SHUVALOFF KILLED

ASSASSIN FIRES FIVE POISONED BULLETS AT THE COUNT—
Other News.

Prefect of Police Had Won Esteem as Just Governor of Odessa—Was of a Famous Family—Assassin Is Caught—

Moscow, July 11.—Major-General Count Shuvaloff, prefect of police here, and formerly attached to the ministry of the interior, was assassinated this morning while receiving petitions. One of the petitioners drew a revolver and fired five times at the prefect, who fell dead.

The assassin was arrested. He was dressed as a peasant, and has not been identified. He was recently arrested as a political suspect, but escaped from the police station before his examination.

The assassin waited in the afternoon of the prefecture, until the other petitioners had been received, and then, entering the audience room, he advanced toward Count

considered to be a purely political crime, as the count was not yet 40 years of age and was regarded as one of the best type of Russian officials. He came from one of the most famous families of Russia. The count was a son of Count Peter Shuvaloff, the statesman who represented Russia at the Berlin conference, was formerly colonel of the Guard regiment known as the St. Petersburg, and was one of Emperor Nicholas' personal friends.

As prefect of Odessa, when Count Shuvaloff succeeded General Zelanoff, who was extremely severe, Count Shuvaloff earned the esteem of all by his firm but lenient course, making himself particularly popular with the students. The impression exists here that the count was killed for preserving order.

The Jemstvolets will not be allowed to meet at Moscow July 19, although this act is simply in expectation of the order of the governor-general, issued previous to the assassination of the prefect.

Kutaji, Roumania, July 11.—The Russian squadron seems to be delaying here, owing to the fear that another mutiny will break out should the ship be put to sea.

The fact that 55 sailors from the Koiz Potemkin, who surrendered, have been imprisoned on board the

TO REACH THE POLE

COMMODORE PERRY EQUIPPED WITH COMPLETE OUTFIT WILL SAIL THIS WEEK.

Last Amount of Money Necessary For the Expedition Is Raised—Will Start From Cape Breton.

New York, July 12.—With \$35,000 subscribed today toward his expedition to reach the North Pole, Robert E. Peary announces that he will sail this week for the North. Commander Peary's new Arctic ship, the Roosevelt, has been waiting several days for supplies, which could not be bought on account of a lack of funds.

The polar expedition which has been in preparation since October 15, 1904, has cost \$150,000, including today's subscriptions. The entire amount has been given by American business men to the Peary Arctic Club, whose members are anxious that none but Americans have a hand in this polar expedi-

About 800 Americans came over from Michigan, and during the day carried the Stars and Stripes through the streets without unfavorable comment being elicited.

Tonight the Americans gathered in front of a hotel, when some one cried:

"To hell with Canada, she never showed us yet."

Instantly the American flag, owned by the Port Huron, Mich., Lodge, was torn from where it waved in the breeze and was ripped into shreds and trampled under the feet of an angry mob.

Port Huron Orangemen say they did not resent it, as they believed the insult to Canada was uncalled for.

St. Petersburg, July 12.—Private advices received here from Moscow say that the slayer of Prefect of Police Count Shuvaloff is a student and that he made an unsuccessful attempt at suicide after taking the life of his victim. His recent arrest was due to his participation in political agitation.

Victoria, July 11.—News was brought by the Empress of India of the slaughter of shipwrecked Japanese fishermen by Russians on the Sakhalin coast. Ten Japanese were lost on the Sakhalin coast when fishing toward the end of May. Defenseless and weak from the exhaustion resulting from their long emersion in the waves, they were met by three Russian guardsmen, who fired on the fishermen, killing five.

The remainder escaped and after weeks of privation in the Sakhalin wilderness, managed to escape and reached Hokkaido, where they told their story of wreck and long struggle with sinking boats and on wreckage before reaching a little cove on Southern Sakhalin, where they hoped to secure shelter, but were shot at instead. The survivors lived in a cavern on a mountain with some raw roots and snails as their only food for 16 days. Finally they secured a boat at a native village and escaped.

A number of Russian and Tartar convicts have escaped from Sakhalin and made their way to Northern Japan.

