

# ASTORIA RESCUE MISSION 30 YEAR ANNIVERSARY

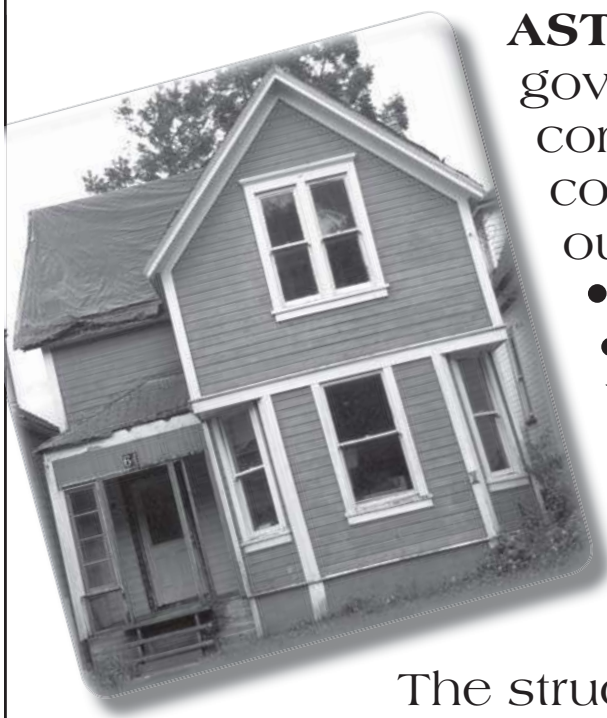

The **ASTORIA RESCUE MISSION** has been providing for the homeless, helpless and hopeless in our community for **THIRTY YEARS**.

Services have included lodging, food, shower facilities, laundry service, clothing, personal care items, a family atmosphere, educational assistance, job training, life skills training, marriage counseling and addiction resolution.

- Numerous lives have been saved
- Health of many has been regained
- Families have been reunited
- Relationships have been restored

**ASTORIA RESCUE MISSION** receives virtually no government funding and relies on the generous contributions of its financial supporters who have compassion on the needy children, women and men in our community at:

- **The Men's Mission – 62 West Bond Street**
- **The Women's Mission (House of Hope) – 70 West Bond Street**
- **And the planned addition of the FUTURE ARM Family Mission – 64 West Bond Street, which has been DONATED to the Mission for that purpose**

The structure is in deplorable condition, needing removal and replacement of its roof and complete renovation of the interior as well as improvements of its exterior. Funds are not currently sufficient for the renovation and are urgently needed to care for homeless families. Your generous contributions will be appreciated.

**SPECIAL THANKS** to our local contributors to this ad and for their continuing support of the **ASTORIA RESCUE MISSION**, a 501 c 3 non-profit charitable organization.
