

Bikes continue to sell because they offer excellent value and save money -- along with the many health benefits that come from regular riding. More people are leaving the car parked and rolling on two wheels whenever they can.

Bikes and Beyond has been matching cyclists with the right bike for their riding style for **27 years** and we're still at it. From mountain bikes, to road bikes, fat tire bikes, hybrids, BMX, beach cruisers, comfort fitness bikes, trikes for adults, cargo bikes to bikes for kids. Come see the selection. we're here to help you get the right bike and the right fit.

And whether your new bike needs its first adjustment or a beloved old steed needs something more extensive, our trained mechanics will do the job.

UNIVERSAL VIDEO

In October 1983, brothers Steve and Jim Haugen opened Universal Video with 400 square feet and 175 movies. In 1984 they began moving more video's into the adjoining business, formerly known as George Bee's discount Books, then slowly but surely their business grew into what they have today. The Universal showroom is an enormous 3000 square feet, housing 25,000+ titles, with an extensive special DVD section. You can find videos dating back to 1915, the Birth of a Nation, in black and white to new releases. You know immediately when you walk into this video store why it is so successful... Steve and Jim always have a smile on their face, a warm hello and ask, may I help you?

Homespun Quilts

Homespun Quilts celebrates its eleventh birthday. We are family owned, and the only shop on the coast to carry homespuns, (our namesake fabric), in addition to 100% cotton quilting fabric, patterns, notions, and books; we also have some wool.

We are the North Coast's exclusive Bernina Sewing Machine Dealer and we also repair all brands of sewing machines. Stop in and visit us at:

108 10th ST. - Astoria, OR (503) 325-3300
