For The Benefit. of these women we have a special proposition which will appear in Friday's Enterprise. We have a special prize which will be awarded to new candidates—women who have never sent in their names to the contest manager. If You Did Not Enter. the Popularity Contest five weeks ago, we want you to read our message next Friday. THE NEW SASHES HAVE A DECIDED PURPOSE. Although the sash ends may float in the wind as of old with no aim aside from the decorative, yet they may be decidedly useful, too, in more ways than one. To merge waist with hip-line was their first mission, and they have gradually found many other little ways to add to the effect of the gown. A clever arrangement of sash ends may be seen in 8061. Here they serve to bring about the effect of a pannier by catching up the tunic. They also lend a pretty finish to the blouse. Lace is very popular this season, and this model shows an excellent way of employing it. A delicately patterned shadow lace is combined with a clinging silk. It is an exceptionally smart afternoon gown. For size 36 this design requires 4 3/4 yards of 36 inch material with 2 3/4 yards of all-over lace. Another design charmingly suited to the filmy fabrics of the moment is 8062. A transparent tunic of chiffon, its pointed edges smartly outlined with fur, is hung over a slightly draped skirt of charmeuse. A bit of the fur trims the bodice and sleeves. To make a frock after this design in size 36 it requires 3 3/4 yards of 42 inch silk with 3/4 yards of chiffon. No. 8061—sizes 34 to 42. No. 8062—sizes 34 to 42. Each pattern 15 cents. Every number and style of Pattern made by the Ladies' Home Journal Home Pattern Co. is carried in stock and sold only by Elliott Brothers Department Store, 7th Street at Madison, On the Hill. QUIT MEAT IF YOUR KIDNEYS ACT BADLY. Take tablespoonful of Salts if Back hurts or Bladder bothers—Drink lots of water. We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble. The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.
