WHAT IT CLAIMS. WELL-KNOWN NEW YORK PAPERS ESTIMATE OF POLITICAL SITUATION. Think Parker is Certain of New York—Figures by Which He and Roosevelt Have carried the State in the Past—Other News. New York, July 17.—New York World. "Democrats in all parts of this state share the World's confidence that Judge Parker will carry New York by a rousing majority." Mr. Roosevelt has never been a great vote-getter in this city or state. When he ran for mayor in 1896 he got only 60,435 votes, while Erhardt received 73,000 in 1888 and Einstein 98,000 in 1892, as straight republican candidates. When Mr. Roosevelt ran for governor in 1898 even the glamour of his Cuban war record enabled him to beat Mr. Croker's Van Wyck No. 2 by only 17,286 plurality. Two years before Mr. McKinley had carried the state by 268,000. In 1894 Governor Morton carried the state by 156,000, and the republican candidate for secretary of state was elected by 90,000 in 1895. Mr. Roosevelt's course as president has not strengthened him in his own state. On the contrary it has weakened him. Neither Platt nor Odell like him. Conservative business men distrust him. The independent voters have been disappointed and disgusted at his cultivated alliance with the most notorious spoliemen of his party—Lou Payne being the latest. Judge Parker has the confidence and esteem of his own party and the respect of the independent voters. He was elected to the supreme court by the unanimous vote of both parties, and carried the state for chief judge of the court of appeals by 67,000 the year after the great landslide to McKinley. The democratic party is united and enthusiastic for its candidate for president. The masterful manner in which with a few simple, strong, honest words he brought order out of chaos at St. Louis and reunited and revived the party, has opened the way to another Tilden and Cleveland Campaign. New Jersey and Connecticut have the fixed habit of voting with New York in presidential elections. The democratic leaders in those states are confident that they will do so this year. The nomination of ex-Senator Davis for vice-president removes any doubt that may have existed as to West Virginia and Maryland, and with the South solid in the carrying of any one of the debatable Western states will send Judge Parker to the White House. It will encourage the democrats the whole union to learn that Judge Parker will go into the campaign with all his heart and mind—that he will be the leader as well the candidate. It will be a great and inspiring title. Eldon, Ia., July 13.—Farmers all over the Middle West are complaining of the scarcity of farm help and are willing to make almost any kind of concessions and grant all kinds of privileges to hired men, if they will only stay and help out till after harvest. As an example of the inducements which are offered, the following sarcastic advertisement which recently appeared in a local newspaper will show: "WANTED—Three hands to work on the farm. To the right parties we will pay \$93 per month, besides furnishing board, clothes, laundry service, automobiles and saddle horses. The hired man will not have to rise before 8 o'clock, when all chores will have been done by the proprietor. They will be furnished with separate rooms, containing hot and cold water, speaking tubes, and soap and towels by the score will be furnished gratis. Breakfast will be served in the parlor at 8 o'clock on the American plan, and at 8:30 the proprietor will see that the children hitch up the teams and bring them to the front door, so that the help may ride to the fields. "A boy will be hired to carry ice-cold lemonade on warm days, hot coffee when the weather is chilly, and it will also be his duty to dig worms for those who prefer to fish. Cigars will be furnished after each meal, Lobster salad, fruit, ices, pickles and beer will be served at high noon. At 4:30 all work for the day ceases, the gentlemen taking a bath while the proprietor does the chores. A six-course dinner will be served at six o'clock. After dinner there will be music, recitations and speeches.

FEMALE WEAKNESS. 542 1-2 Congress St. FORTSAND, MASS., Oct. 17, 1902. I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities. Withelmina Snow, Treasurer, Portland Economic League. Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui now. Remember that headaches mean female weakness.
