—Covered with dust and glory, and with a hack load of jerked venison as proof of a good time Dr. Cathey, Mike Bauer and Collie Cathey drove into Corvallis late Saturday night. The party spent a week at Cascadia and report a splendid outing. They killed five deer.

—An electrical storm awakened Corvallisites from their dreams at an early hour yesterday morning. It was not heavy enough to even disturb the nervous, and was of but brief duration. It was accompanied by a heavy shower of rain that clarified the air and delighted everybody.

Continued from page one.

pearance except in the ruined villages where the inhabitants had no place to go.

The general confusion was added to by the dreadful cries from the jails where the prisoners were beside themselves with fright and in numerous cases committed suicide but most prisoners were kept within bounds.

Troops and doctors have been hurried to the scenes of disaster to assist in the work of rescue and salvage. The ministry of the Interior sent \$4000 for the relief of the destitute and Minister of Public Works Ferrares left for Calabria this evening.

Rome, Sept. 9.—The effects of the earthquake were more disastrous than at first reported. Dispatches from the south give increasing lists of dead and injured, the numbers now running into the thousands! Martirano alone shows 2,200 casualties while at Parghelia, the number of dead is estimated at 300 and at Lappolo, 200. In some cases whole families have been wiped out.

The greatest agitation continues to be felt among the populace; slight shocks are felt occasionally and subterranean rumblings are still heard. Those prisoners still possessing homes refuse to enter them.

The worst is now considered to be over. Those left destitute are beginning to feel the pangs of hunger and there is also much suffering by those insufficiently clad. In addition to the gift of King Victor Emmanuel and ministerial subsidies, newspapers in every part of Italy have opened subscriptions. Public sympathy has been aroused in exceptional degree and everybody regards the event as an awful calamity. Officers and private citizens in the affected provinces and throughout the kingdom are hastening to assist in the work of rescue and are displaying almost superhuman energy in these efforts.

Official figures of the victims of the earthquakes in the province of Catanzaro show that 450 dead have already been found and that about 1,000 were injured and there are an enormous number of people without shelter.

Tokio, Sept. 8.—A few crowds collected at various parts today and this evening and made slight demonstrations against the police stations but there was neither fighting or disorder. General Sakuma who established his headquarters at the war office and directed the military operations and policing of the city from there, has withdrawn the guards from the legations which are deemed to be in no danger and without the necessity of strong protection. However, sentries in small squads continue to watch the legations and the military patrols have been extended in order to completely protect the city.

There have been no further demonstrations against churches or missions. It was feared for a time that the crowds might menace the large foreign missions at Tsukiji and Aoyama but the principal establishments have not been disturbed.

The suspension of street car traffic at sundown has made the city more quiet than usual and in several districts guards have patrolled the deserted streets. The police lines about the Kokumin office have been drawn around the building.

The situation in other cities is being keenly watched. Apparently the trouble is not spreading. There has been some disorder at Chibi, Kobe, and Kyoto, though it has not been serious. Anti-peace meetings which are being held in some cities and towns are passing resolutions denouncing the settlement at Portsmouth, but are not interfered with unless they result in breaches of the peace.

The desecration of the statue of Marquis Ito at Kobe, is generally resented and deplored. It is pronounced to have been an act of rowdies. It is reported tonight that the statue was recovered and conveyed to a warship lying in the Kobe harbor.

Bitter feeling followed the conferences at Premier Katsurr's house today the actual provisions of the treaty proving slightly more satisfactory than had been expected. This had a tendency to allay resentment against the government and the premier's promise that there would be a session of the Diet in October also tends to improve the situation.

Connellsville, Pa. Sept. 9.—The Rand Powder Mills at Fairchance, six miles south of Uniontown, were entirely wiped out by an explosion today. Of the 32 men who went to work in the mills 19 are known to be dead. Of these 13 have been identified.

Beside nine of the factory people who were seriously injured scores of people in the town of Fairchance within a half mile of the powder mills were more or less painfully injured.

Many of the survivors had thrilling experiences. Orville Swaney, was working in the glazing room and had gone out for a drink of water. He was just outside when the mill went up. The explosion threw him high in the air, but he landed on his network of fallen wires. Dodging these, he sped around the hill and was 50 feet away when the second explosion threw him on his face. He lay there stunned and knew nothing of the terrific blast that came when the storage magazine went up. A half hour after the explosion he was picked up and carried to a place of safety.

All day at short intervals searches would bring in bits of bodies and clothing. Some of these were carried in disheveled or damaged powder cans.

A majority of the dead men were single, although several of them leave families. When the bodies were recovered the work of identification was very difficult.

Hay For Sale. Vetch and alfalfa, best cow hay in the Ind Tel 155. L. L. Brooks.

Wanted 20 ton Vetch seed to fill car at Corvallis this week. L. L. Brooks

No woman can look beautiful without good health. A woman's good health depends on those organs peculiarly feminine, and which so often become disordered, causing misery and dragging-down pain. Nature's laws are perfect, health endures if you obey them, but disease follows disobedience. The distressing complaints of women are often brought about by catching cold at a critical period, breathing foul indoors' air and long hours of work and nervous tension. Go straight to Nature for the cure—to the forest. Dr. Pierce's Favorite Prescription is Nature's cure for the distressing complaints of women. Prof. King, M. D., in his American Dispensatory, says of Black Cohosh or Black Snake-root—"our early American Indians set a high value on this root in disease of women. It is surpassed by no other drug, in congestive conditions of the parts where there are dragging pains and tenderness."

Lady's Slipper root is a "nerve stimulant and tonic, improving both circulation and nutrition of the nerve centers—favoring sleep and cheerful condition of the mind; of service in mental depression, nervous headache, irregularities of women with despondency."—Prof. King. Besides the above ingredients there are—Golden Seal, Unicorn and Blue Cohosh roots in Dr. Pierce's Favorite Prescription.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Over 1000 pages and illustrated. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

CHOLERA INFANTUM.
Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.
Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by Graham & Wortham.