Portland, July 11.—The price of night admission to the Lewis and Clark exposition will be 25 cents hereafter. The new admission rate was announced yesterday afternoon by Exposition President H. W. Goode, and it went into effect last evening for the first time at 6 o'clock. Hereafter the 50 cent rate will be dropped at 6 P. M., with the closing of the exhibits palaces. The reduction follows the request made several days ago by Trail concessionaries. They complained to the Exposition management that people seemed unwilling to part with a half-dollar in the evening, when the buildings are mostly closed.

As another incentive to night attendance, arrangements are now being made to keep the Museum of Arts open at night. Since the lighting is artificial throughout, the wealth of famous masterpieces and renowned paintings may be viewed as well by night as any other time. Announcement has been made that the museum will be open at an early date.

None of the free attractions will be withdrawn under the new rate.

Washington, July 12.—Hot weather prevails over a greater portion of the United States, according to reports received at the weather bureau tonight. Apparently, there is no immediate relief in sight, except through the local thunder storms in several scattered sections. Throughout the West reports indicate increasingly hot weather. The humidity is high all over the Atlantic Coast from New England to Florida, and the prospect is that it will continue so two or three days, with northeast to south winds.

In Washington today the maximum temperature was 88 degrees, the same as yesterday, but some relief has been experienced through local thunder storms. There were a number of heat prostrations here, but so far as reported none of them has resulted fatally.

New York, July 11.—A St. Petersburg dispatch to the World says: The navy department has resolved to build a powerful new navy, and has instructed Charles M. Schwab to make plans for new wharves, giving the exact time in which the work can be completed.

Shuvaloff at his desk, firing five shots at close range. The bullets passed through the body of the prefect.

Count Shuvaloff owes his death to his custom of freely granting audiences and receiving petitions from all classes.

One bullet wounded the count in the pericardium, another pierced his abdomen, a third struck him in the arm, and the fourth in the shoulder, while the fifth bullet of the assassin struck the leg of a woman who was standing near. According to the physicians, the bullets were poisoned. The victim speedily lost consciousness and never spoke afterward.

A great crowd gathered in front of the house of Count Shuvaloff, and made a determined show of its indignation and sorrow at the assassination of the prefect, who was very popular.

Grand Duchess Elizabeth, widow of Grand Duke Sergius (assassinated in Moscow February 17), attended the first requiem for Count Shuvaloff tonight.

St. Petersburg, July 11.—The assassination of Prefect of Police Count Shuvaloff of Moscow, is today

different vessels of the squadron, awaiting trial, has caused intense indignation among the crew, and as a consequence there are fears of another mutiny.

St. Petersburg, July 11.—The government will commence regular proceedings for the extradition of the crew of the Koiz Potemkin as ordinary criminals. In the diplomatic exchanges on the subject of the Russian foreign office pointed out that Roumania's promise to give the mutineers an asylum was made before Roumania had been apprised of the other crimes committed by the Russian sailors.

Warsaw, July 11.—The bloody encounters between troops and striking shoemakers, in which about 20 persons were killed or wounded, occurred today. The strikers were marching through the city from house to house demanding the lowering of rents by 20 percent. Many proprietors, out of fear, complied with the demands of the strikers.

tion. Morris K. Jessup, president of the club, subscribed \$25,000 today, and Thomas H. Hubbard gave \$10,000.

In announcing that the ship is at last ready, Commander Peary today made public for the first time a donation of \$50,000 given by Geo. Crocker in January last. The \$35,000 received today will be expended, Mr. Peary said, for hand-picked coal and additional scientific instruments. His party is complete, with the exception of a surgeon. Mrs. Peary will probably sail with the expedition.

From here the Roosevelt will proceed to Sydney, Cape Breton, where the New York crew will give up the ship to a picked crew, which is already waiting on the Erick, a coal ship, which will accompany the Roosevelt to latitude 79. The Erick will then return south, bringing Mrs. Peary with her.

London, Ont., July 12.—An American flag was torn down in front of the City Hall tonight and trampled under a hundred feet, as the result of a remark made by an American visitor at the Orangemen's demonstration.
