A splendid Christmas story was rendered by Miss Hattie Snidow.

One of the most pleasing features of the evening was a debate given by the boys. The question was: "Resolved, That the state should furnish free text books for the grammar school." Those on the affirmative were, Herbert DeBok and Fred Junken, and those on the negative were, Walter Larsen and Clyde Morrell. The negative won. The Willamette quill was prepared by Misses Gladys Baker and Audrey Tuor and was enjoyed very much.

Among the announcements was the suspension of the literary until after the holidays. The question for debate for the next literary will be, "Resolved that the development of character depends more upon heredity than environment." The meeting then adjourned.

A GENEROUS USE OF FUR MARKS THE MODISH SUIT

It is quite in keeping that the Russian blouse should be trimmed with fur. The popularity of fur for trimming has reached a point where its appropriateness to the season and its comfort are no longer considered, but it is favored for its becomingness alone. We find it outlining the throat and wrists on the flimsiest blouse and edging the tunic of the chiffon dancing frock as well as trimming the suit for out of doors and the evening mantle. In 7907 dull green velveteen is effectively trimmed with fitch, which is one of the most favored pelts this winter. The fur buttons are novel and extremely chic. A girle of dull bronze satin is another effective touch. This model may be copied in size 16 with 4 yards of 42 inch material. For many seasons we have had nothing more becoming and more practical than the sports coat. These are made of the softest and wooliest of the new coating materials and, as a rule, are very light weight, which is an added virtue, as a heavy coat is a thing to be avoided by the woman or girl who indulges in out of door, winter sports. In 8130 we note the effectiveness of the raglan sleeve, a smart attached belt and the large patch pockets. This design was made up in a waffle check in black and white. The skirt is a three piece model in white serge. It requires 3 1/2 yards of 42 inch coating to make this coat in size 36. The skirt (7942) may be made in size 18 with 2 1/2 yards of 42 inch material. No. 7907—sizes 14 to 18. No. 8130—sizes 32 to 44. No. 7942—sizes 16, 17 and 18. Each pattern 15 cents.

APATHY SHOWN IN ALL CATTLE MARKETS

Receipts for the week at Portland Stock yards have been: Cattle 695, calves 15, hogs 3766, sheep 5133. A natural apathy was apparent in the cattle market this week, following the big stock show, when exceptionally heavy shipments were made. Cattle prices suffered a severe slump, top quality going at 25 cents lower and other grades at even more of a decline. Killers had supplied their needs temporarily and will have to work off the surplus, but as liquidation will be light for the next few months the situation is expected to improve this next week. The hog market dropped off 10 cents during the week, with extreme top at \$7.35 for the week's close for choice stuff, with heavy stock 10 to 15 cents down. Liberal liquidation increases the reasonable weakness. The sheep house business held up well for the week. Some choice mutton and lambs were marketed. Lambs moved easily at \$6.25 and prime wethers held their own at \$5.00, while ewes closed around \$4.00 when choice stuff was offered.
