J. H. HARRIS.

GOVERNOR PEABODY

**MADE TO READ RESOLUTIONS
AND WARNED TO LEAVE
CITY OF CHICAGO.**

Three Chicago Union Men Enter His Room—He Tells Visitors He Will Deport More Men—Butte Miners Donate \$25,000 to Pledge the Act of Deportation.

Chicago, Ill., June 24.—While Governor James H. Peabody, of Colorado, was alone in his room at the Auditorium Annex dressing for the dinner of the Illinois Manufacturers' Association last night, three men entered unannounced. Questioned as to their identity and purpose, the spokesman of the party, who gave his name as Emil Arnold, and his business as editor of a Chicago labor paper, stated that they bore a set of resolutions passed by the board of business agents of the Building Trades Council, professing to represent 35,000 men, and that they intended to stay until the governor had perused them. The governor read the document which accused him of being a menace to the peace and prosperity of his state, and said:

"We mourn the fact that we are unable to duplicate, with regard to you, your acts of deportation, and, being thus situated, we order that the charter of the organization be draped in mourning during your stay in the city. We deplore the fact that a man of your caliber could be accorded a seat in a gathering of representative citizens of the country who have come together for the purpose of nominating one of their number for the highest position to which any one can aspire—the chief executive of a free people."

Well, said the governor, when he finished reading. To this interrogation Arnold, whom the governor persisted in addressing as "Benedict," replied:

"We are here to say that we regret our inability to deport you, but we suggest that you leave this city and state as quickly as possible, if you place any value on your health."

Addressing the committee, the governor said:

"I suppose you would like to see me driven from this city, but I want to say to you that I came here last Sunday and made arrangements to stay until Friday. I will stay until then; when I expect to take the Burlington train for Denver. Were it not for the fact that the condition of affairs in Colorado requires my presence, I would remain in this city indefinitely. I shall file your resolution with the collection of scurrilous literature lately received by me.

"Your resolution represents nothing but lies. I have never opposed honest labor unions in Colorado, but there have been labor men, so-called, in my state, who were and are dynamiters, anarchists and murderers. If you endorse such methods as have been employed in Colorado, I shall be compelled to place you in the same class. On my return to Colorado, if occasion requires, I shall continue to deport these disturbers of the peace."

The governor did not tell his friends of the incident until a short time before his departure from Chicago tonight.

Denver, Colo., June 24.—William D. Haywood, secretary of the Western Federation of Miners, who has been absent from his office for the past week, resumed his duties in the federation headquarters today, having received assurance that no warrant has been issued for his arrest and that none will be.

The federation officials are endeavoring today to arrange so that such goods in their Cripple Creek and Victor Union stores as were not ruined by the marauders, may be distributed to the wives and children of the miners who have been deported. Secretary Haywood says: "The most important work before us now is the relief system. We must see that the wives and children of the deported miners are properly cared for. We will make an effort to send some one out into the district to take charge of affairs. Another important work before us is the concentration of relief to deported men now in Denver. For this reason we are figuring on renting or purchasing a restaurant. We are taking care of almost 200 miners and it is imperative that we centralize our relief forces."

It is reported from Cripple Creek that 20 union miners, who were working in the Portland mine at the time of the enforced shut-down were arrested and put in the bullpen yesterday, after they had bought tickets and boarded a train to leave the district.

Butte, Mont., June 24.—The Butte Miners' Union has decided to donate \$25,000 to the Colorado miners to assist them in pressing the legal test to be made on the Colorado supreme court decision upholding the military government in suspending the habeas corpus, and allowing President Moyer, of the Western Federation of Miners, to remain in jail without charges having been placed against him. The right of Governor Peabody and General Bell to deport miners without trial will also be tested by the Butte miners.

St. Louis, June 25.—Colonial girl, by Meddler-Springfield, 5 years old, owned by Otto Stifel, of St. of St. Louis, running in the name of C. E. Rowe & Co., won the World's Fair handicap at the World's Fair grounds today in 2:09. The Eastern champion, Hermis, was second, three lengths behind. Maharib, owned by John W. Schorr, was six lengths behind him. Colonial girl won the race very easily. The handicap which was a mile and a quarter, had a value of \$41,500 to the winner. The track was in fair condition, but about six seconds slow.

