MAIDEN ASTORIA is a Makers Gallery focusing on Local and Regional made goods, located in Astoria, Oregon.

We offer a carefully chosen selection of hand crafted art and small batch goods focusing predominantly on regional & local Artisans in the Pacific Northwest.

Owned by Staci Daniels and Sara Knighton, the love for fiber and handmade is what brought them together. Each offer their own strengths in design, fiber and functional art. Maiden Astoria's primary mission is to highlight our super-talented community of makers in the PNW.

Our space is light and airy and is brought to life by our makers. Stop by our little makers gallery in downtown Astoria, we would love to share our artist and makers stories with you.

Don and Wendy West and relatives Marshall and Patty Doyle purchased the Crest Motel in July of 2014, renamed it the Astoria Crest Motel and immediately began renovations. Don and Wendy have lived in Astoria since 2005 and Don has over 35 years of hotel experience. Marshall is a businessman who travels between Astoria and Portland. "When we had the opportunity to buy this historic property, we took a leap of faith and jumped. We knew the Crest had been open since the 50's and that it would require some work. We also knew that it had a spectacular location and a unique history tied directly to the Lewis & Clark expedition. We actually have the only privately held state historical marker about the Journey of Discovery because Lewis & Clark spent five nights on our site while searching for what would eventually become Fort Clatsop."

The West's and Doyle's are proud of their updated renovations (in spite of the many infrastructure challenges which go hand in hand with older properties). They are now being rewarded for their efforts as returning guests walk into the just finished lobby in amazement to see "Epic Views of History" in a brand new big-picture-window panoramic way.

Lawrence & Lawrence Law P.C. opened its doors in 2014 with the goal of providing sound, valuable counsel to our clients. We believe in a principled, client-centered approach to the practice of law that puts your needs and goals first, and we are proud to be a part of the beautiful, vibrant Clatsop County community.

Sweet Relief Natural Medicine was founded early 2014 and was Astoria's 1st licensed Legal facility. Our mission is to provide Oregon Medical Marijuana Patients with a Professional establishment to acquire Pure, Tested, Quality medicine. We have a dedicated staff that has a desire to help others and a passion for this wonderful, natural medicine. We have a wide variety of strains, edibles, topicals, and concentrates of the highest quality. There is no door fee, membership, or extra expenses; ever! We respect the fact that it is an expensive and time consuming process to get access to your medication and strive to keep everything as affordable as possible.

Red Dwarf Graphx has been in business since 1979, and in Astoria for 3 years!

Sign, Print, Design...we take your concept and provide everything from logo design to finished sign or print product.

Owners: Tim & Danielle Wing

Obsessed, that is what some might say. But we prefer to think of it as a passion. A passion for cars & trucks. And it is this passion that motivates and compels us. The old expression "anything worth doing is worth doing right" is more than just a half hearted slogan in our shop. It is the guideline by which we operate.

In the mid 1950's 12th Avenue Ridgefield was owned by Harry Wing (father) & Richard Wing (son) this was my Great grandpa & Grandfather. Its amazing almost 60 years later I am doing business in the same building.

Guy Williams of Seaside Muffler & Radiator purchased in 1989 and has been know for 22 years of his excellent services, quality of work, & 100% customer satisfaction guarantee.

In 2009 Mr. Williams approached Tim to take over his shop.

Seaside Muffler & Off Road began as the result of friends & family who

were aware of Tim's background insisting on him building up their trucks. This inadvertently became a full time job as word of mouth spread. We pride ourselves on staying on top of all the latest trends and components in order to offer our customers the best possible service and product knowledge. We will continue the same quality of work & 100% customer satisfaction guarantee as Mr. Williams had.

Tim has always strived to build a custom, clean, one of a kind vehicles in every aspect. Every year he has customized his personal vehicles to the point that he gets bored, & ends up selling the truck and building another. Over the years Tim has expanded his knowledge in Diesel mechanics &

performance, & has since built many custom diesel powered pickups including the 2013, 2014, & this years 2015 SEMA car show in Las Vegas. We thank everyone in our community for your business and support.
