

CRIME AND CASUALTY.

A DAY'S PARTIAL RECORD FOR OREGON.

Wong Hong Confesses—Capture of Two Hold-up Men—Peculiar Case of Larceny—Jealous Man's Resort.

Heppner, Or., July 25.—Sheriff E. M. Shutt arrived in Heppner this morning at 10 o'clock from Monument with Wong Hong Quong. Since the murder which occurred July 11, Quong's whereabouts was a mystery until Thursday, when Sheriff Shutt heard that Quong had been in the vicinity of Monument. After an all-night ride the sheriff arrived in Monument Friday morning and going to a Chinese wash-house, the officer commenced a search, and just as he was about to give up his search he noticed a manhole in the ceiling. Going through this hole Quong was found in hiding, doubled up like a rat in a corner. The murderer offered no resistance.

While getting the chink down through the hole a fire broke out in an adjoining building which added to the excitement. When handcuffed the celestial, broke down and confessed every detail of his crime. He said that while sleeping with Gong Lane, a Chinese restaurant keeper of Heppner, Lane planned the whole affair, even getting a bottle of whiskey and told Quong to go to Heppner Junction and do the job and get \$2,000 which Wong Ching had on his person and that they would divide. After getting to Heppner Junction Quong asked Ching to go out under the shade of the willows and have a talk. When arriving there Quong hit Ching on the head with a rock and took \$735 from him, throwing his body into Willow Creek. He came back to Heppner and gave Lane \$225 of the money. The murderer had \$510 on him when captured. He is now in the Morrow county jail. As the crime was committed in Gilliam county the prisoner will be taken to Condon, Or., for trial.

Cottage Grove, Or., July 25.—By the prompt action of the deputy sheriff at this place today a very neat capture of two hold-up men was effected. A young man, a stranger, was traveling through the country foot and about midway between this place and Drain, Thursday night about 10 o'clock, he was stopped by a couple of parties and relieved of a \$5 gold piece, two silver dollars and some old coins. The young fellow made his way to Cottage Grove, arriving here early yesterday morning, and reported the matter to the police, giving a very good description of the men who robbed him. The officers kept on the look out for the men, and they had not been in the city for more than 15 minutes when the officers spotted them and had them under lock and key. They were thoroughly identified by the young man, who suffered the loss at their hands, and all the money and the old coins were found on one of the parties.

Drain is in Douglas county and the officers took the culprits on the afternoon train to that place, where an examining trial will be had and the prisoners taken to Roseburg to await the action of their circuit court. All the parties are strangers and the two highwaymen have the appearance of thorough hoboes, although they are both young men.

Junction City, Or., July 25.—A peculiar case of larceny has just been reported. A farmer sold a band of sheep to a buyer and was negotiating the sale of other stock which was located on another ranch. On the way to the latter place the men passed the sheep already bargained and both presumed that the animals had broken out of their pasture, and they were grazing in the county road. As the men were in a hurry they concluded to leave the sheep where they were, supposing they would be all right. Upon returning, no sheep were in sight and upon investigation no sheep were found in the pasture. A thorough search followed and the lost property was located in a neighbor's barnyard. Strange to say, the ears of the sheep had been freshly clipped, so that they were now in the mark of the neighbor. A hasty hunt failed to reveal the whereabouts of the culprit, so the sheep were taken home and turned over to the new owner. The thieving neighbor has not yet returned.

Langlois, Or., July 25.—Henry Keller shot and killed his wife, formerly Miss Amelia Appleby aged 24 years, near the upper saw mill, on Elk Creek, this morning. He

searched for another victim, a young man, but failing to find him, shot himself. Both died almost instantly.

The cause of the shooting is supposed to have been jealousy. Henry Keller was extremely jealous of his wife, and suspected undue intimacy between her and a young man named Adolphson. This morning he was exercised to such a degree that he started out after Adolphson, armed with a revolver.

Being unable to find him he went home and shot his wife, then turned the gun on himself. Henry Keller was 33 years of age. Two children survive, both small boys. The coroner has been summoned and a jury empaneled, but the verdict has not been rendered.

Mr. Keller was a very quiet retiring man, and had a kind and loving disposition towards his wife and children, and his friends here can account for the deed only by the extreme jealousy.

North Yakima, Wash., July 25.—William Miller, a resident of the Banas Valley, was found dead Friday morning at the foot of a cliff on the road leading to his home. It is supposed that he fell over the cliff and was killed instantly. He was in this place Tuesday and went home in the night. When he did not turn up three days later a search was made with the above results. He was about 50 years old and leaves a family.

