Fortune Cookie

Strain- Sativa

Strain Highlights- Fortune Cookies is a hybrid cannabis strain that combines the famed genetics of Girl Scout Cookies and OG Kush in a potent mix of earthy, honeyed flavors. OG Kush genes are already present in Girl Scout Cookies, but Fortune Cookies has pronounced characteristics that OG fans will appreciate. Sativa genetics usually lead the way with Fortune Cookies, inducing a soaring, long-lasting buzz perfect for creative escapes. This hybrid can hit hard in larger doses, pushing past the confines of a subtle buzz into the weighty "couch-lock" effects typically associated with indica strains.

Mango Haze

Strain- Sativa

Strain Highlights- Mango Haze is a mostly sativa strain bred by Mr. Nice Seeds, who crossed Northern Lights #5, Skunk, and Haze to create this uplifting, fruity variety. Though similar to its sibling strain Super Silver Haze, Mango Haze exhibits a distinctive mango aroma coupled with a buzzing cerebral sensation.

Headband

Strain- Hybrid

Strain Highlights- Meet Headband, the love-child of cannabis' power couple, OG Kush and Sour Diesel. The smooth, creamy smoke is accented by flavors of lemons and diesel while the long-lasting effects are great for pain relief, helping you to relax, and to combat elevated stress levels. Many report that the effects create a slight pressure around the crown of their head and feels as though they are wearing a headband. The effects have been known to come on slow, so pace yourself with this potent hybrid.
