ROTTEN BASEBALL

SCHILLERS MAKE A HOWLING FARCE OF YESTERDAY'S GAME.

Were Sore Over Decision of Umpire and Took the Part of Nine Big Babies—Unsportsmanlike Conduct.

Oregon City, 19; Schillers, 0.

Of all the sights that ever was seen yesterday's ball game at Canemah Park was the worst. For over two hours Oregon City batted the sphere wherever they wanted it to go and only stopped scoring when their tired limbs gave way. Nineteen to 0 was the score. It must not be understood that the Schillers could play no better ball than they did. The game started bravely with Schillers to the bat and a large juicy goose-egg was their reward. Along came Oregon City and scored three. During this inning the visitors became dissatisfied with the decisions of Umpire Fields and attempted to jump the game. Manager Mott induced them to take all that was coming to them and the exhibition commenced. Schillers made no attempt to play baseball. Their fielding was fierce, what little there was of it. Letto pitched for the home team and had his own way. The spectators became wearied at the farce and many of them went home.

The whole game was merely a display of soreness on the part of the Schillers. They acted in a very unsportsmanlike manner and did more in yesterday's game to injure the park grounds than anything else this season. The attendance was fair. Schillers used four men in the box. In the first, third, sixth and seventh innings, there was nothing to it but fireworks, and the illumination was startling.

The score by innings was:
Oregon City..... 8 0 5 0 0 8 7 10—19
Schillers..... 0 0 0 0 0 0 0 0—0

SCHEDULE MADE UP.

Chautauqua Baseball Will Be Interesting Feature of Assembly.

Chairman W. A. Huntley, of the athletic committee of the Willamette Valley Chautauqua Association, has made up the schedule of the baseball games for the season. Five teams have entered and each team will play four games. Sundays have been left out as there will be no Sunday games and Saturday, July 25, has been left open. On that date a game will be played but the date was left for any tie that may occur. The schedule follows:

July 14, Tuesday, Sunnyside Woodmen vs. Chemawa.
July 16, Wednesday, Schillers vs. Oregon City.
July 18, Thursday, Vancouver vs. Chemawa.
July 17, Friday, Oregon City vs. Sunnyside Woodmen.
July 18, Saturday, Vancouver vs. Schillers.
July 20, Monday, Oregon City vs. Chemawa.
July 21, Tuesday, Vancouver vs. Sunnyside Woodmen.
July 22, Wednesday, Schillers vs. Chemawa.
July 23 Thursday, Oregon City vs. Vancouver.
July 24, Friday, Sunnyside Woodmen vs. Schillers.

No Principal Elected Yet.

A special meeting of the board of school directors was held Thursday afternoon but the new principal of the Eastham school was not elected. The board will hold its regular meeting tonight, when a principal may be elected. The board received the following bids for wood: E. E. Kellogg, \$2.75; W. M. Thomas, \$2.85; George Lazelle, \$3.00. The bid of Kellogg was not considered as it did not come within the requirements of the advertisement. The janitors of the buildings were ordered to inspect the wood offered by the bidders. The district will soon issue bonds to the amount of \$6000. These bonds will be issued to take up other bonds that have matured.

Condemnation Suit Compromised.

The suit of the Oregon Water Power & Railway Company vs. Mrs. Hamilton has been settled out of court. The case was tried several months ago and Mrs. Hamilton obtained a verdict for \$500. The rail way company considered this excessive and asked for a new trial, which was granted. The case was set for Friday but Mrs. Hamilton consented to accept \$250 in full settlement, and the company will pay the costs. Less than one acre of land was involved, and was wanted by the O. W. P. & Ry. Co. for right of way.

Maccabees Install Officers.

Tualatin Tent, Knights of the Maccabees, installed its officers last Thursday night. A large number of the Knights were present and an enjoyable time was had. State Commander Sherwood was present and made an interesting address and announced that he would place a deputy in this field for the purpose of increasing the membership of Tualatin Tent. Mayor G. B. Dimick also made a happy speech. Refreshments were served. The following officers were installed: Jesse George, commander; Robert Vaughn, lieutenant commander; Ed. E. Taylor, record keeper; Millard Hyatt, finance keeper; M. L. Miller, chaplain; Dr. E. A. Sommer, physician; D. H. Courtney, sergeant; J. M. Turner, master at arms; Charles Catta, first master of guards; Sam Batdorf, second master of guards; Eli Deck, sentinel; J. O. Weston picket.

Accident Narrowly Averted.

The passenger car of the Oregon Water Power & Railway Company leaving Oregon City at four twenty o'clock Saturday afternoon ran into an open switch on the Gladstone trestle. The car bumped along the ties for twenty feet and came to a stop. It was crowded with passengers for Portland. The trestle is being filled in but at the point where the accident occurred, the fill has not yet been made and the track is about twenty feet from the ground. Nothing but slow speed prevented the car from leaving the trestle, which would certainly have caused a terrible accident.

Fire Alarm System.

Chief of the Fire Department L. Ruonich has a scheme to provide for a fire alarm system in Oregon City. At the present time there is no system in use and if there is a fire in one end of town, the blaze necessitates some one who is fleet of foot to go to the nearest bell tower and jerk the rope. This is slow and fire could gain immense headway before the alarm could be turned in. Mr. Ruonich proposes to install about six boxes, three in the business district and three in the residence district. The estimated cost of the system is \$1700.

COUNCIL MEETING.

Ordinance May Be Necessary to Make South End Road Money Available.

