ATTRACTIVE HAIR Always Fascinates—Parisian Sage Makes Hair That is Dull, Faded or Thin, Abundant and Gloriously Radiant

Every girl and woman, too, wants to be beautiful and attractive—it's her birthright—but unsightly, or thin and characterless hair destroys half the beauty of the most attractive face. If your hair is not fascinating, is thinning out, full of dandruff, dry or if the scalp itches and burns, begin at once the use of Parisian Sage. It will double the beauty of the hair, cool and invigorate the scalp and the first application removes the dandruff. It is the hair tonic par excellence, containing the proper elements to supply hair needs and make the hair soft, wavy, lustrous and abundant. Parisian Sage as sold by Huntley Bros. Co. in 50 cent bottles is pleasant and refreshing, daintily perfumed—neither greasy or sticky.

PORK PRICES SHOW WEAKER TENDENCY

Only a few changes were reported in the condition of the local markets Friday and most of the quotations showed steady with the demand more or less firm through the day. While business has not been particularly brisk, trade has moved along rather well lately and the commission houses report conditions somewhat better than they have been. Pork dropped slightly in price from the quotations before. Feed also showed a weaker tendency and the fluctuations were downward. 7860 7862 THE FORMAL GOWN FOR DINNER OR BALL STILL SHOWS THE TRAIN

There are two distinct classes of evening gowns this season, the formal frock with its low bodice and short train and the chic little dancing frock of chiffon or lace with the comfortable round skirt that interferes not at all with the steps of the dance. For the dinner or formal gown the richer silks and velvets are used, many of them showing an Oriental figure in wonderfully rich colorings. An overskirt of velvet surmounts a petticoat of lace or chiffon, and then again the over-drapery is sheer—chiffon, net or lace. 7860 shows to advantage one of the new figured silks that are so suitable to this style of gown. There are minglings of black and gold in the conventionalized design and the background is of gauze-like sheerness. The bodice is of figured chiffon. To copy this design in size 36 it will require 4 1/2 yards of material for the draped skirt and overblouse, 4 1/2 yards of 36 inch material for the gulle and foundation skirt and 1 1/2 yards of silk for the girle. Canary color chiffon in 7862 is hung over a silk, the ground of which is a deeper yellow with a quaint figure scattered over the surface. This gown may be copied with 5 1/2 yards of 42 inch material for size 36. The Persian headpiece which is so modish this season adds greatly to the effect of the gown. No. 7860—sizes 34 to 42. No. 7862—sizes 34 to 44. Each pattern 15 cents.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your Bladder troubles you. When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes no harmful, effervescing lithia-water drink. For Sale by Huntley Bros. (Adv.)

WHY FAMOUS PASTRY COOKS USE KC BAKING POWDER

The patrons of our first class hotels and restaurants are exacting—they demand the best. Women go where the pastry and cakes are noted for their excellence. Men are attracted by hot bread and biscuits—when fresh and moist and light. The pastry cook with a reputation uses K C Baking Powder because he knows that results are certain; every time everything is as good as his best. Then, too, with K C Baking Powder he can mix the various kinds of batter before the rush of the meal begins and bake as needed so that every order goes to the table fresh and hot, yet the last he bakes are just as good as the first. The reasons behind these reasons is that K C is really a blend of two baking powders. One commences to give off leavening gas as soon as moistened. The other requires both moisture and heat to make it active. Dough or batter will remain in a partially leavened condition for hours, and when put in the oven, will come up as light as if mixed a moment before. For cookies, pancakes, doughnuts and the like, which cannot all be baked at once, K C is indispensable. For all baking the double raise makes doubly certain. Follow the example of the professional cook and your baking will be equal to his.
