon Thursday evening and Daniels sold them to George Young, the second hand dealer Friday morning. Young was suspicious and called in the police, who, after some inquiry, located the robbed saloon and the man was arrested.

Daniels had a suspended sentence hanging over him as a result of a escapade several months ago. It appears that through the misuse of a check, issued by the Willamette Pulp & Paper company, he secured enough money to become thoroughly drunk.

## WARRANT IS DRAWN TO PAY FOR TOWER

Charles S. Noble, city engineer, approved a warrant for \$2500 for the contractors on the city elevator Friday and the money will be paid before the steel leaves the Portland yards.

He went to the freight yards Friday and examined all of the steel that will go into the main part of the tower. The contract provides that the city is to pay the price of the steel as soon as it is ready for use in the elevator tower.

La Grande Observer: Elkin is the only town in the northwest with a municipal theatre. And Elkin has a palace. La Grande so appreciates it that people here will go on a special train to a performance that happens to be a little large for our stages.

## WEST LINN DISTRICT GETS ITS TAX LEVY

At a meeting of the voters in the West Linn school district, held in the Sunset school Friday evening, the school tax was set at four and a half mills. There was a representative crowd present although the number was small.

No improvement of importance is planned in the two school buildings, which are in the district. Minor changes and alterations will be made in the Bolton building.

At a meeting to be called next week, the matter of the steps up the Bolton hill and the wagon which will carry the children, who live at a distance and from school, will be discussed.

Wilson Says Huerta Must Go  
This photograph shows the man and instruments of war that will force the defiant Huerta from the dictatorship of Mexico. Inserted is a photograph of Carranza, one of the rebel leaders, the battleship Michigan, which is the flagship of the fleet of American warships now stationed at Vera Cruz harbor; and, also American regulars who have been ordered to the Mexican border.

## AUTO TRUCK ON ITS FIRST RUN

NEW SERVICE ESTABLISHED BETWEEN OREGON CITY AND PORTLAND HOUSES

## HEAVY FREIGHT SHIPMENTS MADE

Believes Scheme Will Save Time and Money in Getting Goods to and From Metropolis—Competing Line

Permanent and regular auto truck service was established between Portland and Oregon City for the first time Friday morning when the Reo Auto Truck company sent its first car on the road with a load of goods consigned for local merchants.

For the first few days only one or two ton trucks will be used, but by middle of next week, a second will be put on the run and if the business warrants it a third or a fourth truck will be secured.

According to the plan of the promoters of the service, freight will be picked up from the shipper and delivered to the consignee in this city. It is thought that enough freight from the wholesale houses in Portland for local merchants can be secured to keep the trucks loaded for the trip out of Portland, while produce and meat can be shipped out of Oregon City.

The Reo Auto Truck company will not have the field all to itself, if the plans of others automobile men in Portland are carried out. Another firm has plans of establishing a competing service which will be in operation probably within a few days.

The plan is not new to this part of the state, as, at the present time, trucks run between Portland and St. Johns, Portland and Linton, Portland and St. Helens, Portland and Vancouver, besides other routes.

Boost for good roads.

AT THE STAR THEATRE TODAY The 1913-14

Round-Up at PENDLETON, OR.

Seven Big Reels of Thrills & Fun

First Performance starting at 12 m.

POPULAR PRICES 15c and 25c

## CANBY COMMERCIAL CLUB IS ORGANIZED

Canby is to have a commercial club. A preliminary meeting has been held, the matter thoroughly discussed, and arrangements made for a second meeting next Monday night at which a final organization will be made.

It is planned to build the club slowly and solidly, rather than have it spring up with great rapidity. An attempt will be made to secure 50 members, each of whom will pay five dollars as initiation fee and 50 cents monthly dues. This would secure for the club enough revenue for the first year.

## MAYOR INDICATES POLICE DISMISSALS

PORTLAND, Ore., Nov. 21.—Charged with participating in an alleged "frame up" to "get" others, sleeping on duty, neglect of duty, being on very intimate terms with a woman of the underworld, persecuting another woman because she refused to swear falsely, having certain members of the department solicit subscribers for the Portland News and pay \$3 to the paper prior to the last election, and many others of a more or less serious nature, Captain E. A. Slover, former acting chief of police, occupied the light in the public investigation of the department by the civil service board.

The gambling charges against other members of the department were deemed merely incidental as compared to what was brought out against Slover. Frank confessions were made by most of those who had been involved in the gambling charges while an attempt was made to show that all involved had decided on a policy of "standing pat" but that the scheme had sadly fallen through.

## THREE FANS GO TO ORIENT

CENTRALIA, Wash., Nov. 21.—After following the world touring White Sox and Giants from Centralia to Vancouver without being able to see them play, Frank Martin of Centralia; H. W. McPhail, of Raymond, and George Cartier, of South Bend, took passage for the Orient on the same boat as the ball teams.

The Washington fans declared they were determined to see the two big teams play before they returned home.

REO AUTO TRANSFER CO. Portland, Oregon City, and way points. Trip daily both ways. FREIGHT picked up anywhere in Portland and delivered at your door.

Office Electric Hotel Phone Main 38, or A-218

## ROYAL BREAD!

all varieties first class trees or berry bushes, etc.; or will exchange trees up to \$100 for horses, cows or anything of real value. Orders. COLUMBIA NURSERY 115 E. Stephen St. Portland, Ore.

