—Mrs. John Rickard who resides with her husband on their farm near Bruce was injured last week by being thrown from a wagon in a runaway. Dr. Bennett of Bellfountain was hastily summoned, but the extent of Mrs. Rickard's injuries could not be ascertained from farmers who came to town Monday from the locality. Mrs. Rickard is an aged lady, and the impression is that her injuries are serious.

—A. L. McFadden was in town over Sunday, and left Monday for Portland. It was the first visit of Mr. McFadden to Corvallis since the hearing of the case brought against him by J. B. Tillotson in a Portland court and he was the recipient of many congratulations. It is probably one of the first cases on record in which the sentiment of a community was entirely with one side, a fact due largely in this instance to the well known integrity of Mr. McFadden, which made it impossible for a people to be made believe that charge put forth by Tillotson. The jury, it will be remembered, was out but five minutes. Two or three minutes after retiring, a burst of applause in the jury room was heard in the court chamber, which told significantly that there was an immediate agreement, and that the jurors were enthusiastic in a desire for the acquittal of the defendant. All the testimony except that of Tillotson himself, was adverse to the claims of the prosecution, leaving no doubt in the minds of all present that Mr. McFadden was entirely innocent of the charge against him.

—The Senior excursion Saturday was a financial success, while the joy of the occasion was unalloyed. The day proved ideal, except that the breeze on the beach was rather stiff. From Albany there was perhaps eight or ten passengers, at the Corvallis depot 274 tickets were sold, not including the O. A. C. band, which numbered 15 pieces, and at Philomath 46 passengers boarded the train. There were three coaches, and the excursion left Corvallis promptly at 6 a. m., returning at ten p. m. The seniors are to be congratulated on the perfect carrying out of all their plans, and the entire success of the affair from start to finish.

—A Corvallis young lady took advantage of Sunday's excursion boat to visit her chappie at Independence, expecting to come home with the returning excursionists. The long summer day, it seems, did not afford the young people sufficient time to exchange all the compliments in store for each, and although they stood upon the Independence wharf during the vessel's stay there on its return, they were two deeply engrossed in dreamy conversation to note the time of its departure, and when they awoke to a realizing sense of the situation the steamer was well out in the stream. But after all, it is suspected that they planned to be left, since, in a few minutes, the young man had a railroad tricycle in readiness to propel the young lady to Corvallis.

ALBERT CARTWRIGHT.

Death of Respected Pioneer who Came to Oregon Fifty Years ago.

The death of Albert Cartwright father of Charles Cartwright of Monroe precinct, occurred last Thursday. Particulars with refence thereto are supplied in an article written by Rev. M. M. Waltz, which is as follows:

Albert Cartwright was born in Michigan the 2nd day of April 1834. He came to Oregon in 1853 and settled near Oregon City. In Chehalem he was married to Mary Hessin in 1860,

In 1863 he moved into Marion county where he continually resided until he came into Benton nearly three years ago and made his home north of Monroe. He died May 19 leaving of his immediate family a wife and one son.

One son and a daughter died in 1884. Of the four brothers who grew up with him only one C. M. Cartwright now a resident of Portland Oregon survives him.

For many years Mr Cartwright has been a faithful servant of the Living God and a member of the Christian church. To him death is but the gathering into the Paradise of God.

Findley, O., May 22.—As the result of an explosion in the drying rooms of the Lake Shore Novelty plant here today, several persons are known to be dead, five are so severely hurt that recovery is impossible and 12 or 15 injured slightly. From reports of physicians ten of the less seriously injured may die of blood poisoning as a result of the potash that was driven into their bodies.

The plant covered nearly ten acres of ground in the southwest part of the city and employed nearly 200 men, women and children. Railroad torpedoes and Fourth of July explosives were manufactured. Owing to the large rush of orders the officials of the plant required the employes to report for duty today. About thirty complied with the request.

This morning two explosions shattered windows throughout the city and startled the citizens. The concussion was felt for miles around. To magazines in separate rooms had let go simultaneously with terrible results.

The exact cause of the explosion is not definitely known. It is surmised that one of the Sherwood brothers, who were the only persons in the drying rooms, dropped a large box of torpedoes, but this theory cannot be confirmed.

The explosion occurred shortly before the employes assembled for duty. At least 20 persons were on their way to the factory when the explosion occurred.

Human forms were strewn considerable distances apart on the factory site. The remains of the Sherwood brothers were found in drying room No. 1, mangled and almost unrecognizable. Their clothing was blown from their bodies, save a stocking on the right foot of Jay Sherwood.

The body of Edith Dillon was picked up 200 yards from where the explosion occurred.

The immense plant was shattered into fragments and not a single wall remains standing. Bricks and timbers were scattered for a half mile around.

The property loss is $60,000. The plant, it is said, will not be rebuilt.
