Bridge, road work could delay traffic

The Daily Astorian

Next week the Oregon Department of Transportation continues work on the Astoria Bridge. The project involves recoating the steel above the bridge deck on the southern side of the Columbia River bridge along U.S. 101 north of Astoria.

The scheduled work includes prepping and painting the steel above the bridge deck along with miscellaneous touch-up painting throughout the bridge structure. Flaggers control single-lane traffic. Lane delays of up to 20 minutes are allowed any time on weekdays and weekends.

At Manzanita Avenue on U.S. Highway 101 (milepost 43.00 to 43.34), ODOT is replacing an existing culvert

at Neahkahnie Creek with a tunnel structure, enhancing of the stream bed, and relocating and improving the highway alignment. Also, turning lane movements into downtown Manzanita are being enhanced.

Work includes installation of temporary shoring. Minor delays can be expected when flaggers need to occasionally control single-lane traffic.

Bridge rehabilitation work is being performed at both the Old Youngs Bay and Lewis & Clark River bridges along U.S. Highway 101 Business (mileposts 4.78 and 6.89).

Work includes reconstruction of the Lewis & Clark River Bridge, which is now closed until Sept. 4 to facilitate construction activities. A detour route is currently

designated with signing.

Scheduled work at the Old Youngs Bay Bridge includes rehabilitation of the electrical and mechanical systems. Minor delays can be expected when flaggers need to occasionally control single-lane traffic. Curb installation is being performed along Oregon Highway 104 (Fort Stevens Highway) in Warrenton between S.W. Third Street and S.W. Ninth Street.

Work includes installation of pavement markings. When flaggers need to occasionally control single-lane traffic, minor delays can be expected.

The Oregon State Police enforces the speed limit through the work zone areas.
