

MR. HENRY PECK AND HIS FAMILY AFFAIRS

By Gross

HENRY JR. SAYS

MORNING ENTERPRISE OREGON CITY, OREGON

E. E. BRODIE Editor and Publisher

Entered as second-class matter January 9, 1911, at the postoffice at Oregon City, under the Act of March 2, 1879.

TERMS OF SUBSCRIPTION

Table with subscription rates: One year, by mail \$3.00; Six months, by mail 1.50; Four months, by mail 1.00; Per week, by carrier .10

The Morning Enterprise carrier boys are instructed to put the papers on the porch or in the mail box. If the carrier does not do this, misses you, or neglects getting the paper to you on time, kindly phone the office.

CITY OFFICIAL NEWSPAPER.

PRESIDENT WILSON and the governors of the several states have issued proclamations in the past few weeks calling attention to the fact that the United States has been blessed with unexampled prosperity during the past year and that panics, pestilence, and contagion have been unknown.

They have gone into the commercial growth that this nation has made in the 12 months, the advance of science and civilization in that time, and have pointed out some of the many things for which the nation at large has reason to be thankful for a year that has passed since last Thanksgiving.

In the old Colonial Days when Thanksgiving was more religiously celebrated than it is today, the people had a clear idea of some of the things from which they had been delivered through the acts of Providence that guided the young Republic from the time that its first settlers set foot upon the "stern and rock bound coast" until it had freed itself from the strangle hold of the parent country and had established itself as an independent nation upon the eastern coast of an unexplored continent.

It is interesting to note the progress that we have made in one year. Though we have had difficulties innumerable with the sister republic on our southern border and though there have been numerous instances when our representatives have clashed with the powers that control Mexico, we have averted the possibilities of war that have so many times threatened and have passed through each of these clear from the dangers which they would naturally bring in their train.

The United States has prospered financially in competition with the outside world. It has taken several new and important steps in legislation. It has hewn out paths of its own in commercial and other lines. Though there remain many things yet to be done, the progress that we have made in the past 12 months is enough to cause the people of the country to join in Thanksgiving services to that Providence that has guided the American republic since its foundation and the establishment of the 13 colonies on the American coast.

SALEM HAS STARTED a coffee house scheme that has been found workable in other cities where men congregate in large numbers and where they can talk, read, and play games free from sectarian influences of all sorts. The plan has worked in all of the cities where it has been given a thorough trial.

The coffee house includes all of the advantages that are usually given by the best Y. M. C. A. organizations. It provides a place for men to gather, read, and play such games as they desire and is free from certain restrictions with which the association surrounds its members.

Absolute freedom in the rooms of the organization is given to them. They may gather there, read and smoke. They may there await opportunities for work. Odd jobs of all sorts come through the channels that such an institution offers and the men are sent out through the efforts of a manager who spends all of his time and devotes his attention to the affairs of the organization.

The institution is non sectarian. It has no church affiliations. It plans work for the men who use its rooms and offers them all of the advantages that a Y. M. C. A. can give. Such an organization would be a boon to Oregon City where the associational scheme has been tried and failed and would, possibly, be the solution to the problems that confront the city in providing some place of amusement and recreation for the young men who now loaf around the streets before saloons and cigar stores because they have nothing more interesting to do.

Certainly some such proposition should be tried. There are crowds of young men on the streets of the city every day who are either without work or have no definite plans of recreation for their leisure hours. With the saloons driven from the city, the men who spend a large proportion of their time and money at the bars should be provided with some form of legitimate amusement and should have a place where they could spend their leisure time. It is necessary that some scheme of the kind be started here at once and the coffee house offers one way out of the dilemma. Some of the most prominent men in the affairs of the cities and states where such institutions have been established are identified with their workings and are either officers or members of the boards of directors of the organizations.

TRADE 17 1/2 acres of fine beaver dam land, 1 1/2 miles from McMinnville, all improved. Price \$4000.00; will exchange for equal value in Oregon City property or acreage near this city. This property is free from incumbrance and title guaranteed. DILLMAN & HOWLAND

Heart to Heart Talks

ARE WE WORSE THAN ADDERS? There is a legend to the effect that the adder, a snake, swallows its young when they are in danger and disgorges them when the peril is past. We in America, human beings, swallow our young. But we do it for personal profit, not to protect them. We swallow them in our mills and factories. Like the giant in the ancient nursery rhymes, we "grind their bones to make us bread."

SUMMONS In the Circuit Court of the state of Oregon, for Clackamas county.

