

LOCAL LORE.

NEWS OF CORVALLIS AND VICINITY TOLD IN BRIEF.

The Comings and Goings of People Social Gossip, Personal Mention and Other Items of Public Interest.

State Game Warden Baker was in town Saturday. The proposition is that he was on a search for law-breakers.

Miss Eva Day gave a party at her home Saturday evening. Games, music and refreshments were features enjoyed by about 20 guests.

James Chambers, aged 22, who has been suffering for four weeks with typhoid fever is better. The nurse who was in charge of the case, left for Portland this morning.

Cay Derby, colonel of the cadet regiment at O. A. C. last year, is in town for a visit. He has resigned his position in a Salem drug store, and is considering other positions that have been offered him. He leaves for Salem tomorrow.

J. E. Henkle, the Philomath merchant, passed through town Saturday en route home from Irigon, Eastern Oregon. He has two sons who are engaged in the mercantile business at Irigon. The pair is moving with marvelous rapidity, leaving now more than 400 people where a year or so ago there was nothing but sage brush and rabbits. Will Castle, E. J. Newton and Mr. Friend are among Philomathites who are residents of the new community.

The Corvallis and Brownsville High schools looked horns at football on O. A. C. field Saturday, and the Corvallis boys won by a score of 16 to 0. The gate receipts were meagre, and the boys ran into a deficit of about \$18 50, which they had to dig up out of their own pockets. The Corvallis line-up was: Hubler, R. E.; Emrick, R. T.; Hollister, R. G.; Cooper, C.; Tharp, L. G.; Stewart, L. T.; Barchard, L. E.; Avery, Q.; Cronise, R. H.; Felton, L. H.; Hubler, C. F.

On Thursday evening, November 30, Miss Marguerite Herron entertained a number of her friends in her lovely country home in Irish Bend. Those present were Huldah Barclay, Leah Buchanan, Nancy S. Lema, Nuts and Ella Herron, Misses Marguerite Herron, Gertrude Barclay, Grace and Edna Watkins, Edna Myers and Maud Hayes; Messrs. Hugh and Robert Clayton, Josiah and James Herron, Ross Barclay, Chaney Barclay, Arthur Buchanan, and Chester Edwards. The evening was most pleasantly spent in games, music and refreshments. Miss Herron proved herself a most charming hostess.

Deserving special notice is the unique holiday window display of J. M. Nolan & Son. The window is filled with beautiful articles of various description suitable for Christmas gifts. A feature of the display is an artistically arranged cosy corner. During the evening the window is brilliantly lighted by numerous electric lights arranged to form the motto, "Christmas Greetings." A nice electrical effect, suggestive of the city, is produced by alternate lighting of the words "Christmas" and "Greetings." Cecil Cathey is the designer of the display, and George Cathey, the electrician. The window attracts much attention and is the occasion of unusual comment.

THE POULTRY SHOW.

Winners of the Silver Cups—Exhibition very Successful.

The birds at last week's poultry show were as good as those at the Lewis and Clark poultry exhibition. That is the statement of a poultry fancier, who saw both, and who knows. One bird brought from British Columbia was declared by the scorer, to be the best he had ever seen on the Pacific Coast. The high character of the birds was the comment of everybody. Over 400 birds were displayed in all, and the aggregation was something that every man, woman and child in the county should have seen.

Dr. Lester took two of the silver cups and F. L. Miller, one. The other awards at the show, in addition to those already published, were:

A Holiday Attraction.

This year Christmas comes on Monday, and two nights later on December 27th the opera house management will present one of the most mirth-provoking plays on the road. It is a clean story of rural life, dealing with the joys, trials and simplicity of life on a farm. In it there is a genuine wholesomeness that lends charm to all parts. The title of the play is "The Missouri Girl", and the company was in Bellingham Wash., on the night before Thanksgiving this year. The Bellingham Reveille, in speaking of Miss Clifton who takes the title role, said the next morning in commenting on the play: "Bessie Clifton as 'The Missouri Girl' was a whole show in herself. Her interpretation of the part was the most ludicrous and at the same time natural and unstudied possible. Her frantic efforts to become 'cited' kept the audience in a roar of laughter."

Lame Back. This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this does not afford relief bind on a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow. For sale by Graham & Wortham.

Salem, Or., Dec. 2.—A petition, bearing the names of 60 voters of this city and asking that an amendment to the local option law be submitted to the vote of the people at the next regular election, was filed yesterday with the county clerk. This is the first petition that has been filed, but it is understood that others, for the same purpose, are being circulated through the county. The amendment seeks to make the law require the signatures of 30 per cent of the registered voters to petitions calling for a vote upon the question of prohibition or no prohibition in any precinct or county. The present law only requires 10 per cent of the voters and in no event more than 500. The other changes suggested are apparently unimportant.

UNSEEN DANGER IS ON OUR TRACK

From the time our birth till we lie down for the last time. The best defense from the dangers of disease is vigor of body and activity of the natural functions. Take a tonic—one that gives but temporary effect, and the reaction is more than depressing. The kind of assistance is important. It must not be a stimulant that will re-establish normal digestion and assimilation and prove a reconstructive rather than a promoter of waste. This will give nature a fair chance to put in motion normal work of repair and tissue building.

Such a tonic was grown in Nature's Laboratory, hidden in the ground and brought thence forty years ago by Dr. R. V. Pierce, who has made the treatment of lingering diseases his life-long study and care. These glyceric extracts instead of alcoholic ones, exactly proportioned and combined by processes of his own invention, first used in his private practice and now given out freely to the world in his "Golden Medical Discovery," which is composed of Golden Seal root, Queen's root, Stone root, Black Cherry bark, Blood-root and Mandrake root. Mrs. A. T. Jones, of 388 Hayes Street, San Francisco, Cal., writes: "As a child I was delicate, and great care was taken of me because some of my relatives had died of consumption, although my father and mother were healthy. I grew up with only the ordinary diseases of all children, but about two years ago I contracted a severe cold, which would not yield to such home-treatment as was handy. Doctors were tried, but after three months of the treatment I was only worse. Then I was advised to try Dr. Pierce's Golden Medical Discovery, and am glad to say that three bottles not only cured me of the cold and cough, but made me feel better than I ever had before. I will always have a bottle of this medicine in the house."

These tiny, sugar-coated anti-bilious granules regulate and invigorate Stomach, Liver and Bowels. Do not neglect the "mill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. One tried always in favor. Put up in vials; always fresh and reliable.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill with cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by Graham & Wortham.
