

NATIONAL Business Women's DAY

Sept.22

“Courage doesn’t always roar. Sometimes courage is the quiet voice at the end of the day saying, “I will try again tomorrow.”
– Mary Anne Radmacher

"I think there should be more women entrepreneurs! It takes courage, stamina, brilliance and a lot of luck. Customer service, inventory, marketing and store appeal are a few of the responsibilities of any small business. I applaud the spirit of Astoria, and Old Town Framing thanks all of our customers and supporters!"

Shela Pierce

OWNER, J&S APPLIANCE

Jim and Shela Pierce purchased their business in 1984 from Joe Nerenberg, owner of Hildebrand Furniture. For several years it was just Shela and Jim. Shela did everything from sales to repairing appliances, ordering parts, keeping the books. To say the least she was very busy!

In May, 1990 J&S moved to 1442 Commercial, Astoria to expand their sales floor, providing reconditioned appliances with handy street-level access to customers. Later, the new building was built in Warrenton. Shela oversaw the construction of that building and later, their new house where she would eventually set up a home office.

Customer Service is a belief practiced at J&S. Jim & Shela Pierce along with a friendly, knowledgeable sales staff, factory-trained appliance and refrigeration technicians continue to offer reliable, reputable service since first opening their doors for business. The J&S staff has more than 100 years of combined experience and still has a great reputation for "Going The Extra Mile" to achieve customer satisfaction every day.

Come and visit the North Coast's premiere store with 14,000 square feet filled with appliances, dining and living room sets, mattresses, bedroom furniture and recliners, accessories and more. Stroll around J&S, visit the constantly changing room settings. Order custom furnishings. Take your item with you or have it delivered, FREE.

As usual, J&S will continue to donate traded-in used furniture to charity when possible.

Janiece Zauner, MSN, RN, chief operating officer and chief nursing officer for Providence Seaside Hospital

Janiece Zauner has held many roles since starting work with Providence in 1992. She has served as a nurse manager, business and project manager at Providence Portland Medical Center, and as regional director for clinical operations, before taking on her current role at Providence Seaside this month. She has a proven track record of driving excellence in patient care and relationships.

While at Providence Portland, Zauner played a crucial part in the implementation and roll-out of the Releasing Time to Care project, in collaboration with Care Oregon and several other local hospitals. This work was based on similar work in the British National Health System, making Providence Portland one of several best-practice facilities in the U.S. in improving patient care and clinical outcomes.

Zauner holds a Master of Science in nursing, is a member of *Sigma Theta Tau*, the National Honor Society for Nursing and is board certified as a nurse executive.

Providence welcomes Janiece and her husband to the north coast!
