

CRANK SEEKS HIM.

ROOSEVELT IS SAVED BY SECRET SERVICE MEN.

Loaded Revolver Is Carried—Incident Shows Wisdom of Maintaining Close Guard Over the President.

Oyster Bay, L. I., Sept. 2.—Henry Weillbrenner was arrested at Sagamore Hill last night while making a persistent demand to see President Roosevelt. The man was armed with a revolver, fully loaded. He was taken to the village and placed in the town prison.

Shortly after 10 o'clock last night Weillbrenner drove to Sagamore Hill in a phaeton. He was stopped by the Secret Service men on duty. Weillbrenner said he had a personal engagement with the President, and desired to see him. As it was long after the hour when visitors are received, the officer declined to permit him to go into the house. The man insisted, but the officer turned him away.

Soon after Weillbrenner returned, and again insisted that he be allowed to see the President if only for a minute. This time he was ordered away and warned not to return.

Just before 11 o'clock the man returned and a third time demanded of the officer that he be permitted to see the President at once. The officers promptly seized him and drew him out of the vehicle over the front wheel. The scuffle attracted the President's attention. He appeared at the door overlooking the driveway from the veranda as Weillbrenner was being taken into the stables, but returned to the library almost immediately. After the man had been turned back a second time, despite his insistence that he had an engagement with the President, the officer, to make assurance doubly sure, inquired of the President about the fellow. Mr. Roosevelt was in his library, only a short distance from the spot where the officer had stopped Weillbrenner's horse. He had told the officer that he had no engagement with anybody.

Later Weillbrenner was brought to the village and looked up. He is five feet five inches high, 28 years of age, has a medium-sized dark mustache, black eyes, and is evidently of German descent. He resides in Syosset, about five miles inland from Oyster Bay. He was well dressed in a suit of black material, and wore an old-fashioned Derby hat.

It is thought by the officers that Weillbrenner was accompanied by two other men as their footprints were found in the mud alongside of the buggy tracks. In view of this fact, the officer on duty telephoned to the village for assistance, and was soon joined by two Secret Service officers.

While Weillbrenner talked rationally to the officers last night, it seems evident from his conversation today that he is demented. He said that he had received a telegraphic message from the President directing him to call at Sagamore Hill.

Weillbrenner's buggy was taken to a local livery barn. When asked what he came of the rig, Weillbrenner replied:

"Oh, the President has taken care of it. That's all right."

Weillbrenner is reported by those who have seen him to be a dangerous lunatic.

At Syosset it is learned that the man is the son of a truck farmer, and is one of three boys. He has two sisters. The family is respectable and is held in general esteem. Weillbrenner several years ago had a nervous attack, which rendered him mentally helpless for a day or two but his family thought he had been quite restored by medical treatment. Since then he had manifested no symptoms of mental aberration. He had no socialistic or anarchistic tendencies, so far as known, never having been interested in questions of that kind. He was employed daily on his father's farm.

Constantinople, Sept. 1.—Children playing in the street of the Obstakeny district, near the Yildiz Kiosk, today saw a hot air balloon alight, and examination proved that it contained a bomb with a fuse attached. It is believed that the balloon was set free by agents of the revolutionists, who hoped it would alight within the Yildiz Kiosk and blow up the sultan's palace.

The incident has aroused a wild search both within the palace and throughout the city for the guilty parties.

San Francisco, Sept. 1.—Detectives have been sent to Petaluma on a new clue in the Bowers poisoning case. It has been learned that William Walsh, a saloonkeeper there, told Bowers of a man named Leary and his intimacy with his wife, and that Bowers met and beat Leary severely for the same. Leary denies any knowledge of the poisoning, but the police believe Walsh will be able to settle the point. Attorney Thomas Vaughn arrived this morning from Portland to assist in the defense of Mrs. Bowers. He was sent by Mrs. Byers the mother of the accused woman.

One detective who is very familiar with the case stated this morning that there was no doubt that Walsh had lots of information gained from Leary, who was a frequenter of his place. It is the belief of this detective that Mrs. Bowers resented the attack made on Leary by her husband, and that together they concocted a scheme to rid themselves of him.

St. Louis, Sept. 1.—Alma Toomey, aged 12 years, who was stabbed on August 7 by Thomas Barnes her aged suitor, will be able to leave the hospital in a few days. She has completely recovered from the wonderful operation of displacing her heart. The girl's heart was lifted out of its cavity by physicians and placed on her chest, where it was examined and found uninjured.

Judge Whitney's Experience.

One of Albany's Most Prominent Citizens Cured of Deafness by Dr. Darrin.

Judge Whitney, so well and favorably known throughout the county and state is another witness to the workings of electricity, as he has just come out of the "electrical chair" not electrocuted, but cured of deafness by Dr. Darrin, the specialist, who has consented to remain until December 1st, on account of so many earnest personal requests from people desiring to avail themselves of the benefit of his services. He has refused none who have come to him needing his services and he has been perfectly frank in telling each one the true condition of his or her case, and just what might be expected as the result of treatment, or whether any treatment would do good.

The rooms of Dr. Darrin at the Revere House are often crowded, and he is kept constantly busy. There are a great many people who will be glad to know that the doctor has been prevailed upon to remain.

JUDGE WHITNEY'S OPEN LETTER.

