## An Extra Effort

was made during December to make our sales exceed any previous sales for this corresponding month and the effort was a success. To make our January sales eclipse any January sales in the past it will be no fault in the goods or prices, every article in our immense store will be offered at such a sacrifice as to invite buying, even if you only one-half need it. Our spring purchases require room and the goods we now have must make a move. Come and get your share.

#### WILL COLLECT TAXES

##### In the City, Notwithstanding Attorney General Gives Opinion.

If present plans do not miscarry the city tax will be collected in Corvallis this year, notwithstanding the facts set forth in Friday's TIMES. The attorney general of the state has been called into the game, and he has held, in a hurried examination, that the time of the levy is not vital to its legality. If, he advises, the levy is made in time for the extensions to be made along with the other levies, special and otherwise, the proceeding would appear to be regular and legal, even though the law states that the city levies must be reported to the clerk, "on or before January 1st." The opinion is embodied in a letter to City Attorney Bryson, who asked for an opinion. Pursuant to the attorney general's view, the city council at the regular meeting last night, made the usual levy of five mills for the general and two mills for the street fund, and today the same was reported to the county clerk. Tomorrow there is an adjourned term of the county court, held for the purpose of incorporating the city levy into the general to be made, and it looks now as if everything would be lovely and the goose hang high so far as city taxes are concerned.

#### Common Colds are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Everyone knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug, and has thirty years of reputation back of it, gained by its cures under every condition. For sale by Graham & Wortham.

#### Bellefountain Items.

January 5, 1906.

Farmers have left off plowing and are putting in every spare hour on the new telephone line. There will be six lines with a central at Bellefountain, with something like sixty phones all told.

Martha Tharp returned home Tuesday from a two weeks visit, at the home of Mrs. E. H. Belknap.

Mrs. Stanturf is still very sick. There is very little hope of her recovery.

A sister of George R. Hall, Jr., is visiting him. She arrived from Iowa recently and is very much pleased with old Oregon.

The young people that came home to spend the holidays have returned to their several places of business.

The watch-night party at George Humphrey's was well attended. Stanning room was at a premium. Music and recitations were the order.

Mrs. J. H. Edwards has been quite sick for the past few days.

Aunt Martha Perin is badly afflicted with something like paralysis, but was slightly improved at last accounts.

A. B. Minton of Washington, but formerly of this vicinity was shaking hands with friends of this place one day this week.

Prof. Mack spent the holidays with his parents at Stayton.

Mrs. Charles Ingram of Hillsboro is spending a few days in this place visiting relatives and friends.

There was an oyster supper and

good time in general New Year's night at H. T. Bristow's. About 35 young people were present. A very pleasant evening was spent together and all retired at a late hour feeling that it was good to be there.

#### At King's Valley.

Farmers are again busy plowing.

The Coyote is having a hard time of it in this section lately. They have the hounds after them the most of the time. Hutch Beyens killed one Sunday over on the Wier and Johnson place. Ike Stroud killed one a week ago, that was after his sheep.

James Chambers has returned to Corvallis to resume his musical studies.

The valley school has been resumed with Miss Thompson as teacher.

L. G. Price has sold his logging outfit to A. C. Miller. John Price has been cleaning up the county roads the past week. He has gathered up and burned a good many loads of sweet briar. If you have any stock that nobody else will buy, just call on O. R. Bevins.
