

Sisters Olive and Nut Co.

Sisters Olive & Nut Co. was founded on two simple principles. First, treat every customer as though they were family, and, second, offer our customers the very best and most unique products they can find. A couple of months ago, Sisters Olive & Nut Co. had it's one year anniversary of doing business in Astoria. We are very proud to be a part of this wonderful community, and truly appreciate the local support we have received. If you have not yet come in to see us, we look forward to treating you with our impressive array of olives, a huge variety of flavored nuts, garlic in almost every form imaginable, as well as an excellent selection of "Made-In-Oregon" products including preserves, salsas, syrups, honey, sauces, and other condiments. Remember, you can have "Olive" it !!

Visit their new location at 1144 Commercial Street, Astoria.

Sweet Relief Natural Medicine was founded early 2014 and was Astoria's 1st licensed Legal facility. Our mission is to provide Oregon Medical Marijuana Patients with a Professional establishment to acquire Pure, Tested, Quality medicine. We have a dedicated staff that has a desire to help others and a passion for this wonderful, natural medicine. We have a wide variety of strains, edibles, topicals, and concentrates of the highest quality. There is no door fee, membership, or extra expenses; ever! We respect the fact that it is an expensive and time consuming process to get access to your medication and strive to keep everything as affordable as possible.

SEASIDE MUFFLER & OFF ROAD

Owners: Tim & Danielle Wing

Obsessed, that is what some might say. But we prefer to think of it as a passion. A passion for cars & trucks. And it is this passion that motivates and compels us. The old expression "anything worth doing is worth doing right" is more than just a half hearted slogan in our shop. It is the guideline by which we operate.

In the mid 1950's 12th Avenue Ridgefield was owned by Harry Wing (father) & Richard Wing (son) this was my Great grandpa & Grandfather.

Guy Williams of Seaside Muffler & Radiator purchased in 1989 and has been know for 22 years of his excellent services, quality of work, & 100% customer satisfaction guarantee.

In 2009 Mr. Williams approached Tim to take over his shop.

Seaside Muffler & Off Road began as the result of friends & family who were aware of Tim's background insisting on him building up their trucks. This inadvertently became a full time job as word of mouth spread. We pride ourselves on staying on top of all the latest trends and components in order to offer our customers the best possible service and product knowledge. We will continue the same quality of work & 100% customer satisfaction guarantee as Mr. Williams had.

Tim has always strived to build a custom, clean, one of a kind vehicles in every aspect. Every year he has customized his personal vehicles to the point that he gets bored, & ends up selling the truck and building another.

BOGH ELECTRIC

Tony Bogh, a born and raised Astorian, started working in the electrical trade in June of 1988 for local contractors. He started Bogh Electric in October of 2009. After a few years of working off of his dining room table, he became busy

enough to hire employees. Tony gives a significant amount of credit to his wife of 27 years, Jamie Bogh, who is not only the co-owner of their company, but is also very supportive of her husband's growing business.

To stay busy on the coast, Tony believes you need to be versatile and have nothing less than a team of all-stars, and speaks very highly of his employees. My team has the ability to perform all electrical services from low to high voltage, commercial and residential, and vintage to new build projects. "You're only as good as the people you surround yourself with, and I am very blessed to have the team I have here." Bogh Electric also installs LED lighting, and is a trade ally through Pacific Power for lighting Retro-fits.

One member of Bogh Electric, Jared Warner, is currently deployed. The team is looking forward to his return this fall, as he is a very important part of the Bogh Electric family.

Tony's mother, Jean Bogh, is also very active at her son's business on a daily basis. She is Tony's biggest fan, and has always been very supportive of her son.

Another member of the Bogh Electric team is Holly Pfohl, Tony's office manager. "Holly took me from sticky notes and napkins to a whole new level of organization." Holly assists with scheduling jobs, and keeping the business office running efficiently.

Tony feels honored that his phone rings daily, whether it be a new customer, or a referral received from a competitor. We strive to serve our customers with integrity and quality work. Tony believes his two most important assets are his customers, and taking care of the people that work with him. Everyone that works at Bogh Electric knows that to Tony, reputation is everything, and that he stands by his word.
