## AMERICANS SLAYN

INFURIATED MINERS USE BULLETS AND DYNAMITE.

Threat to Exterminate American Colony at Greene's Mines at Cananea—Survivors Standing Siege—Troops Hurry to Rescue.

Naco, Ariz. June 1.—Forty-five Americans and Mexicans were killed to-day at Cananea, 40 miles south of here, where is located the great copper camp of Col. W. C. Greene. The camp is on fire, and it is reported that the Mexicans are defying all authority. They are reported to be using dynamite in blowing up the great smelters and mills owned by the Greene company.

The trouble arose at Cananea over the demand of the Mexicans for an increase in wages from \$3.50 to \$5.00 per day. Parties who left there at 1.30 this afternoon said that Colonel Greene was addressing practically the entire population of the camp in an effort to pacify the excited Mexicans. However, between 4 and 5 o'clock this afternoon the Mexicans opened fire on the Americans, and 40 or more were killed.

Colonel Greene wired at once to Bisbee for all the armed men that could be sent to protect the Americans and their property at Cananea. The population of Cananea is 20,000, of which 5,000 are Americans. The family of Colonel Greene arrived here this afternoon, but the colonel remains with his property. The trains loaded with refugees are now on the way here from Cananea, and will go to Bisbee.

At 11:30 tonight a train load of refugees arrived here from the scene of the trouble and confirmed the stories received earlier in the evening. It is known that at least a dozen Americans have been killed, and 40 or 50 Mexicans. George Metcalf, who was in charge of the large lumber business of the Greene company, was one of the first men to be killed.

At the lumber yard a large fire hose was brought out and, as the Mexicans approached the office, water was turned on them. At the same time Metcalf advanced on the crowd with a rifle. The Mexicans closed on him, took the gun from his hands and beat him to death with it. William Metcalf rushed to the rescue of his uncle, and was shot by the Mexicans.

After killing the two Metcalfs, the Mexicans rushed into the office and lumber yard and set fire to both, causing the destruction of property valued at \$250,000. The general office of the Greene company was also burned. They then left the lumber yard and dynamited a powder house near the Sonora hotel for the purpose of securing arms and ammunition.

Here the Mexican police attacked the mob, and a fierce battle ensued, several officers and a dozen strikers being killed.

A train carrying 100 men left here for Cananea. Twenty-five armed men came down from Bisbee and are guarding the American line here. There has been fighting between this party and Mexican customs officials.

The party started to cross the line half a mile below Naco and was fired on by Mexicans in ambush. One man named Buckner was shot through the arm and several are missing. Shots are frequently heard, and it is feared that others may be killed or hurt. It is not known whether any of the ambushed Mexicans are killed or not.

When the last train left Cananea Colonel Greene's residence was being barricaded and all the remaining Americans were gathering there and arming for defense. The Presbyterian church, which is near the Greene residence, is also filled with people and barricaded. The Americans are said to be seriously handicapped for lack of ammunition.

The number of striking Mexicans is estimated at 5,000, and they were making threats against all Americans when the last train pulled out from the camp. There are from 50 to 75 Mexican police in Cananea, and they are doing what they can to quell the disturbance. Urgent measures have been sent to Washington for assistance. It is said that United States Con-

sul Galbraith wired to the state department that his life and those of all Americans in the camp are in danger. Colonel Greene has telephoned for every available armed man that can be secured at Bisbee and Douglas.

While the crowd was gathering this afternoon Colonel Greene rode down the crowded streets in his automobile and told the men that he could not accede to their demands.

There is grave fear that an attempt will be made to destroy the great reduction plant of the Greene company at Cananea, which cost millions of dollars. It would require many millions to replace it.

## THE ELECTION.

It Passed off Quietly—Several Close Contests—Governor, in Doubt.

Yesterday's voting resulted in the election of the republican state ticket with the exception of governor which is in doubt, and with the chances said to be in favor of Chamberlain. It also resulted in the defeat of the proposed local option amendment, known otherwise as the Jayne bill. The equal rights amendment was also snowed under by a considerable majority. Linn county went dry by a majority of 400, Lane county went the same way, and so did Lincoln county, as well as Benton, the latter by a diminished majority over that of two years ago. Independence also went dry, but Polk county continued wet by a majority of 200.

In Benton county, A. J. Johnson was elected senator. V. A. Carter, representative, E. Woodward, judge, George Smith, commissioner, Telt Burnett, sheriff, Emery Newton, recorder, W. A. Buchanan, treasurer, Thomas Jones, surveyor, and S. N. Wilkins, coroner. Woodward's plurality over Wilson is 14 votes. It is not likely that the official count will change the result. Burnett's majority is 84, and Vincent's 85. The vote in Soap Creek precinct on commissioner was, Dodele, 67, Smith 7. W. A. Buchanan's plurality is 137 and Newton's over Hall is 191. Smith was elected over Dodele by a large majority, the figures of which are not known. Dr. Withycombe carried the county by 305, Hawley, 200, and Bourne 180. The county went dry by a plurality of 100 to 150, and the local option amendment was defeated by a much larger vote. All the above figures were received by telephone and of course subject to change by the official count. The official canvass of the returns will be made tomorrow.