Chattanooga, Ten., July 25.—The 125 negro convicts leased by the state of Georgia to the Georgia Iron & Coal Company at Coal City are still in revolt. Yesterday afternoon they resented the punishment of one of their number and in the mix-up that followed two convicts were killed by the guard. The remainder of the prisoners barricaded themselves and are being starved out.

NEW TREATMENT FOR VARICOCELE.

(Albany Democrat.)

So many people, old and young, are affected with varicocele that a means of having it cured was something long sought for and surgical science has been at fault until very recently. Dr. Darrin, at Revere Hotel, Albany is now able to accomplish it, absolutely without pain or detention from business, so the cure is permanent and lasting. As a proof of this assertion we refer, by permission, to Mr. A. J. Armstrong, cutter and chief assistant of "Nicol, the Taylor," at 83d Third street, Portland. Read his card:

To Whom It May Concern.

Without solicitation I volunteer my testimonial in favor of Dr. Darrin, who cured me of an aggravated case of varicocele of many years standing. Had despaired of cure until ten years ago I tried Dr. Darrin's new method and was permanently cured, and had no return of the trouble. I most emphatically recommend Dr. Darrin as a skillful physician and straightforward man in business. Will gladly confer with any one, either in person or by letter, at 80 Third street, Portland, where I have been employed for years. A. J. ARMSTRONG.

To the public: December, 1892. I came to Dr. Darrin for treatment of deafness and ringing in my ears of 20 years standing. I was unable to hear without people speaking very loud to me. After one month's treatment I could hear as well as ever in my life, and feel called upon to tell the public my experience, that others may avail themselves of Dr. Darrin's skill. I live at 420 Front Street, Portland, and work in Johnson's shipyard. The cure by Dr. Darrin of ex-Sheriff A. T. Shoop's daughter, 320 Front street, of malaria, rheumatism and liver complaint, is why I applied to Dr. Darrin. A. L. RICHARDSON.

DR. DARRIN'S PLACE OF BUSINESS.

Dr. Darrin can be consulted free from 10 to 5 o'clock daily; evening 7 to 8; Sunday 10 to 3. at Revere Hotel, until October 1.

The doctor makes a specialty of all diseases of the eye, ear, nose and throat, catarrh, deafness, bronchitis, la grippe, heart, liver, bladder and kidney diseases or those who suffer from apathy and indifference; also consumption, genito-urinary and skin diseases in either sex, such as blood taints, seminal weakness and lost vigor, varicocele and stricture.

All curable chronic diseases treated at \$5 a week or in that proportion of time as the case may require. No case published except by the permission of the patient. All business relations with Dr. Darrin strictly confidential. Electrical appliances furnished. One visit is desirable, though many cases can be treated by home treatment by writing symptoms.

THE COMET.

A STRANGE CELESTIAL VISITOR IS SEEN IN THE HEAVENS.

On August 21, it will Pass Between the Earth and Sun—It has two tails, and is 28 Million Miles Distant.—Other News.

New Haven, July 18.—Twenty-eight millions of miles away traveling twenty-five miles a second, Borelli's comet is attracting more attention than any comet that has appeared in years.

A three hour exposure with a camera enabled Mason Smith, assistant at the Yale Observatory, to secure a fine picture of the new comet. So rapid is the motion of the comet that the camera following it was obliged to travel faster than the stars, so that the photographic plate appears with starry trails across its face. The new comet has two tails, which while not showing plainly in the photograph, are distinctly visible to the naked eye, or through a small opera glass.

The new comet's nucleus is 400 000 miles in diameter, while the tails, appear to be between two and three million miles long. They may be much longer as the astronomers are unable to tell at just what angle we observe them. The new comet will continue to increase in brilliancy, but will probably be more distinctly visible, for from now until Aug. 21 it will recede further, and further from the earth.

On the date mentioned above it will pass between us and the sun and will become visible.

Grand Rapids, Mich., July 26.—A young woman, giving the name of Mrs. Aurora Hodge, her age 19, and her home Denison, Ia., entered the office of Superintendent of Police Carr today and said she wanted to give herself up, declaring that she had killed a man near Salt Lake, Utah, on July 11 last. She said she had parted with her husband a few months after their marriage and went on the road with a traveling medicine vender as his bookkeeper.

"When on a lonely spot near Salt Lake City, July 11," she said "he attempted to assault me and I shot him with a revolver I had been carrying. I left him in the wagon and went to Salt Lake City to give myself up, but my nerve failed me and I took the train for Denison. I told my brother, and when he went to tell the authorities I fled to Chicago. There I secured a position in a Spring Lake, Mich., hotel, but could not rest with it on my mind, so I came to Grand Rapids to give myself up."