The race was a victory for the West, and with it went the largest stake ever raced for on the American turf. The stake, large as it was, represented but a part of the financial results of the winning. Money was dumped into the hands of nearly 100 bookmakers in sums from \$1 to \$40,000, and most of it was on Hermis.

After the race, Otto Stifel presented to Jockey Booker \$10,000.

Tangier, June 25.—Ion Perdicaris and Cromwell Varley, who were captured by the bandit Raisuli, have just arrived. Perdicaris was greatly pleased with the reception accorded him by the townsmen, who met him in great numbers. Perdicaris suffered many hardships while in the hands of Raisuli, although he said he did not think that these were the fault of the bandit chief, and that he had every comfort under the circumstances.

Varley appeared to be as cheerful and bright as if he had just returned from a picnic.

Perdicaris was received at his town house by the authorities, the admirals of his fleet, and numerous personal friends. His Moorish servants made a great demonstration of joy, kissing their master's hands and clothes. Much credit is due to the two sheriffs of Wazan, Mulai Ali and Mulai Hamel, who have devoted much time in efforts to secure the success of the negotiations. Mulai Ali was in communication with Raisuli constantly, thus insuring the safety of the captive, while Mulai Hamel traveled between Tangier and Benairas.

Nothing unusual occurred during the exchange of the prisoners, who started immediately for their homes. The delay in turning over the prisoners was apparently merely a mistake as to the date set for their release.

Ta Che Kiao, Lao Tung Peninsula, between Kaichou and Haicheng, June 22.—The Japanese forces are 12 miles from Port Arthur, the whole male population of which, from the age of 15 upwards, is under arms. The women are assisting in the work of completing the defenses. Civilian cyclists occasionally establish communication with the outside world.

London, June 25.—The Japanese legation this afternoon received a dispatch from Tokio, announcing that a detachment of the Takushan army surprised and routed a squadron of Russian cavalry, ten miles southwest of Tan Sao Kow, on the Ta Che Kiao road, at dawn, June 23, and also occupied the heights north thereof, expelling the Russians, who left 67 dead on the field.

VICTORY FOR JAPAN

JAPANESE FLEET SENDS RUSSIAN BATTLE SHIPS TO THE BOTTOM.

Struck Russian Fleet in Right Time—Torpedo Boats Slipped Into Port Arthur After Nightfall and Caused Great Destruction—Other News.

Tokio, June 24.—Admiral Togo reports an engagement at Port Arthur last Thursday in which a battle ship of the Peresviet type was sunk and a battleship of the Sevastopol type and a first class cruiser of the Diana type were damaged. The Japanese fleet was practically undamaged.

The report is general here that the Port Arthur fleet came out of the harbor Thursday and engaged the Japanese fleet.

Chicago, June 24.—A special to the Daily News from Chefoo says:

Another demonstration took place off Port Arthur yesterday. Firing began from the forts about 10 a. m. and continued until 10 p. m. The programme was about the same as on the previous day.

The destroyers and torpedo boats pursued the same tactics, and an auxiliary cruiser lay off the islands until the firing had ceased, when it proceeded eastward at full speed.

At 8:30 p. m. the same evening, firing began heavily from the bluff, with much activity of the searchlights, indicating the approach of torpedo boats. A little later the sound of more distant firing was heard, evidently from the land side of Port Arthur, continuing until 2:30 this morning.

During that period there was an almost uninterrupted thunder as of field guns and volley firing, punctuated with flashes as of siege guns.

It is probable that what took place is a general shore action with a naval demonstration. It seems as though the Japanese intend to wear out the defenders by continued night activity, before making a final simultaneous sea and land attack.

Rome, June 24.—Advices received by the government late last night from Tokio state that transports with 10,000 men and 48 field guns have left Sasebo to reinforce the combined armies of Generals Kuroki and Oku on the Liao Tung peninsula. The transports are stated to be under convoy of a Japanese squadron.

Tokio, June 25.—Admiral Togo, reporting further on his success at Port Arthur, says his patrol boat discovered the battle ship Peresviet and seven other vessels, accompanied by nine torpedo-boat destroyers, near the entrance to Port Arthur harbor. The patrol boat warned him wirelessly, and he immediately advanced his entire fleet, except those engaged upon special duty.

The admiral then discovered that the Russian fleet consisted of six battle ships, five cruisers and 14 destroyers, the commander having evidently planned a dash by sundown.

