## ASTORIA SUNDAY MARKETFOOD COURT AND OPERATION PROVIDERS

It takes a lot of work to get the Market and its Food Court ready. The crew generally starts at 6:30 am. We are pleased to continue a great relationship with Coast Rehabilitation Services.

CRS is a 501 ( c ) 3 designated non-profit organization providing residential, employment, and day support to people with developmental disabilities. CRS has provided support to people with disabilities since 1974, offering employment related support for 63 individuals with disabilities in Clatsop County. The employment support is designed to help people gain work skills in order to become gainfully employed in the community. Currently, CRS provides training janitorial services, paper shredding, and commercial window cleaning and lawn maintenance. Coast also supports individuals who are already gainfully employed in the community but require some minimal support in order to maintain their jobs. Recently, CRS has begun working with Seaside High School on assessing job skills for individuals, transitioning from high school to jobs in the community.

CRS employs over 300 staff between two counties to deliver the array of services. The staff bring a variety of backgrounds and experience to CRS. All staff receive initial training prior to being allowed to work unassisted with any individuals.

CRS firmly believes that everyone has a choice in deciding where and with whom they live, work and play. CRS encourages each of the people the organization supports to actively participate in creating a life of their choosing in the community of their choice.