Mrs. Hodge refused to give the name of the man she killed. Chief Carr is investigating and the woman is in jail.

A telegram late to night from Acting Chief of Police Burbridge, of Salt Lake City, to Chief Carr confirms Mrs. Hodge's story. It states that there is a warrant for her arrest for murder and asks that she be held for the Salt Lake City authorities.

Salt Lake, Utah, July 26.—Mrs. Hodge is wanted in Salt Lake in connection with the killing of William X. Ryan, a traveling spectacle peddler, in the canyon south of this city about two weeks ago. The object of the murder is supposed to be robbery, as Ryan was known to carry a considerable amount of money with him. When the body was found the legs and arms were tightly bound and the head was crushed with some blunt instrument.

The police of this city have suspected that Mrs. Hodge was connected with the crime, and a few days ago issued a warrant for her arrest at Denison, Ia.

Camak, Ga., July 26.—Two were killed and six wounded, four of them it is believed, fatally, as the result of a row at a negro church here today, in which pistols and razors played a deadly part.

The entire population of the town is terrorized as a result of the affray, which started over a dispute of some sort. There was a wild rush to get from the building, and women and children were trampled under foot.

CHEAP FUEL IN GERMANY.

Briquettes Made of Peat and the Dust and Waste of Coal Mines, Generally Used.

Among the several branches of German industry which deserve the attention of Americans by reason of their economy, their recovery or utilization of some raw material which exists unused in this country, or because they invoke the most intelligent application of scientific knowledge to technical processes, may be reckoned the manufacture of briquettes from brown coal, peat and the dust and waste of coal mines.

Briquettes form the principal domestic fuel of Berlin and other cities and districts in Germany; they are used for locomotive and other steam firing, and are employed for heating in various processes of manufacture. For all these uses they have three tangible advantages: They are clean and convenient to handle; they light easily and quickly, and burn with a clear, intense flame; they make practically no smoke, and are, withal, the cheapest form of fuel for most purposes.

Like most other important German industries, the briquette manufacture is controlled by a syndicate which includes among its members thirty-one firms and companies, or more than nine-tenths of all the producers in the country, and regulates the output and prices for each year. From the official report of the syndicate for 1901, which has recently appeared, it is learned that the total output during last year was 1,566,385 tons, to which is to be added the product of makers outside the syndicate, consumed at works, small retail sales, etc., making a grand total of 1,643,416 tons.

The average selling price in large quantities was \$3.16 a ton.

There is one grocery store in town which does not close at 6 o'clock. That's Chipman's.

Fast Train Service.
Commencing Monday, July 6th, the Astoria & Columbia River Railroad Company will resume its summer special seaside schedule, and train leaving Union depot at 8 a. m., daily will run through direct without transfer at Astoria to all Clatsop beach points, arriving at Astoria at 11-30 a. m., Gearhart Park at 12-20 p. m., and Seaside at 12-30 p. m., making direct connection at Warrenton for Flavel.

Beginning Saturday July 11, and every Saturday thereafter the popular Portland-Seaside Flyer will leave the Union Depot at 2-30 p. m., arriving at Astoria at 5-40 p. m., Gearhart Park at 6-40 p. m., and Seaside at 6-50 p. m., making direct connection at Warrenton for Flavel.

In connection with this improved service, round trip season excursion tickets between Portland and all Clatsop and North Beach points are sold at \$4 for round trip and Saturday special round trip tickets between same points good for return passage Sunday at \$2.50 for the round trip.

Special Season commutation tickets good for five round trips from Portland to all Clatsop and North Beach points sold for \$15. Beach excursion tickets issued by O. R. & N. and Vancouver Transportation Co will be honored on trains of this company in either direction between Portland and Astoria.

Additional information will be gladly furnished on application to J. C. Mayo, G. P. & F. A., Astoria, Ore. or B. L. Lewis, Comm'nditor 248 Alder st., Portland, Ore.

Write for the novel and catchy Seaside pamphlet just issued telling about summer girls, seascapes and sunsets at Seaside.

MRS. CECELIA STOWE, Orator, Entre Nous Club.

176 Warren Avenue, CHICAGO, ILL., Oct. 22, 1902. For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

WINE OF CARDUI
Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.

Mr. and Mrs. W. G. Emery,
Photo Artists,
Have purchased the Studio of Mr. Philips, on Main Street, and will be pleased to show samples of work and quote prices to all.
