SENATOR BURTON

HIS LAWYERS FIGHT VAINLY AGAINST ADMISSION.

Took Pay and Did Work—Senator's Own Words Contain Evidence He Was Hired to Serve in Department—Other News.

St. Louis, Nov. 21.—The introduction of letters and telegrams exchanged between Senator R. Burton and Thomas R. Harlan, an attorney for the Rialto Grain & Securities Company, was the feature of the second day of the trial of Burton in the United States circuit court on an indictment charging that he agreed to accept and accepted compensation from the Rialto Grain Company for using his influence while a member of the United States Senate for the benefit of the Rialto company in matters pending before the postoffice department, and in which the government is interested.

The effort to introduce this evidence by the government brought frequent objections from counsel for the defense, which in only one instance was sustained by Judge Vandevanter. The court ruled that one telegram, which was said by the government to be a reply to one sent to Burton by Mr. Harlan, was relevant. In no case did the defense question the authenticity of the letters or telegrams, basing objections on grounds that the contents were not pertinent to the allegations made in the indictment.

Mr. Harlan, who at Senator Burton's former trial was called as a witness by the defense, was placed on the stand by the government today and called upon to identify letter-press copies of letters sent by him to Burton, and originals of letters received by him from Burton. The first letter was dated November 18, 1902, addressed to Burton, and signed by Harlan. Following is an excerpt from this document.

"I hope you received my message to the effect that this company (meaning the Rialto company) accepts your terms to act as counsel at a salary of \$500 a month said service to begin immediately, that is of this date, Nov. 18, 1902."

In reply, Burton wrote Harlan, in part, as follows: "I called at the department this morning and find that there are two complaints lodged against your company, one by Bella Evar and the other by Mrs. K. C. Hont, both of Albany, N. Y. Without knowing anything about the merits of the same, I would advise that all complaints receive special attention by your company. No action of any kind will be taken against you without my first being notified and every opportunity for a full explanation or hearing will be had. In return, if agreeable, you may make remittance for my month's pay."

The following is taken from a letter dated December 2, 1902, sent to Burton by Harlan:

"The cases here (indictments against the president of the Rialto company) are set for trial on January 6, and Judge Krum and I are preparing now for the trial."

In reply to a letter from Harlan stating that an alleged postoffice inspector had tried to extract money from the Rialto company by virtue of his official position, Burton wrote the following:

"There is no man by the name of J. H. Bowman who is a postoffice inspector. The man operating in Colorado is also a fraud. There has gone from this office no instructions whatever about the Rialto company, and there is nothing in this office against you at this time. The matter in St. Louis, as you know, is in the hands of Mr. Dice there."

"I would suggest that you prepare carefully the case of Dennis for early next month."

I will take care of things at this end of the line.

St. Petersburg, Nov. 21.—The Novoe Vremya was the victim of a remarkable hold-up by social revolutionaries last night. Three editors of the Worker's Gazette, the official organ of the Workmen's council, entered the composing rooms of the Novoe Vremya with revolvers in their hands and compelled the compositors to set up their paper making prisoners of

such persons as entered the room. Later, going to the press room, the visitors compelled the pressmen to run off 30,000 copies of the workmen's Gazette. M. Souvorine, editor of the Novoe Vremya, in an editorial on the subject, says sarcastically:

"If men can with impunity raid a newspaper in the heart of St. Petersburg today, tomorrow they may make a prisoner of Count Witte."

An afternoon paper quotes a man who has just arrived in St. Petersburg as saying that 10,000 Don Cossacks are marching from Maschend to St. Petersburg, with the object of releasing the emperor, whom they believe to be a captive in the hands of the Jews.

Fresno, Nov. 9.—Billy owl on toast is what many a patron of fashionable San Francisco French restaurants has been receiving instead of quail ordered.

Today Patrick Hughes of Jameson was arrested by Deputy Fish Commissioner E. E. Pedlar for killing birds not game birds. For many months Hughes has been making a living with his shotgun slaying billy owls for the delicate palates of the elite of San Francisco.

When he was taken before Justice of the Peace G. W. Smith today and told that he was charged with killing non-game birds, he protested loudly that the birds that lives off mice and gophers in holes with rattlesnakes and ground squirrels is a game bird because he sells them as game.

The justice of the peace decided to lay the matter before Fish Commissioner Vogelsang of San Francisco, who, it is asserted, will investigate fully the serving of fried and roasted owl in the restaurants of San Francisco. Hughes says he has shipped an average of five dozen owls a day for over a year.