Oregon City's council held a special meeting Friday night. The report of the committee to confer with Judge T. F. Ryan in relation to his ordinance carrying a franchise to construct and operate elevators and street railways made a report. The ordinance was read as amended and upon motion was referred back to the committee to confer with the city attorney and report at next meeting.

The petition of John T. Wilson who asked to be allowed to auction off the stock of the postoffice store on Saturday July 11, without being compelled to take out an auctioneer's license was refused.

The quarterly report of City Treasurer F. J. Meyer was referred to the finance committee.

City Engineer Rands reported that work had been done by the contractor of the sewer in district No. 3 to the amount of \$4149.99. A warrant was ordered drawn for 75 per cent of the amount, \$3111.99, in favor of E. W. Riner.

Permission was granted to Henry Weinhard to construct a cement walk 110 feet long and eight feet wide on the north side of his building on the corner of Main and Eighth streets.

Councilman Koerner asked to have the appropriation of \$1000 for the South End Road paid to Charles Albright, treasurer of the joint committees. Story was of the opinion that the ordinance appropriating the \$1000 placed the money in the hands of the street committee to be expended and now that a special committee was in charge of the road, it would be necessary to pass another ordinance to make the appropriation available. Mayor Dimick did not believe that an ordinance would be required. As he remembered the ordinance simply appropriated the money and a resolution afterwards placed the money in the street committee's hands. Mr. Kelly thought jurisdiction would follow. After a short discussion it was agreed that the money subscribed by the citizens should be collected and expended before the appropriation by the council could be used. Koerner finally withdrew his motion and the council adjourned.

Noble—Marshall.

A very pretty wedding ceremony was solemnized at the home of Mr. and Mrs. T. F. Ryan, Wednesday evening in the presence of over 100 invited guests. The contracting parties were Miss Grace G. Marshall and Emory James Noble. Rev. P. K. Hammond, of the Episcopal church, performed the ceremony.

The house was profusely decorated for the occasion with flowers and Oregon grape, the color scheme being white for the room in which the ceremony was performed, yellow for the dining room, pink for the front parlor, blue for the hall. The bridal pair stood under a bow-knot of margerites, while the minister stood behind a chancel rail of the same flower. The pair were the recipients of many beautiful presents, consisting of cut-glass, solid silverware, china, paintings, hand-carved woodwork, point lace and embroidery. The bride, a sister of Mrs. T. F. Ryan, is a popular teacher of Clackamas County. The groom, also of this city, is a well known young man in the employ of the O. W. P. & Ry. Co.

Arrested For Assault.

A warrant has been issued in the Justice Court for the arrest of J. H. Walker, who is charged with assault and battery on the person of A. LeMahieu. It seems that LeMahieu was collecting bills due S. J. Vaughn and the presentation of a bill to Walker aroused his ire and he swatted LeMahieu, who had him arrested.

Appointment of Administrator.

G. W. Ashford has filed a petition in the county Court asking to be appointed administrator of the estate of John Lender, deceased. Lender died in King county, Wash., last December. He was the owner of Clackamas County real estate to the value of \$250. He was unmarried and had no heirs so far as known.

The Landlord is Going to Raise Your Rent

He has been wanting to for a long time and now that the Fair is coming he has a good excuse for doing so and he is going to do it.

YOU DON'T NEED TO PAY IT.

Nineteen cents a day will pay for a \$1000 home. Thirty-eight cents a day will pay for a \$2000 home. You buy any home or farm you want. You pick it out your self. We will pay for it. No interest. You simply pay \$1000 for a \$1000 home. Could anything be easier? You are paying more than that now for rent. What is the use of helping the rich get richer. Did you ever see a millionaire who made his money by days labor. You never did nor you never will. You must invest your money in order to make anything. You must combine and co-operate with others if you are to make money without the hardest kind of knocks. The laboring classes are getting in worse condition every day. Now this is a call from laboring men to laboring men to combine. Don't be a mugwump. Don't be superstitious. It is by the use of their brains that capital succeeds in holding you where you are. With the little money that most of us have we can do nothing. In order to fight capital with their own weapons WE MUST COMBINE. J. Peirpont Morgan has some fine ideas. We can put them in practice as well as he can. Don't put it off. Act immediately. Every rent payer, or man who wants to better his condition; every man who pays interest must be enrolled in our Fraternal Order by the last of this month. If you have to wait when you come up to be enrolled that is all right. It will pay you to do it. If you cannot come in all out the following application and mail it to us.

ORDER OF FRATERNAL HOME BUYERS,
Portland, Oregon.

GENTLEMEN—
I wish to become a member of your order and secure a home on your plan provided I find nothing objectionable in the plan on reading over your literature. Please hold the lowest number open on your books for me and send me further particulars
Very sincerely yours,

This will suffice to hold the matter open for you until you can come in person or until we can write you further particulars of our plan. It does not obligate you to anything. The only thing the application does is to hold the lowest number open for you until you can investigate. You are sure to become a member as soon as you understand, and it will pay you to send in the application if you cannot come immediately as we cannot place everyone in their homes at once and our motto is "first come, first served." Our offices are open until 6.30 P. M. each evening to accommodate those who cannot come to be enrolled during the day. Remember this is an organization of laboring men for laboring men and if you become one of us you have a voice in the transaction of the business. Our object is to stop your rent bill, lift your mortgage or to offer you an investment that will net you more than your labor will earn you.

Let us repeat, don't be superstitious. It costs nothing to investigate and if you cannot come immediately send in the application and this announcement is your authority to reclaim the same if you do not find everything satisfactory.
