## WELWater Chem Valley Kush

*Sativa-leaning Hybrid*

Strain Highlights - Even though Chem Valley Kush is cross between a hybrid strain (Chemdawg) and an indica strain (SFV OG Kush) CVK is a sativa-driven experience that leaves the user euphoric and relaxed, but also infused with energy. This earthy, woody strain can help to settle your stomach and kick-start your appetite, while it also takes away your pain. CVK hits hard and fast, so you might need to re-take after an hour or so to maintain your blissful state.
