

MR. HENRY PECK AND HIS FAMILY AFFAIRS

By Gross

HENRY JR. SAYS

MORNING ENTERPRISE OREGON CITY, OREGON

E. E. BRODIE Editor and Publisher

Entered as second-class matter January 9, 1911, at the postoffice at Oregon City, under the Act of March 2, 1879.

TERMS OF SUBSCRIPTION: One year, by mail, \$3.00; Six months, by mail, 1.50; Four months, by mail, 1.00; Per week, by carrier, .10

The Morning Enterprise carrier boys are instructed to put the papers on the porch or in the mail box. If the carrier does not do this, misses you, or neglects getting the paper to you on time, kindly phone the office.

CITY OFFICIAL NEWSPAPER.

BONDS ISSUES NO LONGER rise into values that prevent the household of the city from investing his money in city securities. All over the country the idea has grown that municipal improvements should be made with home capital.

That matter is to be presented to the voters at the forthcoming city election. The people will have the chance to decide whether or not they want their bonds issued in amounts that can be sold at home or whether they are willing to pay an annual tribute in the shape of interest to the eastern bonding houses.

A municipality is but a giant enterprise that has for its stockholders the men and women within its corporate boundaries. Its stockholders should be as much interested in the growth and development of that enterprise as those are who are financially connected with any other business undertaking.

It is a matter of concern to them. The way that the city's funds are spent is of vital importance to the people within the city. It is important to them how the money that is raised by a bond issue is handled and what the council does with the funds that are placed at its disposal.

All of these things are important. It is not peculiar, then, that the man or woman who has bought a city bond for any purpose whatever should take more of an interest in what the city is doing and how its affairs are being handled than he would were there no financial reasons involved in the transactions.

Stockholders are interested in the action of the board of directors. The heaviest stockholders are members of that board, usually. The city council is the board of directors of the city of Oregon City and the people are the stockholders. Thus far they have been so in name only and have taken very little stock in the concern of which they are a part.

The idea that the people would become more generally interested in the welfare of the city and that they would take a more decided view of the actions of the city council is a good one.

The vital issue, however, in the question is the way that the interest is to be paid. The eastern bonding houses make it a point to investigate thoroughly every issue that is sent out by the cities and counties of the country. Before they handle matters at all, they consider every legal step that has been taken by the authorities in placing the matter before the people.

Keep Oregon money in Oregon City is a good slogan just at this juncture and the best way to accomplish this is for the people themselves, to invest what surplus money they may have to spend in securities on their own properties. The interest that these bonds draw will then go into the pockets of home

Pay Heed to Signals of Distress Coming From Our Decadent Society of Today

By the Rev. Dr. RANDOLPH H. M'KIM of the Church of the Epiphany of Washington, D. C.

THERE was the same indecency in woman's dress, the same indecent dances in Rome during Nero's rule—certain dances were almost worshipped by the people—and there is the SAME EXTRAORDINARY AND DEMORALIZING CULT IN THE UNITED STATES TODAY.

Among other national sins are the gross corruption of our cities, the idle rich, the greed of employers, social injustice, anarchism and socialism, speculations in bread and meat, the tide of divorce, the depth of infamy into which the drama has sunk here in New York and in many other cities, intemperance and child slavery.

These are the sins of the United States. They were the sins of Rome. It is well enough to hold mass meetings to consider and protest against such evils and to memorialize congress about them, but in my opinion the greatest force of all, the leaven which shall lift the entire nation, is personal example.

IF EVERY ONE OF THE THIRTY MILLIONS AFFILIATED WITH CHURCHES IN AMERICA BE AS GENUINE AS THEY PROFESS TO BE THE FORCE OF THEIR EXAMPLE WOULD BE THE BEST ANSWER TO THE SIGNAL OF DISTRESS—THE "S O S" CALL WHICH HAS COME FROM THE SHIP OF SOCIETY.

I believe that personal example, personal purity, personal honesty, are the only forces which can deal adequately with the situation. All that is necessary for us professed Christians to become real Christians and the leaven of their lives will lift the world.

bond buyers rather than into those of eastern firms. There is no reason why the people of the city cannot handle successfully this issue of \$12,000, especially when it is cut into \$50 amounts.

SANDY'S ENTERPRISE in deciding to construct a hard surfaced highway through to the county line of Multnomah county is commendable in any city and much more so when it is considered that the project is undertaken by a town with scarcely more than 300 souls.

Good roads has come to be an epidemic through all of the counties of the state and has taken a firmer grip on most of the farmers than one would, at first blush, imagine. They have now come to realize the loss of revenues that are taxed against them in transportation costs and have undertaken special road taxes and made special levies to keep their roads in passable condition and to construct new and better highways.

Such sentiments as those shown by the people of Sandy have been expressed by the farmers of many of the counties of the state. In several of them bond issues have already been authorized and the people at the polls have instructed their several county courts to build better roads and to build them of the kind of material that will last.

It is but a concrete example of the working out of the doctrine that the Enterprise has been preaching for sometime. This paper has never yet realized the value of a poor road nor could it ever figure out, as a matter of dollars and cents, why the county should be taxed \$240,000 every year for its mud.

