## STORM IN NEW YORK

**FIERCEST WIND AND RAIN  
IN THE CITY KNOWN  
FOR YEARS.**

**Cabs Are Blown Over and Hun-  
dreds of Windows Broken—  
Two Masked Men Rob an  
Arlington Saloon and  
Depart With \$500.**

New York, Sept. 16.—Greater  
New York and its environs for  
several miles in all directions was  
visited today by the fiercest wind  
and rain storm known hereabouts  
in years. The day began with rain  
which increased with the wind,  
and for about two hours about mid-  
day the combined fury of the ele-  
ments wrought damage on land and  
water amounting to many thou-  
sands of dollars. The gale culmi-  
nated at noon in a wind velocity of  
54 miles an hour.

Apparently solid sheets of water  
drove across the city, drenching ev-  
ery unfortunate caught without  
shelter, and the gauge at the weath-  
er bureau registered 1.30 inches  
precipitation in two hours. Then  
the storm subsided. By the mid-  
dle of the afternoon the wind had  
dropped to a mere breeze and the  
sun broke through the clouds.

The gale was especially severe at  
sea, causing havoc to the shipping  
down the bay, where many vessels  
were sunk or wrecked.—The worst  
of the damage was reported from  
Staten Island. The entire fleet of  
the Staten Island Yacht Club at  
anchor was either sunk or wrecked.  
The pilot boat Hermit was driven  
ashore and there was a collision be-  
tween a schooner and a barkentine.

A tugboat was wrecked in Hell  
Gate. The hurricane burst with cy-  
clonic force on the center of the  
city, loosening the 250-foot spire of  
St. Bartholomew's Protestant Epis-  
copal church in Madison avenue.

The steeple of the South Congre-  
gational church in Brooklyn also  
was loosened. Trees were torn up  
and the streets of the city were lit-  
tered with signs and umbrellas of  
unfortunate pedestrians who hap-  
pened to be out in the fury of the  
storm. Telegraph and telephone  
wires above ground were broken in  
all parts of the Metropolitan dis-  
trict.

The tugboat James Kay was blown  
over Hogs Rock in Hell Gate and  
completely wrecked. The captain  
and crew saved themselves by swim-  
ming towards the island. The streets  
of Manhattan borough were strewn  
with broken signs and other debris.  
Scores of plate glass windows along  
Broadway were broken, the vicinity  
of the Flatiron building at Twen-  
ty-third street suffering severely in  
this respect.

In the Flatiron itself 40 windows  
were smashed. Occupants of the  
building said they felt the huge  
structure sway in the gale and many  
were so badly scared that they  
left the building.

An express wagon was blown over  
while turning the Flatiron cor-  
ner and the driver and James Bil-  
lings, who were crossing the aven-  
ue, were both seriously hurt. Sev-  
eral cabs on Fifth avenue were also  
blown over. A score of others were  
more or less injured in this neigh-  
borhood.

Arlington, Or., Sept. 17.—"Hold  
up your hands," was the startling  
summons to the men in the Arling-  
ton saloon, run by A. J. Coe, about  
12:30 this morning. Intent on var-  
ious games the seven men had not  
noticed the entrance of two masked  
robbers. But 14 hands went up  
simultaneously and were held stiff  
and straight in the air.

The intruders were very method-  
ical in their actions. First the "21"  
game roll was taken. That amount-  
ed to \$160. The "bookmaker's"  
wheel yielded about \$130. The  
barkeeper moved over while one of  
the bandits took about \$25 from the  
cash register.

"Open the safe," said the short  
man. The bartender hesitated, but  
a glance into the muzzle of the gun  
held by the tall man was sufficient  
and the safe was looted of its con-  
tents; even checks were taken. One  
of the checks was for \$45 and  
payment will be stopped in the  
morning. In all \$500 was obtained.  
"Good evening, gentlemen," said  
the short man, who seemed to be  
the spokesman. Then the pair  
backed out through the rear en-  
trance, and disappeared.

London, Sept. 15.—The Times is  
in receipt of a dispatch from its  
correspondent in Sofia that Bulgar-  
ia will not wait longer than sun-  
rise tomorrow for some satisfactory  
information that the powers of Eu-  
rope will intercede and save thou-  
sands of helpless ones in Macedonia  
from the butchery of the Turk.

So intense has become the situa-  
tion that private citizens in the  
Bulgarian capital, when compelled  
to go upon the streets, appear ac-  
companied as soldiers.

Secret meetings are held almost  
hourly and there seems little doubt  
that the crisis of war is at hand.

A war with Turkey means a war  
knowing no end of cruelty, for they  
give no quarters. Prisoners will  
be tortured and even the maimed  
in battle will have their wounds  
torn afresh that they may suffer  
more.

The red cross has no significance  
and the hospital no patients.

Not that the Bulgarians, Macedo-  
nians, Salonians or other revolt-  
ing provincial people will be more  
merciful. They will be as the in-  
habitants of the land. All are Sar-  
acens.

The correspondent continues by  
saying that those to be most pitied  
are the women and children, par-  
ticularly young girls. These, es-  
pecially the latter, will not be killed  
by other means than such as  
cannot be told.

Sofia, Sept. 15.—Dispatches late  
today state that the Turkish caval-  
ry, which has taken stations along  
the frontier, is ruthlessly killing all  
refugees who attempt to escape from  
the disturbed district into Bulgar-  
ia. Sharpshooters amuse them-  
selves taking shots at men, women  
and children. Albanians have de-  
vastated Mable, Dokozuk and Kara-  
lia, killing scores of inhabitants.  
People here are clamoring for war.  
Emisaries have today gone to Pe-  
ter of Serbia, urging him to join  
Bulgaria.

