**IDAHO POTATOES TAKE VALLEY TRADE**

There is a rather quiet tone in the potato trade in northern Oregon markets. With the recent lowering of prices in the south there has been a corresponding reduction in the price of fancy stuff at Oregon country points. Former bids for fancy shipping stock have been reduced to 90c. Little stock is being offered by growers but this condition is not felt in the south, according to latest information coming from there to local shippers. Idaho has been shipping so much stuff to the California trade that every want is being supplied at lower prices than Willamette valley growers have been willing to do business.

The entrance of Idaho potatoes into the San Francisco market this season has been a real hard blow to Willamette valley stock. The Idaho growers are going real hard after the California trade and they are putting up a very fancy potato to capture the business. The stock is being graded according to the wants of the south ern trade.

**DRUGS EXCITE YOUR KIDNEYS, USE SALTS**

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of "keeping the kidneys active."

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

**CALL TO COLORS.**

O In the blood watered soil of the Balkans  
A Bulgarian clinched with a Turk  
And the task of the cannon and rifle  
Will be finished by fist and by dirk  
And the last word of hate ere the rattle  
Of death bids their enmity cease—  
Is it call to the banners of battle  
Or a call to the colors of peace?

In the purities of sin befogged cities  
Slow food of neglect and of pest,  
How many a mother lies dying,  
With tomorrow's pale scourge at her breast!  
And the bread cry that serves for the prattle  
Of orphans—oh, when shall it cease?  
Does it call to the banners of battle  
Or call to the colors of peace?

I hear from my window this morning  
The shout of a soldiering boy,  
And the note in his proud pleasure  
Wounds me more than the wailing of woe  
With the grief that is presaged  
By joy.  
I hear not the drum's noisy rattle  
For the groan of one hero's re-  
-lapse—  
Is it call to the banners of battle  
Or a call to the colors of peace?

O ye of the God given voices,  
My poets, of whom I am proud,  
Who sing of the true and the real  
When illusions are dazzling the soul  
Go, turn men from wolves and from cattle  
Till love be the one golden fleece.  
Oh, call us no more unto battle,  
But call to the colors of peace!

This is to certify that I have been a great sufferer from Rheumatism since 1894. Contracted the disease while working with a snow plow on the railroad. For several years I have been obliged to use crutches a great part of the time. Having used three boxes of the Meritol Rheumatism powders, I have thrown away the crutches and am now almost fully recovered. It certainly has done wonders for me and I heartily recommend it.

**THE PEG-TOP FAVORED BY THE YOUNG MISS TOO**

Whereas many of the new frocks show the long straight skirt or the one with two or three straight overskirts or flounces, the peg-top and other gracefully draped models are as modish as ever. The peg-top is becoming to nearly every figure, and there is something very smart in its appearance. For the young girl these new draperies in less exaggerated forms are especially becoming as the slender figure carries them well, and they lend grace.

Corduroys and velvets are more popular just now than they have been for many a season. The softer velveteens, chiffon velvets and corduroys are especially smart. Smoke gray corduroy was used with 7950, effectively trimmed with rose colored bone buttons and a rose colored velvet belt, collar and cuffs.

To copy this model in size 16 it requires 4 1/4 yards of 42 inch velveteen with 1/2 of a yard of contrasting material for trimming.

7963 is effective fashioned of cobalt blue poplin sashed in Roman stripes. The collar and cuffs effectively repeat the scarlet in the sash. A bit of drapery on each side of the skirt adds to its attractiveness.

Four and one-eighth yards of 42 inch material are required to make this design in size 18.  
No. 7950—sizes 14, 16, 17 and 18.  
No. 7963—sizes 16, 17 and 18.

Birthday Party

(By Meta Finley Thayer)  
"Esmeralda," a comedy drama in four acts, will be presented by the Woman's club early in December. Local talent is being secured and rehearsals will commence in a few days. This play ran 350 nights in Madison Square theatre, and when staged by Willamette University was considered the best play ever offered by local talent in Salem. Much interest is being taken by amateur actors and their friends, and the fact that the Woman's club is sponsor for the affair assures its success. The proceeds will go to the Civic Improvement fund.

Even eugenics may be overdone.

**BLOODY SKIRT FOUND**

The police believe that murder has been disclosed. The fly leaf of the book, which was a Huss German reader, bore the name of Elsie Helba Day, Springfield, Ore., and below it the name of Dr. H. A. Day, Colville, Wash., thought to be the girl's father. The girl's age was apparently 11 years.