ALBANY, Or., Aug. 27, 1903.
Dr. Darrin—Dear Sir: Your electrical and other treatment of my ear has been entirely successful. I have been for a number of years past troubled with a roaring in one of my ears, and I was gradually losing my hearing from some cause. My hearing had become so impaired that it was very difficult for me to hear any person talking in an ordinary conversational tone of voice. A short time ago I commenced taking treatment from you for the roaring in my head and deafness. The roaring in my head has entirely ceased, and my hearing has returned so that I can hear as well as I ever could. You are at liberty to refer any one to me or publish this letter.

Very respectfully,
J. J. WHITNEY.

DR. DARRIN'S PLACE OF BUSINESS.

Dr. Darrin can be consulted free at the Hotel Revere, Albany, from 10 to 5 o'clock daily; evening 7 to 8; Sunday 10 to 3.

The doctor makes a specialty of all diseases of the eye, ear, nose and throat, catarrh, deafness, bronchitis, la grippe, heart, liver, bladder and kidney diseases or those who suffer from apathy and indifference; also consumption, genito-urinary and skin diseases in either sex, such as blood taints, seminal weakness and lost vigor, varicocele and stricture.

All curable chronic diseases treated at \$5 a week or in that proportion of time as the case may require. The poor treated free except medicines, from 10 to 11 daily. No case published except by the permission of the patient. All business relations with Dr. Darrin strictly confidential. Electrical appliances furnished. One visit is desirable, though many cases can be treated by home treatment by writing symptoms. Eyes tested and glasses fitted.

The doctor will remain until December 1st and those wishing treatment will do well to call soon as many require second treatment.

CORN HUSKERS' GATHERING.

The Iowa Benton Co. Association Holds its First Annual Picnic.

The following report of the Iowa picnic is sent to the Times by an officer of the association:

A perfect Oregon day bid fair to gladden the hearts of an Iowa crowd and at 10:30 a. m. on September 1st, an Avery grove on the bank of Mary's river re-echoed with the voices of merrymaking cornhuskers from the great corn state.

At 10 a. m. a business meeting was called by chairman R. N. White and this organization was made permanent, with the following officers elected for the ensuing year: President, O. J. Blackledge; vice president, R. H. Colbert; treasurer, H. M. Woods; secretary, J. E. Fowells; assistant secretary, Olive Mallow; musical director, R. N. White. The following committee on Constitution By-laws was elected.—Chairman A. K. Milner, Prof. Kent, G. F. Rice, Rev. Handsaker.

The association adjourned to meet at the call of the president and the hungry crowd repaired to nature's dining hall, where the good dames had prepared a feast fit for an Iowa governor, which the Hawkeyes devoured with an Oregon appetite.

At 2 p. m. the program opened with the song "Iowa", by an octette composed by R. N. and F. White. Blackledge, Waldo and Wallace Colbert, Mesdames Mears, Swann, and Blackledge, Invocation by Rev. Handsaker. A short address by Prof. F. L. Kent, twenty-five years a resident of Iowa, who spoke on the merits of the East. Solo, Mrs Mears, "Wide Rolling Prairie Land." Rev. Handsaker of the Christian church, eight years a resident of Iowa, gave a brief address, in which many good comparisons with Iowa and Oregon were made, and in conclusion offered the following: "Resolved that we neither go back on Iowa, or back to her." The Octette sang, "Beautiful West." Reading, "The Husking Bee." Miss Mallow. Reading, "The Watermelon." Mrs. Mears.—Solo, "Oregon Land", Waldo Golbert. This concluded the program which was enjoyed by all present.

During the day ninety-two Iowans registered of which forty-four were native born. Seventeen different states and five foreign countries were represented; only one native born Oregonian had resided in Iowa, showing that the people of this fair western state knew a good thing when they see it. The longest resident of Iowa registering was fifty-five years.

Thus passed the first annual picnic of the Iowa organization formed for the purpose of friendship and mutual benefit not only to its own members, but also to promote good citizenship in this grand and glorious sun-kissed state Oregon—Our own beautiful Oregon.

THE HILLS LOG DRIVE.

Consumed Nearly Four Months from Lost Creek to Corvallis.

The first logs in a drive of two million feet for the Corvallis Sawmill Company, went into the boom here Wednesday and by Saturday evening the drive will have been completed. The logs consist of fir, ash and maple. Scaling began Thursday afternoon by Geo. Spencer for the mill company and J. S. Hill for the logging company.

These logs were procured from J. B. and J. S. Hill, who operate near the head of Lost creek which empties into the Willamette fork about thirty miles above Eugene. The logs here with a great quantity of others were placed in Lost creek twenty-five miles above its mouth. On this creek three flooded dams are used in the process of floating the timber to the Willamette. A drive of several feet was stated on May 18th, and the active work of keeping the logs moving has been done largely by four of the Eaton boys and four of the Hills and all will be here when the last log is boomed.

Out of the drive started, two and a half million feet were disposed of at Springfield to the Booth-Kelly Company, the Eugene Sawmill Company received 900,000 feet, and George Baker's new mill at Eugene, 400,000 feet. On account of the low water in Lost creek the logging company was compelled to leave seven million feet of logs in the stream. It was only with the most strenuous effort that the company was able to partially fill its contract with the mills.