Clackamas county mud produces record breaking crops. It also produces wagon breaking, revenue breaking, transportation cost increasing roads. Mud is all right in its place and it brings in the fat harvests, but it is a poor community at best on a country road. The soil that produces the best crops usually makes the worst roads and this county is one of the best examples of that fact that road boosters could produce in the West.

There are few highways through the county that are even passable in the winter months and most of them have become notorious because of their bogs and ruts in the season when a good road is worst needed. The annual tax levy of the county amounts to \$240,000. All of it is spent every year on the county roads. No lasting impression upon the highway shows where a cent of that money goes and what it was spent to accomplish. It seems to us that the county could much better afford to build a certain definite number of miles of trunk line with a portion of that amount and get something that would be of lasting benefit for the distance that it traveled than to spend all of it promiscuously on all of the county roads and get nothing in return.

But this county can never accomplish anything definite for better roads until the people learn that bad roads cost money while good ones fatten the bank account and proceed at once to authorize the county court to issue bonds that will provide the cash for the construction of permanent hard surfaced highways.

A road that doesn't last and that costs money to keep continually in repair isn't worth the time that it takes to plan it. What this county, along with every other county of the state, needs vitally, is a system of good roads of hard surface and the only way to get it is by saving some of that \$240,000 annual mud tax and putting it into a bond issue that will enable the county court to do something worth while.

THEORETICAL CLUB

The Theoretical club will meet in Dr. Milliken's study, corner Ninth and Main streets, rear entrance, on Wednesday evening, November 26. The topics for discussion will be, (1) "Would Reduced Cost of Living Benefit the Working Man?" (2) "What Becomes of the Liquor Money?" (3) "Is Genesis a Historical Document?"

Visitors are cordially welcomed at all meetings of the club. It is intended as a forum of discussion where men can meet to discuss men's questions.

The present generation might be termed the automobile race.

SERIOUS CATARRH YIELDS TO HYOMEL

Do not let this serious disease extend along the delicate mucous membrane, gradually going from the nose to the throat, thence into the bronchial tubes and downward into the lungs.

There is no other treatment for catarrh that is like Hyomel or just as good. None can take its place, none give such quick, effective and sure relief and at so little cost—furthermore Huntley Bros. Co. will refund your money if you are not satisfied.

Begin using Hyomel now—today—and see how quickly the droppings into the throat, the discharge from the nose, sniffing and all other symptoms of catarrh are overcome; and remember—no stomach drugging—you breathe it. The complete outfit containing inhaler and bottle of liquid costs but \$1.00. Extra bottles of liquid if alter needed, 50 cents.

Lord Chancellor Haldane says that in fifty years the United States will be the leading nation. He may be a bright light in his own line, but he is a trifle behind the times in his reckoning.

TRADE 17 1-2 acres of fine beaver dam land, 1 1-2 miles from McMinnville, all improved. Price \$4000.00; will exchange for equal value in Oregon City property or acreage near this city. This property is free from incumbrance and title guaranteed.

DILLMAN & HOWLAND

MISS WILSON WEDDED AT WHITE HOUSE

WASHINGTON, Nov. 25.—Miss Jessie Wilson, second daughter of the President, was wedded to Francis Bowes Sayre in the East Room of the White House this afternoon at 4:30. The room was a grand profusion of flowers, many of which were presented by diplomats of other countries, and were entwined with the flags of the nations their donors represented.

Everywhere throughout the capital a distinct holiday atmosphere prevailed. The guests of the ceremony included beside the personal friends of the bride and bridegroom, distinguished officials of the government and the members of the diplomatic corps in their gorgeous uniforms.

BIRTHS, MARRIAGES AND DEATHS

BORN—To Mr. and Mrs. Guy Gross, of Willamette, November 24, a daughter; to Mr. and Mrs. T. B. Garner, R. F. D. No. 2, Oregon City, a daughter, November 25. ZIMMERMAN-EISELE—A marriage license was issued to Miss Lena Zimmerman and Ora H. Eisele, of Sherwood. Both were minors and received consent.

REAL ESTATE TRANSFERS

W. J. Giger and wife to Albert E. Peterson, 40 acres in same description; \$2000. P. W. Howlett and others to Gust Backstrom and wife, 172,000 square feet of land in Minthorn addition to Portland; \$3000.

Man Corrects a Mistake He Made Year Ago

"Over a year ago you sold me some clover seed and made a mistake of \$10 in the price and I have come to settle up." With these words L. Grace, of Portland, walked into the store of the Oregon Commission company and handed the surprised merchant 10 big, round dollars.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. For Sale by Huntley Bros. (Adv.)

WE REPAIR ANYTHING AND EVERYTHING MILLER-PARKER COMPANY Next Door to Bank of Oregon City

CUT FLOWERS AND POTTED PLANTS Also all kinds of Fruit Trees, Roses and Shrubbery for sale at the new green houses at Third and Center Streets. Funeral work done at lowest possible prices. Orders received over phone Main 2511. H. J. BIGGER
