A. C. field next Friday afternoon. The game should be as good a one to look at as the great game of last Saturday at Eugene. The style of play is much the same in one respect, that of line bucking, at which both elevens are the superior of Eugene. The O. A. C. men have been a trifle dispirited since the defeat of last Saturday, but a determination to get in and redeem the record by piling up victories in the three big games yet to be played is gradually manifesting itself, and when they lineup next Friday afternoon against Willamette, they will play a game such as their Corvallis supporters never saw.

Hongkong, Nov. 11.—Advices received today from Lien Chow, the scene of the massacre of the American missionaries and the burning and looting of the mission houses a few days ago, state that the trouble that started at that time is spreading rapidly. Villagers are arming themselves and much bloodshed is feared. If the agitation continues fears are entertained that the revolt will spread to other provinces where foreign missions are established, and the scenes that accompanied the killing of Miss Oberst, Mr. Pease and his wife and Mrs. Dr. Machle and her 10-year old daughter will be repeated. The American minister is making every effort to investigate the causes leading up to the brutal outrage at Lien Chow and secure necessary evidence for presenting

Ione, O., Nov. 16.—Oliver Pierson, a stockman of the Eight mile country, was found dead in a closet back of the Ione hotel last evening with his throat cut from ear to ear. The coroner's jury last night found that he came to his death from wounds from wounds inflicted by his own hand. In his hand was firmly clasped a small penknife with which he had nearly severed the head from the body, presumably with one stroke. What motive caused him to commit the rash deed is not known. It is said that he recently sold his interests here and was pretty well off financially. He was a man of about middle age, unmarried and had no relatives in this country so far as is known. Something more than \$30 was found in his pocket and it is not thought likely that he could have been the victim of foul play. The body now lies at the undertaking parlors at this place.

New York, Nov. 10.—Ten indictments for violations of election law and two for assaults committed at the polls at the election last Tuesday were today drawn up by the grand jury. Two ballot boxes were found today in a barber shop at 156 Third avenue, one of them full of half-soiled and torn ballots and the other empty. This barber shop was the polling place of the first election district of the Eighteenth assembly district, which is the district of which Charles F. Murphy, head of Tammany Hall, is the leader. Harsh watchers found the two boxes. Deputies from State Super-game. Meehan was playing halfback and attempted to tackle a runner of the opposing team. He was thrown violently to the ground and was picked up unconscious and taken to his home and it was ascertained that his spine had been fractured, resulting in paralysis from his waist down. Yesterday it was found that the spine had been fractured and the doctors stated that he had but a few hours to live.

New York, Nov. 16.—There is a muttering among cabmen in this city because there is a guard of patrolmen in the pay of the city who walk in front of the residence of E. H. Harriman, the millionaire financier and railroad magnate on Fifth avenue and Fifty-first street, 24 hours a day for the sole purpose of "shooting" away the cabmen of the St. Regis hotel who have the temerity to stop vehicles in front of the Harriman house. In May last three policemen, with shifts of eight hours each, were detailed to patrol the spot and keep cabs from stopping in front of Harriman's domicile. For two months three men maintained guard at the Harriman mansion at the rate of \$4,200 a year and now two men do duty and receive \$2,800 a year.

San Luis Obispo, Cal., Nov. 10. much fraudulent voting in this district. The ballot boxes, after standing for 12 hours in the streets yesterday, were received by the election board and were stored at various warehouses, where they are guarded by the police. The election board refused to receive the returns until an order was obtained from the supreme court compelling it to receive them and the action of the election board is claimed by Hearst

supporters to be part of Tammany's campaign against an honest recount. Ballot boxes that were stolen have been recovered and are in the possession of District Attorney Jerome. Information has been received that other ballot boxes were thrown in the North river, where they were picked up by a tug.

Chicago, Nov. 16.—A dispatch to the Inter Ocean from Des Moines, Ia., says: From assumed to actual blindness within three days is the experience of Mrs. Elizabeth Conger Heaton, niece of former minister to China, E. H. Conger. Saturday evening Mrs. Heaton played the part of Blind Bertha in a dramatization of Dickens' 'Cricket on the Hearth,' presented by a Unitarian Society Club. Mrs. Heaton put her soul into the part and won the highest praise. Yesterday while walking the streets, her sense of seeing vanished, and she was obliged to call for help and be taken home. Physicians say that the retina of each eye has been divided, and that there is but a remote possibility of saving one eye. Mrs. Heaton is 23 years old, and is the wife of a dentist.

THE STORK BRINGS JOY

To the household but how about the mother? Has she been joyful during the weeks and

months preceding the advent? Too many mothers find it a time of fearful anxiety because of the knowledge that they are "not in good health." They have allowed weaknesses, pains and drains to accumulate till the health is completely undermined and they are "more than discouraged," and all because they have been misadvised by well-meaning friends or maltreated by an inefficient doctor. To all such here is the news that there is a remedy that will heal and not hurt. It was discovered forty years ago by Dr. Pierce who searched Nature's laboratory—the earth, for the remedial agents so liberally provided therein. He took Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root, Golden Seal root, and by extracting, combining and preserving, without the use of alcohol, the glyceric extracts of these natural remedies he has given to the world DR. PIERCE'S FAVORITE PRESCRIPTION, which has to its credit the enviable and unparalleled record of more than a half-million of cures in the last forty years. "Only those who have given Dr. Pierce's Favorite Prescription a trial can appreciate what a boon it is to suffering women," writes Miss Winnie Seamore, of 52 Elm St., Toronto, Ont. "For two years I suffered intensely from female weakness until life was a burden to me. I had distressing bearing-down pains so I could scarcely stand up. Had hot flashes, was very despondent, weak, and utterly wretched. My physician gave me treatments but without success. I tried several remedies but obtained no relief until I began to take Dr. Pierce's Favorite Prescription. I began immediately to improve, and in four months' time I was as well and strong as ever." Constipation cured by Doctor Pierce's Pleasant Pellets.

ENTRIES ALREADY.

For Corvallis Poultry Show—Philomath Man Leads List—Victoria, B. C., Entries.

Last year's poultry show was the first regular chicken show ever held in Benton county and necessarily one of the rules of such exhibitions is that birds for competition shall be entered on or before a specified date. Last year one Benton county fancier came to late to gain admittance with his birds. This year he is on time, in fact the first man in the county to deposit his entry with the secretary, and the entry blank reads "J. A. Archibald, Philomath, Or., one dozen Silver Spangled Hamburgs."

Enquiries for catalogues and entry blanks are coming in from all parts of the state, and one entry has been made by a poultryman from Victoria, B. C. The variety is Buff Plymouth Rocks, and the birds are for sale. The Corvallis show has gained a reputation as a first class place to see fancy poultry. Besides all varieties of standard bred poultry there will be this year a display of fancy pigeons, pheasants, quail, guinea pigs, ferrets, etc. Henry Ambler, an energetic member of the executive committee of the association, has imported several varieties of fancy pigeons especially for this occasion, and will also show a pen of chickens very rare in this part of the country, Golden Laced Wyandottes. Mr. Ambler is a hustler in everything he undertakes, whether it is selling a farm or giving a poultry show.

A Habit to Be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy saves herself a great amount of uneasiness and anxiety. Coughs, colds, and croup, which children are susceptible, are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by Graham & Wortham.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Ruth, the little daughter of E. N. Dewey of Apopville, Va., was seriously ill with cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by Graham & Wortham.
