We're Here for You

Our compassionate and committed staff are proud to be of service by delivering high quality, patient-centered medical care to the community we live in. Thank you for choosing Ocean Beach Hospital and Medical Clinics to meet your healthcare needs, and for partnering with us to build a healthy community.

We're here... with round the clock emergency care, general and orthopedic surgery, oncology, diabetic services and family medicine.

We're here to serve... our community and every day we reach out with excellence, partnership, integrity and compassion in order to care for those who need us most.

We're here for you... offering programs, treatment, and the personal attention you'd expect from a community hospital. We deliver compassionate care when you need it most.

Our experienced practitioners are committed to providing high quality medical services, while helping patients feel cared for as individuals in their own hometown.