## ONE FRANCHISE IS CONSIDERED

CITY COUNCIL TALKS WANTS OF CLACKAMAS SOUTHERN AT NIGHT SESSION

## CARVER MATTER IS POSTPONED

Will be Taken up on Next Monday Night at Special Meeting—To Hear Objections of Tax-payers to Road

Instead of considering the Carver franchise Friday night as at first planned, the city council went over the Clackamas Southern franchise and postponed action and consideration of the Carver franchise to next Monday night.

The Clackamas Southern asks for the use of Water street for two blocks and Carver for the entire length of the street. As the former franchise was the first to be filed, with the council that body has considered the matter rather than take up the Carver application.

A number of the residents and property owners along the street have been objecting to the franchise before the council and it is hard to estimate what effect their objections will have upon that body. However, it is considered certain that the road will gain admission to the city although it is possible that the route will be changed.

Three clauses in the Clackamas Southern franchise were changed at

## EDUCATION BOARD HAS ITS MEETING

The county board of education met at the office of J. E. Calavan, county superintendent, Friday and discussed the possibility of employing two more supervisors.

The board decided, however, that the schools could get along without them for the year and took no action. The county now has H. M. James and Brenton Vedder, John R. Cole, M. G. Lalla; H. G. Startweather, Oak Grove; Henry Babler, Logan; and E. E. Brodie, Oregon City, are the members of the board with the county superintendent.

## WOMAN KNOWN HERE, MISSING FROM HOME

Word has been received in this city that C. F. Platt, who reported to the Portland juvenile court that his wife who had left their home in Alberta street, October 17, taking with her their seven-year-old daughter has not been heard from since October 26, when she wrote a short note to her sister, saying she was going to put her girl in a convent. The note was mailed in Seattle.

Mr. Platt says he was not able to find any trace of his wife when he was in Seattle last week. She has worried much, he says, since their nine-year-old son was drowned in January, 1912, and he fears she has wandered off while suffering from melancholia.

Mr. and Mrs. Platt are former Oregon City people.

## Bryan Wine Finds Favor at Gladstone Commercial Club

Following in the foot steps of Secretary of State William Jennings Bryan, the Gladstone Commercial club held a meeting Thursday evening at which the merry flick of glasses, filled with grape juice and jolly toasts, drank to the health of the secretary, wine filled the air. Several big fat bottles of the dark liquor were emptied at the meeting, it is said, and the members went to their homes with steady steps and clear consciences.

It has not been learned whether the body of Gladstone boosters will follow the foot steps of the secretary to the extent of giving chautauqua talks at fancy prices or not, but next summer's visitors to the Gladstone meeting are prepared to listen to long lectures from local men who know.

## COMMERCIAL CLUB SMOKER

The entertainment committee of the commercial club has issued invitations for a Thanksgiving smoker, to be given for club members Wednesday evening, November 26. A program will be given, made up from both local and outside talent, and no end of amusing "stunts" are being planned.

The council had discussed each part of the document. The first relates to the number of pole lines which would be allowed on Water street. The franchise called for two, one line on each side of the street but the council changed this to one. The common user privilege was slightly changed and the life of the franchise was extended to 25 years instead of 10 years.

## FRUIT GROWERS TO ORGANIZE

FIRST EFFORT MADE TO GET COUNTY FARMERS TOGETHER

## ANOTHER MEETING IS SCHEDULED

Number Confer in Willamette Hall Over Plans for Forming New Association and Marketing Products

In order to connect the Clackamas county farmers with the North Pacific Fruit Growers' association, the great marketing center of over 50 percent of the fruit grown in the northwest, an initial meeting was held and a temporary organization was effected Friday morning in this city when a number of farmers gathered in Willamette hall to discuss the matter.

Another meeting is planned for some time in the next two weeks when the details of the plan will be worked out and a more permanent organization made. It is thought that within the next two months the "Clackamas County Fruit Growers' union," the name of the body, can become a regular branch of the great parent concern and in such a position as to receive the full benefits.

The North Pacific Fruit Growers' association is divided into smaller units or sub-divisions and these sub-divisions are again re-divided into the individual growers' union. The produce of the various unions is marketed through the main concern each box or package of fruit inspected, graded, and classified, according to established regulations which are fixed by the by-laws of the northwestern association.

It is considered that such an organization will be a great benefit to the farmers of the county as they can cooperate with and receive the aid of such a concern as the North Pacific Fruit Growers' association.

## BRAMWELL BOOTH.

New Salvation Army General, Who is on Visit to America.

Miss-Elsie Sulck entertained a number of friends Sunday, November 16, at the home of her parents in Twilight, the occasion being the eighteenth birthday of the hostess.

## Silver For Thanksgiving

OF COURSE you will want your table to look its prettiest on Thanksgiving Day. Already you are planning the decorations and looking over your silver. Perhaps you lack some of the little things in silver which belong on the perfectly appointed table.

### GET THEM NOW

—They will add so much to the attractiveness of the dinner, and will always be a constant source of pleasure to you afterwards.

—You can obtain only Silverware of quality—the kind that will last—at our store, for that is the only kind we can afford to guarantee.
