—Fall millinery opening at Barclay & Barclay's on Thursday, Friday and Saturday.

—W. Lair Thompson of Albany, and Miss Elsie Hobbs of Eugene, were married Wednesday evening at the home of the bride's parents. The Albany Herald says: The wedding last night was the result of a happy college friendship, begun when Mr. Thompson and Miss Hobbs were students at McMinnville College.

—Coach Norcross, who has been hired at O. A. C., is not to arrive for two or three days yet. A telegram was received from him Thursday night announcing that he had not been able as yet to leave Helena. Later information seems to indicate that he will be peculiarly fitted for his duties at O. A. C. He played one year as end at Michigan, and another as halfback. Last year he was captain and quarterback, in which capacity he directed the movements of the team entirely. He also assisted Yost in the coaching.

—The origin of the typhoid fever cases north of town continues to be uncertain. The patients there are all convalescent. George Brown who has been ill with the disease for five weeks, was able to be out of bed for the first time two days ago. George Reed in the same neighborhood, after a six weeks' siege, left the house yesterday for the first time. W. L. Reed, the father of George Reed, has been up for a couple of weeks but is still very weak. In Corvallis there is a case of the disease. It is Elmer Taylor. He is at the home of Mrs. Greer, not far from the C. & E. station. He contracted the malady while nursing his brother, Walter Taylor at Bellfountain. Walter Taylor got it while out with a thrasher. His attack was very violent, and for a time his recovery was considered doubtful, but he is now much improved.

#### HIS SUDDEN DEATH.

**John McGee Expired While Sitting in a Buggy—The Funeral Arrangements.**

Sitting in his buggy yesterday and without warning of any kind of his impending fate, John McGee, a well known citizen of Benton county for many years past, suddenly expired. He was enroute to town at the time with Mr. Gill who is employed by Mr. Tunison. McGee was at the mail box on the state road when Gill came along, and there he entered the buggy. While crossing Marys river bridge, McGee suddenly leaned heavily against Gill and dropped his head on the latter's shoulder. Realizing that the ailment of his passenger was of serious character, Gill drove hastily down town, stopping in front of Graham & Wells' drug store. There McGee's eyes rolled wildly as if in the agonies of death, and he passed away. He was driven thence to Wilkin's undertaking rooms and Dr. Farra was summoned. He was too late, for by this time, the heart had ceased to beat and John McGee was no more.

The arrangements for the funeral were not complete at 2:30 this afternoon. Mrs. McGee at the time of her husband's death, was visiting in Colfax, Washington. A married daughter, Mrs. Winkle, resides near there. The arrival of Mrs. McGee was expected this afternoon, and it was believed that the funeral will occur tomorrow afternoon. The service will be conducted by Rev. Father Lane of Albany.

The deceased was 73 years of age. He had resided for many years in Benton county. Besides those mentioned above, the surviving members of the family are, John, Frank and W. A. McGee, sons, and Mrs. Witham, daughter, all of this county.

When he came to the mail box yesterday morning, Mr. McGee met and talked with James Cain. To him he complained of not feeling well. Cain invited him to accompany him to town, but Mr. McGee declined. A few minutes later when Gill was passing, he was feeling so ill that he determined to come to town, and he entered the buggy in what proved to be his last ride.

Watch this paper for the Ad. of Rogoway's New and Second Hand Store.

### SHE SWALLOWED POISON.

**In an Effort to end her Life—Doctors Arrived in Time to Thwart her Plan.**

Mrs. James K. Berry, wife of the chief of the Corvallis fire department, attempted to commit suicide yesterday afternoon, in a room at the Occidental Hotel. She attempted to take carbolic acid, but before she could carry out her purpose, the bottle was wrenched from her hand by her husband who was in the room at the time. Persisting further in her design, she swallowed three antiseptic tablets, known to druggists as bi-chloride of mercury. The dose would have been more than enough to kill, but Mr. Berry summoned medical assistance quickly, and after three hours' hard work by Drs. Cathey and Farra, the life of the woman was saved, and she is now understood to be out of danger.

Family difficulties are understood to be at the bottom of Mrs. Berry's action. She and her husband were married two or three years ago, and resided in the western part of town. During the early summer Mrs. Berry went to Salem, and was absent for a considerable time. At the time there were rumors that she was not to return. She did, however, come back, and while stopping at the Occidental Hotel was the subject of a sensational fracas. After that she returned to Salem leaving her child in the custody of her husband, by whom it has been kept at O. V. Hurt's. Last Monday Mrs. Berry returned to Corvallis and took quarters at the Occidental. Her husband was then in Seattle as a witness in the Esther Mitchell and Maud Hurt sanity inquiry. He returned Tuesday, and the attempt at suicide by the wife, transpired two days later. His friends assert that Mr. and Mrs. Berry have now adjusted their difficulties and that they will hereafter live together.

### RETURNED CERTIFIED CHECK.

**To Contractor—Rumor That Proposed Woman's Building is not to be Built This Year.**

The proposed new Woman's building at the college is in a state of innocuous desuetude, if not total collapse. Wherein the secretary of state and the building committee differed on the subject of how the appropriation could be expended was recently related in the TIMES. A recent opinion by the attorney general coincided with the view of the secretary of state. It was to the effect that the whole of the \$65,000 appropriation could not be used for the Woman's building. As stated by President Weatherford, only about \$50,000 of the sum can be used for that purpose and the balance must be used for a drillshed. To the \$50,000, the sum of \$10,000 from the regular college funds was set aside for the use of the building committee, making \$60,000 in all. As planned however, the building was to cost about \$69,000, and while it is not certainly known, it is believed that the committee has abandoned the plan of building with the present appropriation, as the certified check put up by Mr. Snook, who secured the contract, was sent for yesterday by the architect, for the purpose of returning it to Mr. Snook.

**Good and Extra Good Boys School Suits at Nolan's.**

**House to House Canvass.** Representatives of the Pacific States Telephone and Telegraph Company have started a house to house canvass among the farmers of this county, offering an extremely low rental for instruments to be used in connection with the central offices of the Company throughout the county.

For \$0.87 1/2 cents a month the subscriber is given free switching with all other subscribers connecting with his central exchange. Under this rate it would appear that no rural resident need be without a telephone and its attendant advantages, especially as every assurance is given of prompt and efficient service.

Mr. G. B. Hibbard is in charge of the canvass in this county and he states that he may be seen at the central office of the Company in Albany, or will visit any community or organization of farmers interested in telephone matters.

LEAVE order for piano tuning at Fisher's store.

Have you used the Economy fruit jar? If not, see those at Zierolf's and you will understand why so many housewives are using them.
