## Invites Consumption

It weakens the delicate lung tissues, deranges the digestive organs, and breaks down the general health. It often causes headache and dizziness, impairs the taste, smell and hearing, and affects the voice. Being a constitutional disease it requires a constitutional remedy.

## Hood's Sarsaparilla

Radically and permanently cures catarrh of the nose, throat, stomach, bowels, and more delicate organs. Read the testimonials.

No substitute for Hood's acts like Hood's. Be sure to get Hood's.

"I was troubled with catarrh 20 years. Seeing statements of cures by Hood's Sarsaparilla resolved to try it. Four bottles entirely cured me." WILLIAM SHERMAN, 1030 6th St., Milwaukee, Wis.

Hood's Sarsaparilla promises to cure and keeps the promise.

### Helpful Hubby.

Wife—I wish you would let me know what sort of a dinner to have tonight. Husband—That's a good idea. Well, I shall either not be home at all, or else I shall bring three or friends with me.—Life.

### BEAUTIFUL TEETH.

Wise Brothers are Adding Another Charm to Woman.

It is getting to be distinctly the fashionable thing to have a fine set of teeth.

This is one of the most effective reasons why modern dentistry has made such a big step in advance.

The mother who now-a-days refuses to have her daughter's teeth attended to is regarded as having little love for her child. No longer is there fear of pain, for tooth-filling, and tooth-pulling, is attended by no pain whatever. The most comfortable and luxurious apartments are provided by the leading dentists, and the prices are exceedingly low.

Wise Brothers, the famous dental firm in the Failing Building, Portland, Ore., have done more than anyone else in the Northwest to bring about this condition of affairs. It is as correct a thing for ladies and gentlemen to be as careful to have a nice, white set of presentable teeth, as it is for them to keep their hands clean. Physicians and all up-to-date people welcome these facts, for they indicate that humanity is making a long stride ahead. Instead of caring for the teeth being a bugbear, it is greatly a matter of comfort and pleasure. After the teeth are put in perfect order once it is a slight duty easily watched to keep them so. Go to the dentist regularly at least once in six months and you are all right.

And, for the sake of yourself and your friends, don't neglect your teeth a day longer. The next time you visit Portland step in at Wise Brothers and see for yourself how simple and inexpensive it is to have a good, beautiful set of teeth again.

### Difference in Rank.

"Say, captain, won't yer please gimme a dime?" "Naw, I jest gave me last dime to a guy wot called me admiral."—Chicago American.

### The Natural Location.

"Mamma, where is the mouth of the Mississippi river?" asked Lucy. "I know," said little Johnny, looking up from his play, "it's wight under it's nose."

# RHEUMATISM

## CANNOT BE RUBBED OUT

But a good liniment or plaster will often give temporary relief because it produces counter irritation or reduces the inflammation and soreness. But no sort of external treatment can have any effect whatever upon the disease itself, for **Rheumatism is not a skin disease**, but is due to an overacid condition of the blood, and the deposit of irritating matter or Uric Acid salts or sediment in the muscles and joints, and no amount of rubbing or blistering can dislodge these gritty particles or change the acid blood. Rheumatism often becomes chronic, and the muscles and joints permanently stiff and useless and the nervous system almost wrecked, because so much time is lost in trying to cure a blood disease with outside applications or doctoring the skin.

Rheumatism must be treated through the blood, and no remedy brings such prompt and lasting relief as S. S. S. It attacks the disease in the blood, neutralizes the acids, and removes all irritating or poisonous substances from the system.

S. S. S. strengthens and enriches the thin acid blood, and, as it circulates through the body, the corroding, gnawing poisons and acid deposits are dislodged and washed out of the muscles and joints, and the sufferer is happily relieved from the discomforts and misery of Rheumatism.

External remedies are all right so far as they go, but they don't go far enough, and you can't depend upon them to do the work of a blood purifier, and those who pin their faith to liniments and plasters are bound to meet with disappointment, and will be nursing a case of Rheumatism the greater part of their lives.

S. S. S. is a purely vegetable remedy, does not contain any Potash or mineral of any kind, and can be taken with safety by old and young.

