All proceeds will go to *Called To Rescue*, an organization that fights human trafficking

Please license your dog okay?

If you love me, license me!

WHY?
There once was a dog named Jack
A dog license he did lack
When too far he did roam and as
His home was not known...
To his family he never got back.

Actually, this dog's name is "Milo." A beagle, he's at the Shelter right now, waiting patiently for a loving "forever" home.