Carl A. Carlson, Defendant, vs. To Carl A. Carlson, above-named defendant: In the name of the state of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled suit by 6th day of December, 1913, court for publication of this summons, which said date is more than six weeks after the date of the first publication herein as ordered by the court in the above entitled suit, and if you fail to so appear and answer the complaint filed here in the above entitled suit on said date, plaintiff will apply to the court for the relief prayed for in said complaint which said relief is for a decree of the court forever dissolving and setting aside the marriage contract heretofore and now existing between plaintiff and said defendant; and for such other and further relief as the honorable court may deem meet with equity.

characterization of yourself in that quotation, for you have abundantly proven it in your false statements. You are also proving your other statements your article of October 5, THAT YOU "incontinently retreat precipitately" when you refuse to meet your own statements in public after declaring that you wanted "to present the facts squarely before the people." Please do not forsake your offspring so ingloriously. If you refuse to meet your statements there will be but one reason, the one you give in your last article "Conscience makes cowards of us all." Now Doctor, I fully expect to meet you and make arrangements for that meeting, so get ready to own your children; you brought into the world, it would be wrong to desert them or to compel somebody else to take care of them. Do not fail to bring Dr. Norris with you. HENRY SPIESS.

OREGON CITY, Ore., Nov. 26.—(Editor of The Enterprise)—In your statements of the amendments to be voted upon next Monday that the Englebrecht tract is to be purchased with the \$2500, the appropriation is to be used to purchase a tract of land for the use of the public but not to be confined to any certain tract. I was a member of the committee appointed to look for a tract and this Englebrecht property seems to be the best proposition in the city. It will be in the railroad center and the railroad will probably help in the improvement of the grounds. This property, if purchased by the city, will always be worth the money paid for it and it is time that the city should own some public grounds. Vancouver recently purchased a tract for athletic grounds and have it in fine shape for the public schools. Now, if we wait a few years, we will have to pay about three times the price we will pay for it at this time, and I believe it well for every voter in this town to carefully consider this appropriation. Portland is having all kinds of trouble to get public grounds and we will be in the same fix if we do not secure public grounds when we have an opportunity. F. C. BURK.

AGE TOTALS 302 YEARS Mrs. J. A. Tufts, of this city, has four brothers whose combined ages total 302 years. All are civil war veterans and live in the east. They are Judge G. M. Rickaby, of Milwaukee, Wis.; E. M. Rickaby, also of Milwaukee, Wis.; O. T. R. Rickaby, of New London, Wis., and Willard Rickaby, of Northport, Wis.

Milton Eagle: The new flaming arc lights installed in Milton several weeks are proving a boon. City Manager Coyle and the council deserve praise for this improvement. The lights place the city in the category of better municipalities.

SALTS IF KIDNEYS OR BLADDER BOTHER Harmless to flush kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it. Bladder weakness, most folks call it, because they "can't control urination." While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so if no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble. For Sale by Huntley Bros. (Adv.)

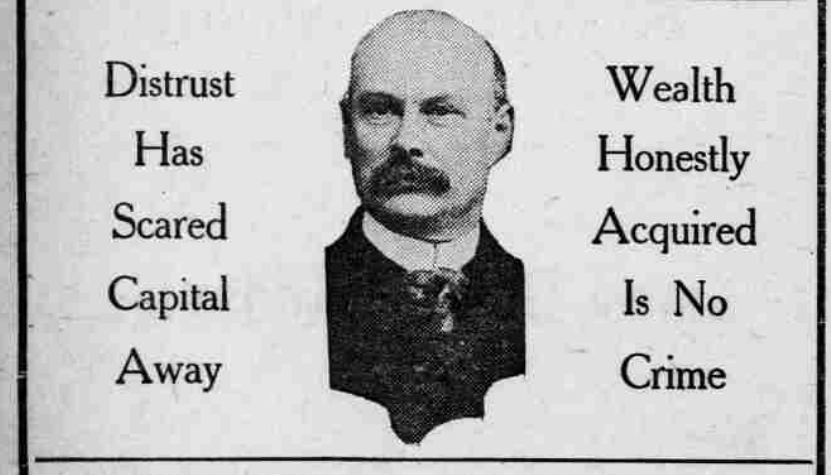

Read the Enterprise for the news. WANTS, For Sale, Etc. MISCELLANEOUS WANTED—Work by the day by a woman that will hustle. Call 1508 16th street. WANTED—Work of any kind by educated man of middle age. Address "S," care Enterprise.