Rheumatic sufferers who write us about their case will receive valuable aid and helpful advice from our physicians, for which no charge is made. We will mail free our special book on Rheumatism, which is the result of years of practical experience in treating this disease. It contains in a condensed form much information about Rheumatism.

## SENATOR HOPKINS' "RED HEAD."

### How It Gave Him His First Start in Congressional Legislation.

When ex-Congressman Albert J. Hopkins of Illinois took his oath in Washington as United States Senator as the successor of William E. Mason, he saw realized the ambition of many years. In his early years, when only a lad of 7 or 8, he visited a court room with his father, who had been summoned as a juror, and he then and there determined to be a lawyer. Later, in his young manhood, he conceived the ambition of becoming a United States Senator. The first ambition was long ago realized and for many years Mr. Hopkins has been a leader at the bar of Kane County. And now the second ambition has been realized.

Senator Hopkins has been a member of Congress since 1885 and has served on many of its important committees. He helped frame the Dingley tariff bill and has taken an active part in financial and revenue measures.

It was his "red head" that first gave him his start as a congressional lawmaker. When he first entered Congress he met the fate of all "youngsters" in not being able to catch the Speaker's eye, and thus the stack of bills for which he wished to gain consideration by the House remained unshifted upon the calendar. For every move in forwarding any one of them the recognition of the chair was necessary, but all efforts to interest the Speaker were as useless as it would be to get a nod of recognition or assent from a snow man made by school boys.

In his plight he was almost in despair, as his chance for a renomination to Congress was then in the balance. It was at this time that the brilliant "Sunset" Cox became temporary Speaker and Mr. Hopkins resolved to "cultivate" him. Cox was an inimitable story teller and raconteur; Hopkins was a good listener. When Speaker Cox was telling one of his stories Hopkins would take a prominent place in front of the Speaker's desk. Nobody laughed more heartily at the "Sunset" stories and jests. His "red head" had "caught" the unofficial eye of the Speaker and at last he had hopes of catching the "official" eye.

One day when Mr. Cox was in a particularly jovial mood the young member from Kane County introduced his bill for the cession of the Fox river islands to the town of Aurora and moved for its passage "by unanimous consent, under suspension of the rules."

"Why, bless your fine red head," exclaimed Acting Speaker Cox. "I would not refuse to recognize you from any quarter of the House. Every time I see those auburn locks of yours I have pleasant visions of a red-haired girl I used to know in school. For her sake you, with that head, can always have the recognition of this chair. The gentleman from Illinois has the floor."

Although a peal of laughter greeted the recognition, Mr. Hopkins was not sensitive and he held the floor. Five minutes later his resolution had been passed. The Fox river islands were Aurora's proud possession and the young Congressman had so strengthened himself with his home city that the future support of the inhabitants was always at his command.

Senator Hopkins' home in Illinois is at Aurora. He has three sons and one daughter, Miss Fannie, who, with her mother, is prominent in the society life of Washington.

### Schoolboy Answers.

Here are some gems of schoolboy answers to examination problems collected by University Correspondence in London:

"John Wesley was a great sea captain. He beat the Dutch at Waterloo and by degrees rose to be the Duke of Wellington. He was buried near Nelson, in the Poet's Corner in Westminster Abbey."

Askel to name six animals peculiar to the Arctic region, a boy replied: "Three bears and three seals."

"The Sublime Porte is a very fine old wine."

"The possessive case is the case when somebody has got yours and won't give it to you."

"The plural of penny is twopence."

"In the sentence, 'I saw the goat butt the man,' 'butt' is a conjunction, because it shows the connection between the goat and the man."

"Mushrooms always grow in damp places, and so they look like umbrellas."

"The difference between water and air is that air can be made wetter, but water cannot."

How Washington "Side-Stepped." "George Washington had a very peaceful and happy married life," remarked the man who likes biographies. "Had he?" responded the coarse and ill-informed person. "I am glad to hear that. I always suspected that it might be different, owing to Washington's utter incapacity for telling anything but the truth."—Washington Tar.

Up in the World. "Is he still superintendent of that powder mill?" "Oh, no; he's traveling now."

