DIED SUDDENLY OF HEART DISEASE.
 How frequently does a head line similar to the above greet us in the newspapers. The rush, push and stress of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.
 Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the United States Dispensatory, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or *Collinsonia Can.*, Prof. Wm. C. Paine, author of Paine's Epitome of Medicine, says:
 "I not long since had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up stairs. He however, gradually recovered under the influence of Collinsonia (medicinal principle extracted from Stone root), and is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dangerous a malady. With them it was all guess-work, and it fearfully warned the afflicted that death was near at hand. Collinsonia unquestionably affords relief in such cases, and in most instances effects a cure."
 Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence."
 "Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels, and curing catarrhal affections in all parts of the system.

Treasury Lyman J. Gage, aged 42, shot and killed himself after a protracted debauch yesterday in the Tourist hotel. He had registered under an assumed name.

Rochester, July 28.—Charles Francis, a farmer near Medina, is using a patent cow-milker, operated by electricity transmitted from a power plant five miles away. The Ontario Company has completed a power cable from Niagara Falls to Sayacuse, 150 miles, and by its charter must furnish current along the route. Farmers, particularly dairymen, are making great plans for using the current for all kinds of farm work. That Niagara Falls will be milking the cows between the Falls and Syracuse is no idle dream.
 Farmer Francis is an ardent advocate of the electric cow-milker, for a boy of fifteen milks his 32 cows in less than five minutes, even the irascible kickers. Mere manual labor would for this same work require four men two hours, not counting the kicking cows, the flaying, the switching tails and other drawbacks.

Portland, Aug. 4.—Portland Journal: A year on McNeil's Island is in store for Willard N. Jones, prince of good fellows. That was part of the sentence passed upon him this morning by Judge Hunt of the federal court; the rest was a fine of \$2,000. Thaddeus Stevens Potter, accomplice of Jones, but looked upon as a man who was led, fared much better. His punishment is six months in the county jail and a fine of \$500.
 The crime for which Jones and Potter were convicted was conspiracy to defraud the government out of lands in the Siletz Indian reservation. This reservation, containing much fine timber land, was thrown open solely for homestead entries. Jones, who was a timber cruiser with an ambition to spend money with both hands, originated a scheme to make money out of illegal homestead entries.

Des Moines, Aug. 4.—From Fond du Lac, Pocahontas county, today came Charles Lockhart and Mrs. Jennie Griggs with the purpose of getting married. The prospective bridegroom is 19 and the blushing bride will be 59 next month.
 After looking at the couple for a full moment, Judge Zael G. Roe, in whose office they appeared to have the ceremony performed, thundered: "Woman, take that marriage license back to the court house. It is a set of adoption papers you want."
 Not in the least perturbed, the woman said: "Judge, perhaps that would be best."
 After a consultation with the young man by her side, she thanked the judge for his advice and said she would get the papers, take Charles home and see that he got a good start in life.

Marshfield, Aug. 4.—Miss Galbreth, a school teacher, and the Misses Hilda and Margaret Sawyer were drowned in South Coos River near Alleghany today. The young ladies were bathing and Miss Galbreth, who could not swim, got into deep water and cried for help. Several men were standing on the bank but none offered to help the young woman, so Mrs. Hilda Sawyer went to her rescue but could do nothing with the drowning girl. Then Miss Margaret Sawyer went to the assistance of the girls and gave up her life in a vain endeavor to lend them aid. Miss Galbreth is from Prairie City, Oregon.

Portland, Aug. 4.—The jury in Judge Hunt's United States circuit court tonight returned a verdict of guilty in the case of Hamilton H. Hendricks, indicted February 8, 1905, in connection with the alleged land frauds in this state. Specifically the defendant was charged with violation of section 5393, revised statutes, with suborning Geo. W. Hawk to commit perjury in giving testimony before the federal grand jury in connection with Hawk's homestead entry, and accusing him of a similar offense in the matter of the homestead entry of Clyde Brown. The jury made no recommendations. The jury was out but a few minutes, the verdict being arrived at on the first ballot.
