UNSEEN DANGER IS ON OUR TRACK

From the time of our birth till we lie down for the last time.

The best defense from the dangers of disease is vigor of body and activity of the natural functions. The best of assistance is important. It must not be stimulation for that gives but temporary effect, and the reaction is more than depressing. Take a tonic-one that will re-establish normal digestion and assimilation and prove a reconstructive rather than a promoter of waste. This will give nature a fair chance to put in motion normal work of repair and tissue building.

Such a tonic was grown in Nature's Laboratory, hidden in the ground and brought thence forty years ago by Dr. R. V. Pierce, who has made the treatment of lingering diseases his life-long study and care.

He uses glyceric extracts instead of alcoholic ones, exactly proportioned and combined by processes of his own invention, first used in his private practice and now given out freely to the world in his "Golden Medical Discovery," which is composed of Golden Seal root, Queen's root, Stone root, Black cherry bark, Blood-root and Mandrake root.

Mrs. A. T. Jones, of 808 Hayes Street, San Francisco, Cal., writes: "As a child I was delicate, and great care was taken of me because some of my relatives had died of consumption, although my father and mother were healthy. I grew up with only the ordinary diseases of all children, but about two years ago I contracted a severe cold, which would not yield to such home-treatment as was handy. Doctors were tried, but after three months of this treatment I was only worse. Then I was advised to try Dr. Pierce's Golden Medical Discovery, and am glad to say that three bottles not only cured me of the cold and cough, but made me feel better than I ever had before. I will always have a bottle of this medicine in the house."

These tiny, sugar-coated antibilious granules regulate and invigorate Stomach, Liver and Bowels. Do not forget the "pill bath," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried, it is always in favor. Put up in vials, always fresh and reliable.

One Dollar Saved Represents Ten Dollars Earned. The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Graham & Wortham.
