—Another big prize has been contributed for next year's Benton County fair. It came as a surprise to superintendent Denman. It is from the Butzer Seed Company of Portland and is as follows: Seeds to the amount of 2,500 packages will be furnished for growing product for the fair. This is equivalent to a gift of \$125. In addition a cash prize of \$1 each for the best display of flowers, \$1 for the best display of vegetables and \$5 for the person winning the greatest number of prizes for products grown from Butzer's seeds. Brooks & Sons, nurserymen at Carlton, Oregon has contributed two prizes of \$5 each in nursery stock, as follows, walnut, English, black or Japanese, or ornamental shrubbery or berries. —Karl Steiwer, a graduate of O. A. C. with the class of '05, is reported to have received his appointment as a lieutenant in the Philippine constabulary. He was recommended for the position along with others by Lieut. Quinan about a year ago. His recommendation was submitted to the department at the same time with that of Floyd Williams, who went to the Philippines as an officer of the constabulary last January. The appointment came from the fact of graduation from O. A. C. the military training being in part the reason for the appointment.

—If the Willamette river were made free by purchase of the locks at Oregon City or by the building of new ones by the government a cent and a half a bushel would be added to the price of wheat grown in Benton county. Proportionate amounts would be added to the price of every other product grown by the farmer. It would mean the distribution of \$100,000 to \$200,000 a year among the farmers of the valley. Why do not the farmers of the county hold meetings and protest against continuance of the condition and petition for redress. New locks at Oregon City can be built for \$500,000.

—Dr. Charles Lee, who has been for twenty odd years a medical practitioner in Corvallis, was buried yesterday in Crystal Lake cemetery. The funeral occurred from the residence, and was under the auspices of the Masonic fraternity. The service was conducted by Dr. Thompson, and was attended by many neighbors and friends of the deceased. There were floral offerings in profusion. Dr. Lee died of heart disease, after an illness but of a few days and his passing fell as a surprise on the community. He was born at Hill-boro, Ohio, in June, 1850. He was graduated from Miami medical college with the degree of M. D. in 1877. He practiced his profession at New Paltz, Ohio, until 1884 when he came to Oregon, settling at Corvallis. After a year he returned to Ohio, but after a few months residence there, he returned to Oregon and began practice at Newport, returning later to Corvallis where he has since resided. He was united in marriage in 1886 to Miss Etta Foster, by whom he is survived.

lice court and sentenced by Judge Cameron to serve 270 days at the county rockpile, he remembered what he had read of the pure fresh air, the sweet babbling Bull Run water and the smell of the pines being free to all prisoners at the county's good roads institute.

Visions of heroic deeds in tearing away the face of the 80-foot bluff at the quarry, establishing a record for the amount of rock taken out that would be the envy of all succeeding generations of rockpile prisoners and the accumulation of mighty brawn that would make the work of earning a living seem child's play, flitted athwart the mental vision of Royal as he listened to Judge Cameron's voice pronouncing a nine months' benediction upon him; and he lifted his head, threw back his shoulders and was glad for the kind thoughtfulness of the county court.

On October 2 Royal went to the rockpile. For two weeks he sweated and struggled, and tried to make himself believe he was having a good time. Then he concluded he was not and sent for his attorney and directed him to appeal to the circuit court and learn if there were not some flaw in the proceedings of the police court. The appeal was filed October 19 and Royal was brought back from the rockpile to the jail at the court house to await trial.

The case was called in the circuit court this morning, but because the complaining witness is in Eastern Oregon the trial was continued until a week from tomorrow. Royal is thus assured of at least seven days more away from the rockpile.

Tacoma, Wash., Nov. 14.—John De Lewis, a negro of Puyallup and Mary Jane Lewis, his wife, who is a white woman, are in the county jail here and information has been placed in the hands of the prosecuting attorney which may send both of them to the penitentiary. People of Puyallup have been on the verge of mobbing the negro and he is probably safer in jail than he would be if given his liberty.

Merely to hold Lewis until he can be prosecuted on graver charges he was taken into custody yesterday charged with inciting the white children of his wife by a former husband to stealing potatoes. These children are a girl between 13 and 14 years old, and two smaller girls. The girls ran away from home and sought refuge in the home of a white family of Puyallup. The oldest girl there made disclosures and the negro's arrest followed.

Assistant Prosecuting Attorney Gallagher went to Puyallup last evening and secured information making the case one of the worst, he declares, that has come under his observation. The older girl, upon whom a surgical operation has recently been performed, is in a precarious condition. The negro is accused of revolting practices. Human officer Brown has taken the children in charge.

The mother of the children will be held during the forthcoming trial by Attorney Gallagher as accessory before the fact. She is declared by the people of Puyallup to be as perverted in nature as her negro husband.
