Another Got Thirty Pounds of Needed Flesh in Same Way—Blind Man Present asks Them to Cure Him and Was Led Out—Other News.

Boston, July 1.—The Christian Science Convention wound up today with an "experience meeting" in Mechanics building. There were 8,000 Scientists there and a big overflow meeting was held.

Harry Beverly Day, of New York said he had been cured of the liquor and tobacco habits, rheumatism and Bright's disease, through Christian Science in three treatments.

A Nebraska man said he was cured of rattlesnake bite in 15 minutes. He was in extremis when a hurry call was sent for a healer.

A Buffalo man told of putting on thirty pounds of much-needed flesh by Christian Science.

A child of George D. Sandborn of St. Joseph, Mo., swallowed a safety pin and, treated by Christian Science, suffered no ill effects. When the pin was swallowed it was open, and ten weeks later it was recovered, snapped.

Lady Victoria Murray, of London told of the cure of a case of blindness. A man who said he was blind stood up and asked for a demonstration then and there in his case, but the ushers escorted him to the rear in a hurry and the "experiences" went on.

ATTEST:  
Victor P. Moses,  
County Clerk of Benton County.

Portland, July 7.—Death last night ended the agony of pretty Rosa Geregino, an Italian girl, at the Good Samaritan hospital. One month ago while at play with a party of companions on a dock near her home, she tripped while running at a rapid rate. Falling headlong, she thrust her head with great violence against her right kneecap. Her teeth cut a deep gash in the flesh and blood poison set in, from which, coupled with exhaustion, the little sufferer succumbed.

This is one of the most peculiar cases on record in Portland. It was not thought that serious results would follow the accident, but the kneecap began to swell and Dr. G. F. Wilson was called in to treat the wound. He at once recognized the serious aspect and had the patient removed to the Good Samaritan hospital. Although the physician did all in the power of medical jurisprudence to save her life, it could not be done, and last night death claimed her as a victim.

No man or woman will hesitate to speak well of Chamberlain's Stomach and Liver Tablets after once trying them. They always produce a pleasant movement of the bowels, improve the appetite and strengthen the digestion. For sale by Allen & Woodward.

**Killing of Seals.**  
The increased value of sealskins in 1900 induced the lessees of the Pribilof islands, the breeding grounds of the seal herds, to kill 13,000 two-year-old seals, whereas the rule has been to kill only one seal which has not reached the age of at least three years. If the killing of two-year-olds is allowed to continue it is certain that the seal herd will soon be exterminated.

**Fattened Oysters.**  
Half-developed oysters and bivalves which are in poor flesh, as a stockman would say, are now kept in regular pens and fattened for the market, as if they were pigs or other live stock.

## THE DAM BROKE

### TWENTY-FIVE FOOT WALL OF WATER RUSHED DOWN THE VALLEY.

Swept Through a Park where Hundreds of People were Spending the Day—Many Lost Their Lives—Other News.

Greensburg, Pa., July 6.—This morning broke clear and bright over the scene of death and destruction caused yesterday afternoon by the breaking of the Oxford Park dam, at a time when the pleasure resort was filled with people enjoying a Sabbath outing. It is now estimated that nearly 50 lives were lost between here and the town of Jeannette.

The place where the awful disaster occurred is Oakford Park, three miles from Greensburg and one mile from Jeannette. It was considered the prettiest park between Altoona and Pittsburg. The Pittsburg, Greensburg & McKeesport Electric Railway Company, laid the resort out and every feature of the metropolitan park was incorporated in its beauty. Hundreds were in the habit of visiting Oakford every summer day, and on Sunday the crowds are immense. The Park lies in a ravine beside Brush Creek, a small, shallow stream. A high embankment kept the creek in its course. An artificial lake had been built above the park proper, and to hold the 20 acres of water an immense wall of stone had been constructed.

Yesterday there were fully 1,000 people at the park owing to the beautiful character of the day. About 3 o'clock in the afternoon a light rain sprung up which increased into a general downpour. The merrymakers sought shelter in the buildings covering the theatre, restaurant, merry-go-rounds, etc.

An electric storm of the greatest violence followed the general rain, while flashes of lightning and roars of thunder were going on without, the people, sheltered from the storm's fury, believed themselves safe.

At 4 o'clock in the afternoon Jas. McGrath, manager of the park, inspected the dam which held the lake, and at once determined that the lives of those in the park were in danger. He summoned all the attaches of the park and ordered that the people be notified to leave at once. Many refused to heed the advice and had to be forcibly driven from their shelter. Those who left early were saved, but others who lingered rather than face the severe storm were lost.

