REGRETS.
Regrets are very common and, as a rule, are useless. Regrets are a waste of time in every possible instance except one. That one is the instance in which the soul entertains them thoughtfully and humbly until they become valuable lessons for the future.

ATTRACTIVE HAIR
Always Fascinates—Parisian Sage
Makes Hair That is Dull, Faded or Thin, Abundant and Gloriously Radiant

Every girl and woman, too, wants to be beautiful and attractive—it is her birthright—but unsightly, or thin and characterless hair destroys half the beauty of the most attractive face.

If your hair is not fascinating, is thinning out, full of dandruff, dry or if the scalp itches and burns, begin at once the use of Parisian Sage. It will double the beauty of the hair, cool and invigorate the scalp and the first application removes the dandruff. It is the hair tonic par excellence, containing the proper elements to supply hair needs and make the hair soft, wavy, lustrous and abundant.

Parisian Sage as sold by Huntley Bros. Co. in 50 cent bottles is pleasant and refreshing, daintily perfumed—neither greasy or sticky.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease. For Sale by Huntley Bros. (Adv.)

STAGNATION SHOWN IN POTATO TRADE

Almost complete stagnation is shown in the potato trade. While no further change is announced in quotations, there is little inclination among buyers to take hold except for extra fancy, select stock and even for that quality the trade is far from brisk. Growers are showing more disposition to let go of some of their supplies. Some that were offered from 90c to \$1 a cental a few days ago are now seeking buyers at 75c. The local trade has practically all of its immediate requirements and is not inclined to speculate on the future.

NOBODY CAN TELL IF YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Druggist Says When Mixed With Sulphur Prevents Dandruff and Falling Hair.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, then left to age and carefully filtered, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Weyth's Sage and Sulphur Hair

Remedy," thus avoiding a lot of fuss. Some druggists make their own, but it isn't nearly so nice as "Weyth's."

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur no one can tell, because it does so naturally; so evenly. You just dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. Do this tonight, and by morning all gray hairs have disappeared; after another application or two it will be restored to its natural color, and be even more glossy, soft and luxuriant than ever.

Local druggists say they are selling lots of "Weyth's Sage and Sulphur;" it surely helps folks appear years younger. (Adv.)

DRAPERIES ON EVENING WRAPS PICTURESQUE AND VAGUE

Almost shapeless as are many of the afternoon and evening mantles their effect is extremely smart and becoming when worn by the woman who knows how to wear them. The most supple of the new fabrics are used for these wraps—duvetyne, velours de laine, satin brotades and lames being among the most effective. Trimmings are of stenciling, applique and fur. One of the most stunning effects is brought about by appliqueing a black or colored velvet figure to a plain satin or velour. When these designs—conventionalized fuchsias, roses, etc.—are applied on a fabric like camels' hair cloth, in one of the new reds or yellows, the effect is splendid. On smooth silks and satins they stand out bolder, but are quite as smart. Trimmings of

this sort offer unlimited ways of displaying individuality. Fur, of course, is perfectly suited to this style of garment, and furs this season are being dyed in every imaginable color. It is difficult to imagine an evening coat of the most delicate pink with a mole or squirrel skin color in the same soft shade, but similar effects will be seen on every side a little later.

7977 made up in duvetyne or matelasse in some favored shade, trimmed with moleskin, dyed or natural and finished with a quaint Oriental looking ornament of enamel or beads would make an attractive wrap for afternoon or evening. Three and one-half yards of 42 inch material is required to copy 7977 in size 36.
No. 7977—sizes 32, 36 and 40.
