### BIG ARMY

GREAT ARMY IS NOW BEING GATHERED TOGETHER.

Recruits Are Pouring in-Infantry, Cavalry and Artillery Are Drilling-Oyama Is to Have Half Million of Men-Other News.

Tokio, Dec. 25 .- Tokio is again a great military camp and the scenes of last spring, when the first armies were mobilized and dispatched, are being duplicated, thousands of recruits and reservists are assembled, drilling and equipping preparatory to taking the field. The permanent and temporary barracks are filled and it is necessary to billet the soldiers brought to the city.

Oyama Field is the center of ac-

tivity, where infantry, cavalry and artillery are constantly drilling. The batteries fire blank charges for the purpose of breaking in the new horses. The general military preparations are enormous. It is planned to give Field Marshal Oyama a rough total of 500,000 men, with a heavily increased artillery arm, besides providing a defense for Formosa and the Southern islands in an anticipation of the Russian second Pacific squadron's attempt to seize a base.

The port of Kelung, in Formosa, has been declared in a state of siege and other positions in Formosa and the Pescadores are progressing. Winter is not interfering with the Japanese transport service, The railway between Dalney and Yen tai is working well and the running time between Tokio and Liso Yang s six days.

Tokio, Dec. 25 .- The following report was received this morning from the Japanese army besieging Port Arthur:

"A body of our right wing surprised the enemy at Housanyantun and Siaofantun at 10 o'clock on the night of December 24 and subsequently occupied these villages. After gradually dislodging the

enemy, our force at 2:55 this (Sunday) morning occupied the whole of Talluchiatun.

"Our repeated attacks of the past few days have been uniformly successful. All the enemy's advanced positions, fronting our right wing, are now in our hands."

Harbin, Dec. 25 .- Chinese from he south say that the Japanese have brought 50,000 Chinese into Southern Manchuria, but have difficulty in feeding them. They also say the Japanese have prepared 1,000 four-wheeled carts with iron shields in front and on the sides,

bunding enlarged bathhouses, churches and a hospital.

nounced that the whole of the Russians advanced positions in front of the Japanese right have fallen.

San Francisco, Dec. 25.-Westerly and southwesterly gales made the trip of the George W. Elder very trying, not only to the passengers, but to officers and crew. The steamer arrived today 48 hours from Astoria and 62 hours from Portland. Twenty-five cabin and 26 second-cabin passengers arrived on the steamer, and all were glad to reach port.

Soon after crossing the bar off Astoria last Friday morning, the steamer ran into rough weather, and until Point Reyes was abeam, the Elder was plunging and rolling in seas that were sometimes mountainous. On the starboard, or seaward side, of the steamer, great waves boarded the Elder and smashed doors and windows.

One of the male passengers was washed from his bunk and injured by striking on the doorframe. Many of the staterooms were flooded, and the water even entered the dining saloon. The assistant cook was thrown across the galley by the lurching of the vessel and sustained serious injury to his left arm and hand. Passengers on the El-