At 4:30 o'clock in the afternoon the creek had become so swollen that four inches of water began flowing over the 400 feet of embankment which lined the park. A half-hour afterwards the dam which had held back the waters of the artificial lake broke, and with a mad rush a wall of water 25 feet high swept down the ravine and valley below, carrying everything before it. Frantic men, women and little children endeavored to escape. Many of the belated ones were drowned or were killed in the jam of debris that rode on the crest of the torrent.

A street car standing at the little station about ready to leave for Jeannette was hurled from the track and the unfortunate people who were passengers were carried to their deaths in the mad waters.

A dispatch from Irwin, a town further up Brush Creek, states that the little stream was suddenly swollen by a terrific cloudburst that happened two miles above Irwin shortly after 3 o'clock in the afternoon. At 2 o'clock today the number of dead is not known, but it is estimated that no less than 50 persons lost their lives.

### FACIAL PARALYSIS.

Mr. Crosthwaite's Experience, and How He Was Cured.

(Albany Herald.)

Dr. Darrin, Hotel Revere, Albany, Dear Sir: In answer to your communication asking me to make a statement of my case. I most willingly do so, if by so doing anyone afflicted has I was might have their attention called to the success with which you treated me, as you know, I consulted you as regarding a very serious case of facial paralysis, the entire side of the face being completely paralyzed. I could not shut the eye, having no control over the lid; the lower lid was drooped down, and the lower side of the face badly drooped, the corner of the mouth badly drawn down. Any one can imagine the condition of a person's mind under such circumstances, I had almost given

up all hopes of ever being myself again, until I consulted you and you assured me that you could cure me. I commenced treatment at once, and commenced to improve from the start, and in three months' treatment found myself entirely cured. I make this statement willingly, that any one suffering as I have may avail themselves of your great skill.

W. T. CROSTHWAITE,  
246, Washington St., Portland.

### DEAFNESS CURED IN TEN MINUTES.

To the Editor: For about 15 years I had been afflicted with a discharging ear and deafness. I was induced to try Dr. Darrin, from the fact that he cured my uncle, Wm. Paquet, of Middleton, of deafness ten years ago. The doctor cured my deafness March 9, 1899, in less than ten minutes with electricity, and a slight operation. I will gladly answer any questions at Middleton, Ore., where I have resided for years.

RICHARD PARRETT.

### REV DR. DOANE.

Rev. N. Doane, D. D., Dean of the Theological School of the Portland University, Celebrated His Golden Wedding Last September.

This worthy man has been at the head of the M-thodist church in the Northwest over 40 years. He had a double reason to be congratulated on this occasion as he was totally deaf for years, and in spite of his advanced age, his hearing was restored by Dr. Darrin, now located at the Revere Hotel, Albany. No one will attempt to question the reverend gentleman's word, as his unblemished record is well known. He tells his story below in his own words.

University Park, Portland, Ore., April 26, 1899. To whom it may concern and encourage, to friends who have suffered like myself, the loss of hearing. On April 24th I called on Dr. Darrin, whom I believed to be a skilled aurist and physician, to restore my hearing. He applied his remedies and electricity to one ear and cured the deafness in a few minutes. Then he turned his attention to the other ear, which did not seem to yield so readily. For this ear the doctor gave me medicine to use at home, which I am now using. I think it the duty of all who are afflicted to have their hearing restored if possible, and I know of no one whom I think more skilled than Dr. Darrin.

NEHEMIAH DOANE.

### WHAT FURTHER TREATMENT DID FOR REV. DR. DOANE.

To the Editor of the Herald: Some time ago I said something of regaining my hearing under the treatment of Dr. Darrin, of which I had suffered for several years. On the first application the deafness of one ear was remedied. I applied the medicine faithfully and went again to the doctor who succeeded entirely in restoring the lost sense of hearing, so that when I went out on the street it seemed to be the noisiest city I was ever in. My hearing still remains distinct, in both ears equally good.

NEHEMIAH DOANE.

### MR. DARNELL'S EXPERIENCE WITH DR. DARRIN.

To the Editor: For two years prior to going under Dr. Darrin's electrical treatment I was afflicted with heart trouble, sour stomach, dyspepsia, bloating and pains. Dr. Darrin has cured me. Refer any one to me at my home in Medford, Oregon, or by letter. I most earnestly commend Dr. Darrin as a skilled physician.

J. K. DARNELL.