Borisoglebsk, Russia, Nov. 21.—Many padic-stricken persons are seeking refuge here from the peasants, who are taken possession of the estates, removing the grain, burning the buildings and ordering the proprietors to relinquish their rights and depart, under penalty of death. The excitement has reached such dimensions that the vice-governor has ordered the troops to desist from making arrests. In encounters with marching bands of peasants, the troops have killed 100 and wounded many more. The residence here are afraid that the peasants will attack the town, but their fears appears to be unwarranted.

At King's Valley.

Mr. Paggett, who has been running the Pee Dee store, died suddenly Saturday night. He was as well as usual Saturday, but in the evening complained to some customers of a slight pain in his breast, but said he guessed it did not amount to anything. He lived at the store alone. About midnight he arose and made his way to Mr. Dyer's, who lives near the store, and in twenty minutes after he arrived there he was dead. Heart trouble is supposed to be the cause.

They had a breakdown at the Hoskin's sawmill last Friday, which has stopped the sawing until they can get a new milldrill for the large saw.

AN APPOINTMENT

JUDGE CHARLES E. WOLVERTON IS NOW A FEDERAL JUDGE.

After Taking the Oath of Office He Will Enter Upon His New Duties at Portland—Other News.

Washington, Nov. 21.—Judge Charles J. Wolverton, of Albany, now setting on the Oregon Supreme bench, was today appointed United States District judge for Oregon to fill the vacancy caused by the death of Bellinger and the subsequent declination of W. W. Cotton, to whom the office was tendered. Judge Wolverton's commission, after being signed by the president and attorney-general, was forwarded him today, and it is presumed that he will, upon its receipt, promptly take the oath and enter upon his new duties at Portland.

His appointment coming at this time, will require reappointment when congress convenes, and his nomination will be sent to the senate the first week of the session, but this will not interfere with his duties. He will be confirmed.

Judge Wolverton owes this appointment very largely to President Roosevelt. While he was strongly endorsed by Circuit Judge Gilbert and by prominent members of the Oregon bar, and while he was on Senator Fulton's list, and was highly regarded by Attorney-General Moody, his endorsements were no stronger than those of several other candidates. As has been stated before in these dispatches, Mr. Moody recognized merit in several candidates, but his choice was Judge Bean, of Salem. Mr. Fulton, while he named both Wolverton and Bean on the list which was submitted to the president after Judge Cotton declined, preferred and strongly urged the appointment of Judge McBride.

United States Attorney Francis J. Heney was one of the men who threw his weight against both McBride and Bean, and his presence at the national capital in the last few days is believed to have had some connection with the appointment made yesterday. Another strong pull in Wolverton's behalf was exerted by Judge W. B. Gillett, Senior justice of the United States Circuit court of appeals for this district.

St. Petersburg, Nov. 21.—The newspapers of this city appeared today for the first time in over a

week. There is a significant change of tone on the part of some of the organs against the dictatorial attitude of the social democrats. The Russ loudly denies that the victory of the imperial reform manifesto be-songs entirely to the workmen, declaring that the proletariat was strong then because it voiced the sentiment of the nation.

Moscow, Nov. 22.—Twenty-four provinces in European Russia, not including Poland, Finland and the Caucasus, having a population of 52,000,000, are now in a state of insurrection. Peasants everywhere are seizing the land of the great estate owners, who are fleeing abroad. The authorities everywhere have been issuing contradictory manifestos. The priests are warning the peasants not to believe the lies purporting to come from the czar.

Common Colds are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Everyone knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug, and has thirty years of reputation back of it, gained by its cures under every condition. For sale by Graham & Wortham.

St. Petersburg, Nov. 21.—The revolutionists say that a civil war will begin on the anniversary of "Bloody Sunday." A party of guards and officers conferred with the revolutionary leaders last night and asked them to supply the troops with political pamphlets. The leaders immediately placed 250,000 copies at the disposal of the troops.

St. Petersburg, Nov. 21.—Despite the decision arrived at by the council of workmen at the meeting of November 20 not to stemy the introduction of the movement for an eight-hour day, the question of shorter hours is taken a critical turn and threatens to produce an industrial crisis. At the Hubbard, Pahl, Westinghouse and other important works the men insist on a reduction of hours and have adopted a course of dropping their tools after they have labored eight hours. The employers had a meeting tonight and resolved to stand firm against the demands of the men. The local works will be closed unless the men consent to the old system of 60 hours a week.

Good Health to the Children

Children especially are fond of dainties, and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.
