The readers of this paper will be pleased to parn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical iraternity. Catarrh being a constitutional dis-ease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the founda-tion of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The pro-prietors have so much faith in its curative powers, that they offer One Hundred Doilars for any case that it fails to cure. Send for hist of testimonials. Address F. J.
