Funeral & Cremation Services

*Compassionate and Caring Service to all
Environmentally - Friendly Products*

Biodegradable and Eco-Friendly Sand Urns

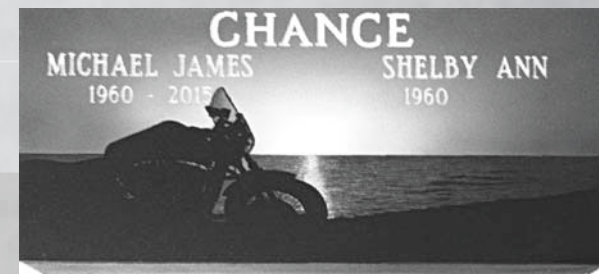

are produced with a vegetable-based gelatin. When buried in the ground, the urn will biodegrade within three months. Once placed in water, the urn will sink within 5 minutes and break down within three days.

Scattering Tubes

contain no metal or plastic components and can be recycled or composted after use. Suitable for airline transportation.

Custom Headstones