"Is that so?" "Yes. At any rate, he hasn't come down since the explosion last week."—Philadelphia Press.

A busy man seldom has time to realize how happy he is.

# HOW A BEAUTIFUL WOMAN ESCAPED SPRING CATARRH BY THE USE OF PE-RU-NA

Nothing Robs One of Strength Like Spring Catarrh—Spring Fever is Spring Catarrh.

MISS HELEN WHITMAN.

Miss Helen Whitman, 308 1/2 Grand avenue, Milwaukee, Wis., writes: "There is nothing like Peruna for that tired feeling, which gives you no ambition for work or play. After a prolonged illness, about a year ago I felt unable to regain my health, but four bottles of Peruna made a wonderful change and restored me to perfect health. As long as you keep your blood in good condition you are all right, and Peruna seems to fill the veins with pure, healthful blood. I thoroughly endorse it."

Have you got nerves? Well, you ought to have nerves. But they ought to be strong nerves, good nerves. Does your hand tremble? You are living too fast. Does your heart flutter at times? You had better call a halt. Americans live too fast. They crowd too much into a single day. They have too little leisure. The hospitals and insane asylums are filling up. The quiet, pastoral scenes of yore are becoming rare. It's time that we quit this sort of business.

How to Get Strong Nerves. First, repair the injury already done to your nerves. The way to do this is to do exactly as did Mattie B. Curtis,

secretary of Legion of Loyal Women, Hotel Salem, Boston, Mass. She said in a recent letter: "I suffered for over a year with general weakness and debility, manifested in severe headache and backache. I took four bottles of Peruna, and for two months have been entirely free from these maladies."

Nervous Prostration. Thousands of cases might be quoted in which Peruna has been used to rescue people from the perdition of deranged nerves, and put them on the good, solid foundation of health. The county auditor of Erie county, New York, Hon. John W. Neff, in a recent letter written at Buffalo, New York,

Hint for Indian Fighters. "Are there any marks by which the boy can be identified," asked the police superintendent, making copious notes of the case. "No," said the father of the missing youth, who had run away from home to fight Indians, "but there will be when I get hold of him again."—Tit-Bits.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Her Kindly Assurance. "I don't take any interest in these investigations as to whether monkeys talk," remarked Willie Washington. "I don't see why you should," remarked Miss Cayenne. "I don't believe a monkey would be able to tell you anything that you couldn't have thought of for yourself."

# DYSPEPSIA

"For six years I was a victim of dyspepsia in its worst form. I could eat nothing but milk toast, and at times my stomach would not retain and digest even that. Last March I began taking CASCARETS and since then I have steadily improved, until I am as well as I ever was in my life." DAVID H. MURPHY, Newark, O.

stated: "I was persuaded by a friend to try a bottle of your great nerve tonic, Peruna, and the results were so gratifying that I am more than pleased to recommend it."

### A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain and cleanse the blood. That Peruna will do this is beyond all question. Everyone who has tried it has had the same experience as Mrs. D. W. Timberlake, of Lynchburg, Va., who, in a recent letter, made use of the following words: "I always take a dose of Peruna after business hours, as it is a great thing for the nerves. There is no better spring tonic, and I have used about all of them."

Catarrh in Spring. The spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by spring weather. This renders medicines more effective. A short course of Peruna, assisted by the balmy air of spring, will cure old, stubborn cases of catarrh that have resisted treatment for years. Everybody should have a copy of Dr. Hartman's latest book on catarrh. Address The Peruna Medicine Co., Columbus, Ohio.

Mrs. Lulu Larmer, Stoughton, Wis., says:

"For two years I suffered with nervous trouble and stomach disorders until it seemed that there was nothing to me but a bundle of nerves. I was very irritable, could not sleep, rest or compose myself, and was certainly unfit to take care of a household. I took nerve tonics and pills without benefit. When I began taking Peruna I grew steadily better, my nerves grew stronger, my rest was no longer fitful, and today I consider myself in perfect health and strength. My recovery was slow but sure, but I persevered and was rewarded by perfect health."—Mrs. Lulu Larmer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.