Washington, Sept. 15.—Despite  
the report of Admiral Cotton, dated  
Sunday, that peaceful relations ex-  
isted at Beirut and that the popu-  
lace was in a state of contentment,  
there has gone out from the state  
department an order that marines  
will be landed in the city. When  
this will occur is not definitely  
known, but it is believed that more  
serious complications have arisen  
during the last 36 hours than the  
government officials are at liberty  
to make public.

Chicago, Sept. 15.—Protestant  
ministers of Chicago, meeting at the  
Young Men's Christian Associa-  
tion building, have agreed to aid  
the Macedonian relief fund and ap-  
proved the work of the Macedonian  
committee. Natives of Macedonia  
are enlisting in the regiment be-  
ing organized by the Boris Stain-  
las Tavetjef. G. M. Teilka, hus-  
band of the missionary held in cap-  
tivity with Ellen Stone, has offered  
his services. The Macedonian com-  
mittee has issued an appeal for fi-  
nancial aid.

ers Exposition and Carnival will

The Exposition will be held on

jacent streets, and in addition to

## BEAR CAUGHT BY HAND

**CINNAMON BEAR TACKLES A  
BOATING PARTY OF PORT-  
LANDERS.**

**Bear Breaks Out of Quarters, but  
Ties Himself Up Again in Cir-  
cling a Big Tree—Is Set  
at Liberty Then  
Shot—Other  
News.**

Portland, Sept. 15.—The Jour-  
nal Says: A party composed of J.  
Crandall, Wilson A. Pearson and  
Timothy Pearson of Portland, at  
Collin Hot Springs last week had  
an exciting experience.

"Last Thursday while one of the  
cripples at the springs was walking  
around doing nothing," said Tim-  
othy Pearson, "he saw a monster  
cinnamon bear across the creek.  
The man was a little way from the  
camp at the time he saw the ani-  
mal and became so excited that he  
forgot about having a crutch and  
actually ran into camp."

"Arriving there he told the party  
what he had seen and J. Cran-  
dall, Wilson A. Pearson and myself  
took a rowboat and began to cross  
the stream. We took along several  
rifles.

"We had rowed about two-thirds  
of the distance across the stream  
when the bear espied us and instead  
of making away in the timber set  
out to meet the boat. We were row-  
ing at a very fair rate of speed and  
just as the bear was to get into the  
boat the skiff shot suddenly for-  
ward.

"A. Pearson who was in one end  
got hold of the boat's large chain  
and managed in some way to get it  
around the animal's body. Another  
man looped the painter around  
the bear's neck. Though he was  
struggling with all his might we  
finally managed to tow the bear in-  
to camp. We boxed him up and  
took him to the springs. Dur-  
ing the night he chewed the box in-  
to several pieces, but in trying to  
get away got his chain wound a-  
round the base of a large tree where  
we found Mr. Bear securely tied  
next morning.

"After this incident we concluded  
that he was entitled to his liberty  
and consequently let him go and  
amid the yells of the crowd he start-  
ed on a run from camp. Finding  
that he was not gaining very fast  
on his pursuers he climbed a large  
tree and scrambled up on a high  
branch. The women of the party  
thought that as we had been feed-  
ing him for some time we would  
never get rid of the animal until he  
was shot, so Jailer Jackson, who  
happened to be at the springs,  
tumbled Mr. Bear off his perch  
with a bullet.

"It was the largest cinnamon  
bear I ever saw and I think it is  
the largest ever caught alive by  
hand."

**Jacksonville, Fla., Sept. 15.—**

Further news of the storm contin-  
ues to arrive, though a large part  
of the storm-swept area has not yet  
been heard from. Wires are still  
down and it is impossible to get  
trains through on account of wash-

outs. Three negroes were killed by  
falling timbers at the camp of the  
Cummer Lumber Company near  
Gainesville. Another was proba-  
bly fatally hurt. Several houses  
were wrecked.

At Mulberry, the phosphate mines  
are said to be greatly damaged.  
They have been compelled to shut  
down on account of the high water.  
From all parts of the state great  
damage to the turpentine industry  
is reported.

Wire connection was made to-  
night with Arcadia, in De Soto  
county, about 4 miles south of Tam-  
pa. A special from there says the  
damage to the orange groves is  
very great. Orange men estimate  
the loss to the crop from 25 to 40  
per cent. Many houses were blown  
over but only one man was killed.

Cheyenne, Wyo., Sept. 15.—A  
heavy snow storm has been in pro-  
gress here since Sunday, and shows  
no indication of abating. A great  
deal of snow has fallen, but it melts  
almost as soon as it strikes the  
ground.

From Laramie come reports of a  
fall of 18 inches of snow during the  
past 24 hours. Telephone and elec-  
tric wires were broken by the  
weight of the snow, and last night  
the city was in darkness. Reports  
from the country state that the  
grain crop in Albany has been  
ruined.

Denver, Colo., Sept. 15.—Reports  
from the northern part of the state  
are to the effect that a storm has  
prevailed there during the past 24  
hours. In a number of places snow  
fell and the storm approached the  
proportions of a blizzard. In the  
mountains it has been snowing for  
several days. In the neighborhood  
of Buena Vista a high wind pre-  
vailed, causing the snow to drift.  
In many places it is reported to be  
ten feet deep.

La Crosse, Wis., Sept. 15.—Heavy  
winds north of here are responsible  
for a rise of three feet in the Mis-  
sissippi River at this point dur-  
ing the past 48 hours. The river is  
eight and a half feet above low wa-  
ter mark, and is rising an inch an  
hour. Farmers on the lowlands are  
preparing for the third flood of  
the year.

Moultrie, Ga., Sept. 15.—A tor-  
nado which struck this section to-  
day, destroyed the county school  
house, those in the building escap-  
ing. Three negroes were seriously  
injured.