The Russians stopped outside the entrance to the harbor, and after nightfall a fleet of Japanese torpedo-boat destroyers resolutely attacked the Russian ships, and succeeded in torpedoing and sinking a battle ship of the Peresviet type, and disabled the battleship Sevastopol.

A cruiser of the Diana type was observed, burning. It was towed into the harbor Friday morning, and it was evident she had sustained serious damage. The torpedo destroyer Shirakumo was hit by a shell, which fell in the cabin, killing three men and wounding three others. The Chidori, a vessel of the same class, was hit behind the engine room, but no casualties resulted therefrom. Torpedo boats 64 and 66 were slightly damaged.

Mukden, June 25.—Last night 100 Chinese bandits, excellently armed and equipped and led by Japanese officers, attempted to blow up with dynamite the bridge over the Koulan river, three miles south

of Kerzon and 157 miles northeast of Mukden. The attack was repelled by border scouts. According to the inhabitants of the vicinity there have been numerous previous attempts to destroy this bridge. The bandits are said to fight splendidly and to be entirely different from the ill-organized brigands of 1900.

Coquille, Or., June 24.—Earl Steel, about 23 years of age, is behind the bars in the county jail, held for the murder of his infant child. He was married in April last to Miss Phoebe Simmons, of Coquille City, who yesterday gave birth to a child. Dr. Russel was summoned at the confinement, and he testified before the coroner's inquest as follows:

"A stranger told me Steel was looking for me. Upon finding Steel I asked him what the trouble was, and he replied: 'My wife is ill,' finally telling me she had bowel trouble. On entering the house I found Mrs. Steel in acute labor pains and knew the nature of the trouble. Steel remarked:

"Doctor, you must save her and her little sisters from disgrace. Do it, and no one will know anything about it. If you don't, I will.

"I tried to reason with him and finally he agreed not to do as he intended. While attending the mother he said: 'If you don't, I will kill that baby.' Not wanting to be alone, I went to the courthouse two blocks away for a witness and met Sheriff Gallier. He advised me to see a lawyer. I returned to the house, accompanied by witnesses, telling them on the way that I was almost certain Steel had done away with the baby. Upon entering the house I made a rapid examination of the bed and clothing, and finding the baby missing, I asked the husband what had become of it. He replied it was gone. Upon searching the room I found the baby in a bedroom closet in a sack with its skull crushed. The mother asked me to relieve her suffering, referring to poisoning. She did not want to live."

Medford, Or., June 24.—A. L. Morris has just returned from the strike of gold on the headwaters of Thompson Creek, near Grayback Mountain. He brought with him over \$75 in gold taken from the ledge which shows on the surface over 4,500 feet long. The Briggs boys have taken out \$1800 and have as much more in sight.

Most of the people going in leave Medford and go by the way of Jacksonville, crossing the divide at the herd of Williams Creek. This route is only 50 miles from Medford. Hundreds of people are leaving, and the town is in great excitement. Claims are being staked and placer locations filed.

H. E. King washed \$160 from four pans of placer dirt last Sunday on his location 800 feet from the Briggs find. The ledge is 450 feet on the Oregon side of the California line.

A townsite has been located and tents are being pitched. Not since the days of Gold Hill or Steamboat Springs has so much interest been manifested in a gold discovery. It is claimed that the ledge is the same as the Steamboat strike, but the values are much higher and the ledge larger.

Pendleton, Or., June 26.—Mrs. Christina Clark died yesterday at the home of relatives in the Cold Springs country, about 25 miles from this city. Mrs. Clark was born in the southern part of Indiana, June 22, 1801, and therefore was aged 103 years and 4 days, being one of the oldest women in this state. She came across the continent with her husband, arriving in Oregon in 1849. She settled in Yamhill county, and resided on a farm there until 1897, when she removed to this county.

New Sawmill

Two miles west of Buelah church All kinds of rough lumber constantly on hand. Orders promptly filled. Address, Otis Skipton, R. F. D. No. 2, Corvallis.

Send your curtains to the Corvallis Steam Laundry. We will call for your work every day in the week.

For Sale.

Two good, second hand, farm wagons, three and a quarter axle. They go at a bargain. Inquire of Jesse Wiley, Corvallis.

Free Bus.

Fine Light Sample Rooms.

**Hotel
Corvallis**
