GOING TO THE DOGS

The Daily Astorian

In honor of National Dog Day today, The Daily Astorian put the call out for local pooch pictures. We fetched more 103 photos of pups and one ferret. • According to www.nationaldogday.com, the day celebrates all kinds of canines and works to promote the many dogs that need to be rescued. The day also honors family dogs and working dogs. • One thing is clear, dog pals on the Columbia-Pacific love their best friends. • Thanks to all those who played along. Now, go have a romp. See more photos on Pages 2C-5C