Mud Slinging Is Preventing Our Industries From Expanding

By ELBERT H. GARY, Head of the United States Steel Corporation

UNNECESSARY agitation, demagoguery and mud slinging are preventing the normal expansion of the country's business and industries. UNDOUBTED PROSPERITY FOR THE NATION LIES IN THE FUTURE, BUT AT THE PRESENT TIME DOUBT AND DISTRUST HAVE FRIGHTENED CAPITAL AWAY FROM MANY ENTERPRISES; ALSO THE TENDENCY IN PUBLIC DISCUSSIONS TO TREAT SUCCESS AS AN OFFENSE AND TO CONSIDER THE POSSESSION OF WEALTH, HOWEVER HONESTLY ACQUIRED, AS WRONG IS A PRESENT DAY EVIL WHICH IS HAVING A BROAD INFLUENCE ON THE RELATIONS OF CAPITAL AND LABOR. Capital, always timid, has been SERIOUSLY AFFECTED by this unreasonable and uncalculated agitation and attack. It is becoming almost impossible to obtain on fair terms, on good security and at a reasonable rate of interest the nec-

FORUM OF THE PEOPLE Dr. Schultze Is Answered.

GLADSTONE, OREGON, Nov. 26.—(Editor of the Enterprise).—I must beg pardon of my friend, the good Dr. Schultze, for my delayed answer. The Enterprise containing his article failed to appear in the Gladstone office. On Saturday on my way to the southern end of the county I called at the Enterprise office for a copy of this paper and here is to you my old friend.

On October 5, 1913, you had an article in the Enterprise making a number of charges against me in relation to the health officer's removal and the appointment of the new man. That article of October 5th was answered in the Enterprise in less than a week, now after waiting more than a month you come sneaking in and begin your article with the assumption that because these things were published in the Courier you did not read them and was not aware of their existence until a "friend" called your attention to them. Now Doctor this is certainly refreshing. Within one week of your article of October 5th my answer appeared in the same paper the Enterprise. Please get a copy of that paper and read it. Now in this your latest production you say: "The matter is of no personal interest to myself whatever." Will you tell me please why you made so many false statements in your former articles coupled with the positive assertion that "you wanted to place the facts squarely before the people?" And that you "defended your brother physicians?"

Your statements are the children of your brain. Will you now shamefully desert them? It was only a few weeks ago when you told us to vote for the sterilization act, because, as you stated "it would not be right to let certain people bring children into the world to become a burden to the rest of humanity." And now you who appeared on the scene announcing yourself as the defender of your brother physicians, you who declared you wanted to "place the facts squarely before the people," you who made assertions which you said were "the facts," are you going to turn tail and quit? Are you going to desert the children of your own brain? Did you bring THESE children (your statements) into the world and then let them become a burden to Dr. Norris? Is he willing to adopt your productions? I placed a complaint against Dr. Norris last winter, put it in the hands of the proper authorities, (Mr. Stipp said it was the proper authorities.) THE STATE BOARD OF HEALTH, Dr. Norris was notified and had me to face for months as you Dr. Schultze know very well. Therefore your statement that I "shrink from meeting Dr. Norris" is just as false as those preceding. Dr. Norris was present at his investigation and had an attorney as you also knew. We were facing each other all day in the court room and he had a chance to prove the things you allege. All the testimony is on hand Dr. Schultze and will be placed at the disposal of the people when we meet. This testimony was taken down by the stenographer who came with Dr. White. Copies were secured by the editor of the Courier and Prof. Webb. In the presence of witnesses a number of copies were made and all my statements in the papers were from these records. After this evidence taken by the committee from the State Board was placed before the State Board at its regular meeting March 27 and 28, 1913, their findings were communicated to Dr. Norris. Dr. Norris answered on April 1 as follows: "Dr. Calvin S. White: "My resignation as health officer of Clackamas County will be handed to the County Judge as demanded by the State Board of Health. "J. W. NORRIS, M. D." Dr. Norris had a chance to meet every charge, and if he will come out to our meeting to present a few truths he will be given an opportunity. Dr. Milliken seems to be right after all in his estimate of you when he said: "It was conscience and bile" made you act as you did. You admit the conscience part by saying "conscience makes cowards of us all." You have placed me under obligation for the aptness in placing your quotations. On October 5th, after laboring hard to bring forth those children of your brain (your statements) you say: "Fools run in where angels fear to tread." No one has been found who dares to take issue with you in the
