## MEETS IN BENTON.

This Time—Session of Linn County Council P. of H.—Bellfountain the Place.

Editor TIMES:

For the benefit of the Patrons of Husbandry of Benton county, I wish to say that the Linn County Council will meet in the hall of Bellfountain Grange on Saturday, Oct. 7th. The members of the council will be glad to meet all the members of the different Granges of Benton county at that time.

We are in hopes the Linn county members will take interest enough in this meeting to be present and prepared to take an active part in the important questions which will be presented for discussion.

The lecturer of the council is preparing a programme for the afternoon session which we are sure will be of much interest to all who may avail themselves of the opportunity of attending this meeting and take part in this programme to make it a success.

If the members of Bellfountain Grange desire, the afternoon session can be public, anyone they wish to invite can come in and listen to the discussion of the questions presented by the lecturer.

This will be the second meeting of the council at this place.

The time for beginning the Grange work for the year has now arrived, and we are anxious to make this meeting a success.

We hope to see an extra effort put forth by all patrons to extend the influence and usefulness of the Grange in this state.

It seems that the Grange is the only organization to which the farmers can look for relief from the oppressions of the tillers of the soil.

world's fair grounds, M. Davenport slipped and fell. Instinctively he threw out his right arm, which was impaled on a six inch spike 63 feet from the ground. Here he hung.

Finally Davenport managed to grasp the edge of the cornice with his free hand. He could not raise himself nor release his impaled arm. He swung there helpless, while fellow workmen kept calling to him to hold on, that they would soon come to his relief. Block and tackle were secured and Davenport lowered to the ground. There is a gaping wound in his arm but physicians say he will recover if tetanus does not set in.

Manila, Sept. 27.—Ten thousand of Manila's inhabitants are homeless, more than two hundred injured, and six known dead from the terrible effects of a typhoon which swept over the Philippine capital late yesterday afternoon.

When the great storm struck the city the streets were plunged into darkness. Thousands of electric wires were blown down and short

circuited. The known dead were killed by these live wires.

Hundreds of stone dwellings were blown down and two churches and a hotel destroyed. The greatest damage occurred in the native quarters.

Traffic is suspended and the streets are deserted. The police stations are making an effort to feed and shelter the homeless.

It is believed that shipping in the bay, had warning of the approaching storm and got out of its course, but here are grave fears for the safety of many vessels.

The typhoon came to an end at 7:30 p. m. Gangs of men are clearing the streets and the impression prevails that many dead will be found in the ruins of dwellings.

## A HARD ROW

And a long pull describes the pathway of a woman afflicted with female weakness unless she is under the care of a doctor who has had successful experience in the treatment of such cases or else has found the right remedy which can be safely used independently of the doctor.

Forty years ago, Dr. R. V. Pierce found that women were being grossly maltreated—mainly through ignorance and carelessness, and he determined to devote himself to study and research till he found the real cause of their suffering and a proper remedy for it.

He found it, and dug from Nature's Laboratory, the earth, Nature's remedies for woman's weaknesses and ailments. He found in Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, the required ingredients.

The remedial virtues of these he extracted, combined and preserved by his own peculiar non-alcoholic, glyceric processes, and the compound is now known the world over, as Dr. Pierce's Favorite Prescription.

"The wearing of corsets too tight seemed to have brought on an abdominal pressure, weakening the ligaments and resulting in displacement, which troubled me until I was not fit to walk, and at times could hardly stand," writes Mrs. Beverly Sturges, of 24 Fulton St., San Francisco, Cal. "A neighbor advised me to try Dr. Pierce's Favorite Prescription. Before the first bottle was used I felt much better. Improvement went steadily on, and within four months I was like a new and well woman once more. I am now perfectly well and strong, and extremely grateful to you for your blessed remedy—a boon to sick women."

A Great Doctor Book Free.—Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover mailing and he will send you a free copy of his 1008-page Common Sense Medical Adviser, paper-covered. Cloth-covered 31 stamps.

## CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by Graham & Wortham.
